peal for recognition of the new Chin- years old. ese republic by the cizilized world in general, the United States in particular, was made today by Dr. Sun Yat Sen, president of the revolution-

China is exclusively a duty of our own," he said, "but to avoid unnec-essary sacrifice and to prevent mis-wound received while hunting with understanding and intervention, we must appeal to the people of the civilized world in general, and the people of the United States in particular, for your sympathy and support, either moral or material, for you are the pioneers of western civlization in Japan, because you are a Christian nation, because we intend to model our new government after officials of the state department and yours, and, above all, because you congressman Richard Bartholdt, the famous advocate in congress of peace mocracy. We hope we may find La-

Fayettes among you."

Dr Sun expressed the fear that, uness the new government is genuine ly recognized by the outside world, China will become a field for strife of European powers such as Africa

He declared that, notwithstanding the "hands off" policy of the United States, it has more genuine interest in China than any other nation. The passing of the Philippines into American control and the fact that China is a great market for American goods, he said, puts the United States first in being affected hanges in China.

changes in China.

He protested that the Manchus have trodden the Chinese under foot for centuries, preventing admission of foreign missionaries and tracers into the country and forbidding education to the people. I, instead of the conquering Tartar, tribe of Manchus, the Chinese governed the country, themselves, ignorance would cease, and extensive relations with other countries would be initiated, euntries would be initiated.

"We, the Chinese people," he said,
"have determined to attain these
objects, peaceably if we may, forci-

## WILL ATTACK PRESIDENT'S TRAVELING FUND

Washington, Dec. 30.—An attack on President Taft's \$25,000 traveling expense fund will be made by dame-eratic members of the house when the appropriation bill is reported. Opposition to the fund will be exceedingly strong this year in that democratic orators will urge that it will supply the president with ammunition for use against them in the presidential campaign. Much criticism of the president on account of his frequent/long trips is heard.
