Without question one of the triumphs of America in the Orient is the wonderful work that has been accomof this city. The text was the fourth plished there by the public school system during the ten years since its organization.

From a mere handful of pupils and an expenditure of a few thousand dollars in 1910 the system has developed until now it reaches into every town and nealy every village of the island, and last year instructed more than half a million boys and girls, and the Philippine government spent over three and a quarter million dollars of local revenue for education.

The services of over nine thousand American and Filipino teachers are employed in the various schools of the Islands as supervisors and class room teachers of the academic and technical subjects of the course of study. The University of Chicago sent Dr. Shepardson and Dr. Goode, two of its ablest and most successful extension lecturers, to Manila during the past vaside of God. Restored to Health by Lydia E. Pinkham's Vegetable Compound

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is, it would almost seem, to blame for her own wretchedness. Read what this woman says:

Richmond, Mo. - "When my second daughter was eighteen Richmond, Mo. — "When my second daughter was eighteen months old I was pronounced a hopeless invalid by specialists. I had a consultation of doctors and they said I had a severe case of ulceration. I was in bed for ten weeks, had sinking spells, and was pronounced to be in a dangerous condition. My father insisted that we try Lydia E. Pinkham's Vegetable Compound, and brought me six bottles. I soon began to improve, and before it had all been taken I was as well and strong as ever,—my friends hardly recognized me so great was the change."—Mrs. Woodson Branstetter, Richmond, Mo.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering. Read what another woman says:-

Jonesboro, Texas. —"I have used Lydia E. Pinkham's Vegeta-Jonesboro, Texas.—"I have used Lydia E. Pinkham's Vegetable Compound for myself and daughter, and consider it unequalled for all female diseases. I would not be without it for anything. I wish every mother in America could be persuaded to use it as there would be less suffering among our sex then. I am always glad to speak a word of praise for Lydia E. Pinkham's Vegetable Compound, and you are at liberty to use this testimonial."—Mrs. James T. Lawrence, Jonesboro, Texas. testimonial."—Mrs. James T. Lawrence, Jonesboro, Texas.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine.

Made exclusively from roots and herbs, and
has thousands of cures to its credit. If the slightest trouble appears which

you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.
