

Government Wins Another Move In Meat Packers Case

Effort to Bring to Trial Nine Indicted Chicago Meat Packers Meeting With Success--Important Move Today.

Judge Kohlsaat Quashed Writ of Habeas Corpus Issued Several Days Ago--Attorneys Ask an Appeal.

By Associated Press. Chicago, Ill., Nov. 18.—The government won another move in its fight to bring to trial nine indicted Chicago meat packers when Judge Kohlsaat, of the United States circuit court, quashed a writ of habeas corpus issued several days ago.

Judge Kohlsaat held that the circuit court had no power to issue a writ of habeas corpus in the present case and that in the present case he will be in the present case an attempt to review the finding of the United States district court.

"The order of the court will be to quash the writ, remand the defendants to trial and surrender them to their sureties."

Levy Mayer, counsel for the packers, moved an appeal to the supreme court. "We pray an appeal and ask your honor to fix the amount of bail," said Attorney Mayer. "Under the law," said Attorney Shean, government counsel, "when a writ of habeas corpus is denied it is specifically provided that the respondent be remanded."

"Your honor's order to remand is void," said Mr. Mayer. "We shall find unless care be taken this question will be so snarled that there can be no adjudication."

Following the adjournment of court last night, government lawyers held a conference to decide on a plan of campaign in case the ruling should favor the packers. Certain comments of the court led government counsel to believe that the packers would gain their second point and they desired to be ready to make their next step the moment the decision was announced.

In this event district attorney James H. Wilkinson, it was expected would move for an immediate hearing on the question of constitutionality of the original provision of the Sherman anti-trust law.

BETTING EVENS UP ON TECH-GEORGIA GAME.

Atlanta, Nov. 18.—Betting is even in Atlanta this morning on the football game which takes place at Ponce de Leon field this afternoon between the University of Georgia and Georgia Tech.

A week ago the odds were decidedly in favor of Georgia, but local sentiment has changed. It is believed here that they are more evenly matched than any big teams which stand a prospect of meeting each other in the south this season.

It is estimated that fully 10,000 people will witness the contest. Both teams are the best that their respective institutions have put in their several years past, and both are admittedly well coached.

Auburn-Texas Game.

Austin, Texas, Nov. 18.—Ideal football weather prevails for the Auburn-Texas game here this afternoon. The Texas team was somewhat crippled by the absence of three men, Puetz, quarter back; M. Harold, left guard; and Niblo, full back, who are injured. The Auburn eleven after a light squall yesterday was in good shape for a hard game this afternoon.

Marshall Field, is heavy today, which is considerable an advantage for Chicago as the local team out-weighs Cornell seven pounds to the man.

Great Railroad Project Will Be Boost To Charlotte

Special to The News.

Raleigh, Nov. 18.—There is general gratification in Raleigh at the turn in railroad development that has brought about the purchase of the Raleigh & Southport, Durham & Charlotte and many believe the Aberdeen & Asheboro, also by the Norfolk & Southern Railroad Company, and at the development furthermore that the promotion of the Raleigh & Charlotte in the matter of rights of way and other work preliminary to grading, pushed for their several months by Mr. E. C. Duncan and others, has really been for the Norfolk and Southern.

One of the greatest eras of railroad construction in the history of the state is believed to be impending and the activities of the Norfolk & Southern in connecting up and extending these lines, will be the most important feature of the work.

Extension of its lines to Charleston on the south and through Piedmont North Carolina, via High Point and possibly to Winston-Salem, westward, using the Elkin & Alleghany to Sparta and on to the Virginia line, connecting with the Norfolk & Western, is believed to be in line of probabilities for this railroad development and the real plans of the Norfolk & Southern.

Labor Leaders Busy in Atlanta

By Associated Press. Atlanta, Ga., Nov. 18.—An appeal was made today by the socialists to the American federation of labor, in convention here to help them in their fight to elect Job Herriman mayor of Los Angeles.

The following letter from the national executive committee of the socialists was read to the convention by President Gompers:

"The national executive committee of the socialist party on motion of Victor L. Berger has adopted the following motion: 'That a request be made to the American federation of labor through President Gompers and Secretary Morrison that the federation assist financially in the Los Angeles campaign and thus prove the solidarity of labor.'

