JAPANESE MACHINE GUN TO HANKOW.

Washington, Dec. 23.-Although state department officials would not reveal the source of their information, they declared today that official reports contain the statements that two companies of Japanese infantry and one machine gun detachment will arrive at Hankow about December 31. These troops, according to the advice, will be used to protect the Japanese consulate at Hankow.

burg and Albert Arthur Quellette, convicted in the United States district court of smuggling five Chinamen over the Canadian border to Chicago, were today sentenced to serve fourteen months in the United States penitentiary at Leavenworth, Kas., by Judge Landis. Stoneburg, who the federal officers had sought for 13 years and who formerly was a switchman, told the court that he had been blacklisted by every railroad in the country and that he was compell-ed to go in the business of smuggling Chinamen into this country to earn a living for his wife and children. He said he was blacklisted at the request of government inspectors who suspected him of aiding others in the illegal traffic.
