Wittmer First Man to Fly Over Charlotte - Aviator Talks Freely to Reporter— Flies in New York 1 omor- nerve. row Received \$500 Yesterday

The last edition of The News yesfight over the city of Aviator C. C. the fleet. Wittmer. Before the excitement over the notable event had subsided the public read of the exhibition in The

The News' bulletin told of the trial flights at the fair grounds at 12:15 and later at 2 o'clock. These were sufficient to enthuse the people at the grounds to a point of wild anticipation over the greater flight to come. The day was gray, and a mist resembling rain, was in the air. "He can not fly much today," said the crowd. Scarcely had the words been said when there was seen, by the people in town, a beautiful object sailing through the air, so high that there was no noise, only this beautiful thing passing over the city from a southeasterly to a northwest-erly direction. "Come, he's flying over the city!" was the exclamation of every one. Instantly the streets were swarming with people; the roofs of the skyscraper and other tall buildings were peopled as if by magic.

Thousands of people watched the man bird in his beautiful trip over the city, and excitement ran high. He sailed at an altitude of 2,000 feet, going as far as Seversville. They say 'Squire Henry Severs is still walking with his head up in the air.

Back over the city the man bird came, dropping like a piece of paper below the trees at the fair grounds and lighting on a perfect keel just where he started from.

So, yesterday, October 28th, 19119 becomes a memorable day in the history of Charlotte: the day when the first airship passed over the city, the aviator being C. C. Wittmer, of Chica-

Today--You Can Have it Free and Be Strong and Vigorous

I have in my possession a prescrip-tion for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and Pig iron, spiegel and ferro. .43.2 56.8

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man that any man anywhere who is weak and discouraged with repeated fail-ues may stop drugging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 810 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge \$3.00 to \$5.00 for merely writing out a prescription like this—but I send it entirely free.

Many Experiments With Road Binder

Chairman Long of The County Commissioners and Mr. D. P. Hutchison ror Charlotte Township are Testing Many Kinds of Binder for Roads.

The public is watching with interest the experiments that are being made at four different places in the county, all near the city, of a macadam binder, it being recognized as a fact everywhere that some material more lasting and less expensive than plain macadam must be brought into use if the county's prestige in the matter of good roads is to be kept up.

The county and city together are conducting experiments at present at where he was stopping. He was seen type of binder and the public, as well where he was stopping.