"As you know, the enemies of labor are making a determined effort to break the spirit of the workers in Los Angeles. They have chosen that city as the battle ground where they hope to crush labor so completely that it will not lift its head in self respect and struggle for its rights again. They are making this attempt both on the economic and political field. Just at present the fiercest part of the struggle is on the political field. If the enemy should succeed it would have a disheartening effect upon the labor movement everywhere.

On the other hand, in the language of John Sprague, a member of our executive committee, 'No man doubts that the election of Herriman would be a great gain for the McNamara and the cause of labor unions.' The circumstances are wholly exceptional. I am safe in saying that our national committee thoroughly understands the non-political character of your body. We are not asking you for any general endorsement of the socialist party or its principles or politics. Any action you may take in this matter will be so considered."

Mr. Gompers, who is chairman of the committee on labor representation, to which the letter was referred, said later that the socialists could rest assured that the federation would do all in its power to assist in the election of the socialist candidate.

The convention was in session but a short time today, adjourning early again to permit the various committees to continue with their work.

It is understood that the resolutions committee has practically decided to report adversely on the resolution requesting President Gompers and other labor leaders to sever their connection with the national civic federation; also on the resolution proposing the referendum for the election of officers of the federation. Both resolutions are championed by the socialists in the convention who are expected to oppose the adoption of the report.

Little hope is held out for an agreement being reached in the dispute between the carpenters and the building trades department. The carpenters insist upon dictating the terms of the event they are requested by the department and the adjustment committee, which is holding daily hearings on the controversy, is not inclined to recommend their reinstatement unless they will agree to abide by the rulings of the department.

It was too much for me. I want to confess and get away from those eyes."

Decisive Battle Of China's War Expected To-day

Revolutionary Forecasts are Correct Clash With Imperial Troops Will Come Before Nightfall--Rebel Attack Carefully Planned.

Revolutionary Forces Well Equipped And Officered--Enthusiasm of Troops Amazing--Imperial Forces Believed to Be Small.

By Associated Press. Shanghai, China, Nov. 18.—It was expected here this morning that the revolutionaries and the imperial troops would come to a clash before nightfall somewhere in the district between Chin Kiang and Nanking. If revolutionary forecasts are correct, this will be the beginning of the decisive battle of the war.

Attack Carefully Planned. Revolutionary strategists have planned their attack carefully. During the past three days a large body of rebel troops with guns, provisions, ammunition and horses has been dispatched from Shanghai for Chin Kiang by rail. Thence they are advancing today on Nanking, 45 miles distant. Simultaneously other bodies of troops are converging on the imperial outposts via the Yang Tse river and a small tributary stream from the interior with the object of delivering attacks from three sides.

Rebel Equipment. The equipment of the revolutionaries is excellent and they are well officered, many of the leaders had foreign military training. The enthusiasm of the troops is amazing. Many have dead relatives to avenge and all are wrought up to the highest pitch by accounts of the atrocities perpetrated at Nanking by General Chang's troops.

Estimates of the strength of the imperial forces vary widely. The backbone of Chang's army appears to consist of seven thousand Tung troops. It is believed, however, that he is short of ammunition and poorly equipped with artillery.

Orders American to Ports. London, Nov. 18.—Cable dispatches from Tien Tsin today announced that the American minister has issued peremptory orders to all Americans in the interior to take up their residence at once in the nearest port.

Several days before Amoy declared for a republic the imperial authority became ineffective and the consuls refused to recognize the provisions of government pending confirmation of its authority from Foo Chow, the capital of the province.

The revolutionary forces are recruiting rapidly and detachments of picked men have been sent to the interior of the province to restore order. Today's reports from Chang Chow reach an agreement and the fighting has ceased. The casualties are said to have been more than was first thought.

There was no further news today regarding the reported activity of the anti-foreign white fans at Sikoa.

CORNELL TEAM GUESTS AT DINNER. By Associated Press. Chicago, Nov. 18.—The Cornell football team was guests at a dinner given at the Chicago Athletic Association last night by George S. Whyte, father of the Cornell center rush, Jesse Whyte, and brother of Half Back Robert Whyte.

"When a man gives his son and his brother to our football eleven in one year I am willing to call him the most loyal Cornell man in Chicago, even if he never went to college at Ithaca," said Coach Dan Reed, responding to a toast. "Yes, a generation hence I hope there will be more Whyte's at Cornell. They are both good fighters and I do not know which I would rather have, Uncle Bobor or Jesse, if Mr. Whyte thought he could risk one member of the family."
