

'Classrooms Abroad' Offers European Summer Study Plan

Twelve groups, each containing twenty to thirty selected American college students, will form seminars in various European cities this summer to study the language, culture and civilization of these countries during a nine-week stay. Designed for the serious student who does not plan to see all of Europe in one short

summer, Classrooms Abroad tries to give him a more profound experience through a summer of living in Germany, Austria, France, Switzerland, Spain, or Italy.

Graded classes in small sections of six to ten students, each under the supervision of American and native professors, will

deal with the reading of classical and modern texts, daily newspapers, contemporary problems, conversation and composition, pronunciation and grammar.

Students will also hear lectures on history and literature and meet with outstanding personalities.

They will have full auditing

privileges at the university in each of the selected towns and cities and will participate in all academic and social activities with native students.

Members of Classrooms Abroad will live with private families in each city, eat many of their meals with their hosts and share the activities of their sons and

daughters. They will have ample opportunities to meet young people from student, religious, and political organizations.

Full information can be obtained by writing to Classrooms Abroad, Box 4171 University Station, Minneapolis, Minnesota 55414.
