Late News From State Capital

Special to The News.
Raleigh, Nov. 17.—The North Carolina supreme court was much divided in arriving at conclusions in the New Hanover county case of King vs. Atlantic Coast Line Railway Co., in which a new trial was granted to King in his suit that involves the relief department of the Coast Line against which the brotherhood of employees on other railroads have been largely lined up for some years with biennial fights before the North Carolina legislatures to break it up. The controlling opinion of the court holds that the department is a lawful organization with rules that may be void under certain circumstances. Justice Brown, in a concurring opinion, strongly upholds the relief department as purely beneficial to employees and his position is concurred in by Justice Walker. On the other hand Chief Justice Walter Clark declares in a special opinion filed by him that the department is a violation of law, an oppression of the employees of the railroad, a sham and a device whereby the employees are made to pay out of their wages all damages to an employee if injured, the railroad company escaping all liability. All five justices agree on the conclusion that King is entitled to new trial through error of the trial judge.

Davidson Scrubs De-feat Clemson Seconds

Special to The News.
Davidson, N. C., Nov. 17.—Davidson's "scrub" football team yesterday defeated the second team from Clemson College by the score of 21 to 5. This was one of the features of the fair which is being held at Orangeburg this week. This the first game of the season for the Scrubs and much satisfaction is felt on the campus at the result of the contest.
The scrub team always has the brunt to bear during the training season, having to undergo severe hammering at the hands of the Varsity in their efforts to get in training.
The Scrubs play Porter Military Academy at Charleston tomorrow. This team is being coached by "Red" Edger-ton, who has charge, also, of the Charleston College team.
The Varsity eleven leaves tomorrow for Columbia, S. C., where they play the team representing the University of South Carolina. This will be the last game until Thanksgiving, when Davidson and the University of Alabama meet on the gridiron for honors.

FIRE WHICH HAS BURNED SIX MONTHS EXTINGUISHED

Special to The News.
Statesville, N. C., Nov. 17.—A fire which has been burning for six months is at last thought to be extinguished. During the winter months of three years "Uncle" Ab Feimster, driver of the city garbage wagon, hauled trash to a gully in the hollow to the left of north Trade street, near the intersection of Stockton street, and last May the huge pile of rubbish was set on fire. The odor of burning trash was not pleasant and when residents of the vicinity complained several barrels of lime were thrown among the trash and in an effort to smother the fire the big trash pile was covered with dirt. But the fire continued to burn and as it ate away the trash the earth would cave in, and from the small openings in the earth the smoke rose with its objectionable odor.
When it was seen that the fire could not be smothered out a line of hose was run from the nearest hydrant and when an opening had been made gallons and gallons of water were allowed to pour in on the smoldering trash. When it appeared that everything in the vicinity was thoroughly soaked with water, the stream was cut off and more dirt was piled over the trash pile. After a few days smoke was again seen issuing through the dirt and rising toward the heavens in the manner of fog, but during the past few days the issue of smoke has decreased until nothing is now visible and it is believed the fire is out.

REAL ESTATE DEALS AT STATESVILLE.

Special to The News.
Statesville, N. C., Nov. 17.—Thirty-five lots on the northern edge of Statesville, a portion of the Hon. W. D. Turner property, were sold at an auction sale conducted by the Southern Land and Auction Company, of Asheville, Wednesday, and Mr. C. S. Holland was the final purchaser at \$2,401. The lots were first sold separately with the understanding that they would be offered as a whole at the conclusion of the sale, and the total amount of separate bids was \$3,258. The sale was conducted in a high-class manner and there were a number of free attractions in connection with it to draw the crowds.
A deal of unusual interest was consummated a day or two ago when the big Morrison building, corner Broad and Meeting streets, was sold by Messrs Eugene and William Morrison to Messrs. Henry and Emile Clarke, of Richmond, Va. The consideration was \$25,000. The Morrison wholesale company and other occupants of the building will continue business there as tenants, renting from the Messrs. Clarke. The purchasers of this handsome and valuable property are former residents of Statesville who find it profitable to invest their money here.

SURGEON'S KNIFE NEW OBESITY CURE.

Removes Twelve Pounds of Fat and Gives Woman a "Straight Front."
Philadelphia, Nov. 17.—Dr. W. Wayne Babcock at the Samaritan Hospital demonstrated the most up-to-date method of making a stout person slim and slyphlike, and allowing all women to glory in the straightest of "straight fronts" should they decree that such shall be the style. The technical name of the operation performed by Dr. Babcock for the edification of the surgeons attending the clinic is "resection of abdominal wall for obesity."
The patient was a woman. Twelve pounds of fat had been removed.
The operation itself seemed to be simple. Dr. Babcock said that with a
