German Author Seger To Lecture Wednesday

A noted German author and lecturer will open the 1965-66 series of assembly programs on the campus at 11:30 a.m. Wednesday, Sept. 22 in the Library Auditorium.

Dr. Gerhart H. Seger, American public relations consultant to the German Information Center in New York, will speak on the topic "West Germany Since the Election." He will analyze the Federal elections held in Germany, Sunday, Sept. 19.

In these elections the major contest was the race between Ludwig Erhard, the incumbent, and Willy Brandt, West Berlin's governing mayor, for the position of Federal Chancellor.

Chancellor Erhard is a member of the Christian Democrat party and Mayor Brandt is a Social Democrat.

In addition to an evaluation of the recent elections, Seger will discuss the overall political situation in Germany today.

Seger is the author of several books, including a history of the Nazi regime published in 1955. One of his books, which describes his experiences in a World War II concentration camp, has been translated into six languages and has been widely read throughout Europe.

The speaker served as a member of the German Reichstag from 1930-33 and was arrested by the Nazis because of his opposition to Hitler in March, 1933. He arrived in the U.S. in 1934 and became a naturalized American citizen in May, 1942. During World War II he served with the Office of Strategic Services. Seger has lectured extensively on college and university campuses in this country. In 1963 he was

guest lecturer at New York University.

His appearance on the campus is being sponsored by the University chapter, Collegiate Council for the United Nations. He will speak to students and faculty of Queens College today.

Gaither Chosen Chief Justice

During a closed meeting of the UNC-C Student Court Justices held Wednesday Sept. 15 in the Student Government offices in the Student Union, John Gaither was selected by his fellow judges as the Chief Justice on the Court for the 1965-66 academic year.

When asked what his first duties would consist of Gaither stated that high priority would be given the task of filling the one vacancy on the court.

This is proving to be a difficult task since no one seems to know exactly what procedure must be followed in filling the post.

Since there is no provision in the Student Body Constitution for such an event the final action must be decided on by the legislature. The legislative body might decide to empower student body president, Gus Psomadakis, to appoint a new justice, or a

No Faculty Member Loss Thus Far

Dr. Bonnie E. Cone, Acting Chancellor of the University of North Carolina at Charlotte, testified Friday, Sept. 10, before the Britt Commission of the North Carolina General Assembly that "the areas in which the Charlotte campus has felt the impact of H. B. 1395 (Speaker Ban Law) most acutely are in the recruitment of a faculty which will serve an ever-increasing student population."

Dr. Cone, who testified before the Speaker Ban Law study group along with other Consolidated University heads, said that although "some of the problems experienced by the other three campuses" had not been experienced on the Charlotte campus, one that had been was the handicapping factor the ban places on the recruitment of qualified faculty members.

She gave as an example of the hindrance the fact that a Harvard-trained Ph.D. declined an offer on the UNC-C campus.

His chief reason, she said, "for declining the offer (was) 'the continuance of the speaker ban law.'"

However, she hastened to point out that so far the law "has not yet caused us to lose any faculty members: they have believed the Legislature would amend or repeal the speaker ban law."

A second reason she gave for repeal was the possible loss of accreditation by the Southern Association of Colleges and Schools presented by the shadow of H. B. 1395.

"We . . . are particularly distressed over the possibility of the loss of accreditation," she said.

Meet The President

Gus Psomadakis, president of the student body, had disclosed some of the Student Government's plans for this academic year.

On the planning board at the moment is a plan to initiate some sort of leadership program. The objective of this program will be to cultivate and develop leaders for all school organization, as well as for the legislature.

In addition to the leadership project, Psomadakis discussed the possibility of establishing a tutorial program in conjunction with the education department.

If such an idea materializes,

provisions will be made for qualified students to tutor elementary pupils.

With the aid of other local colleges, Psomadakis is seeking to arrange a discount program for local college students at clothing stores and theaters.

"If other colleges will not join with us in this endeavor, we will go it alone," Psomadakis said.

Another legislative aim Psomadakis disclosed is the attempt being made for the students to obtain more voice in academic policy making.

The students' opinions should be honored more in the university's policy making, he said.
