

Teacher Exam In Feb.

College seniors preparing to teach school may take the National Teacher Examinations on any of the three different test dates announced today by Educational Testing Service, a non-profit, educational organization which prepares and administers this testing program.

New dates for the testing of prospective teachers are: February 3, April 6, and July 6,

1968. The tests will be given at nearly 500 locations throughout the United States, ETS said.

Results of the National Teacher Examinations are used by many large school districts as one of several factors in the selection of new teachers and by several states for certification or licensing of teachers. Some colleges also require all seniors preparing to

teach to take the examinations.

Leaflets indicating school systems and state departments of education which use the examination results are distributed to college by ETS.

On each full day of testing, prospective teachers may take the Common Examinations, which measure the professional preparation and general cultural back-

ground of teachers, and one of 13 Teaching Area Examinations which measure mastery of the subject they expect to teach.

Prospective teachers should contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations to take and on which dates they should be taken.

A Bulletin of Information containing a list of test centers, and information about the examinations, as well as a Registration Form, may be obtained from college placement officers, school personnel departments, or directly from National Teacher Examinations, Box 911, Educational Testing Service, Princeton, New Jersey 08540.

Final Stages For Dorms Near

Preparations for construction of residence halls to house 500 men and women are nearing final stages here. For the first the University will be able to house students on campus.

Students may make their resi-

dence plans on the following basis:

1. Construction of residence halls will begin at a very early date and will be ready for full occupancy no later than September 1969.

2. Students may make plans to attend the University with the assurance that they will be able to apply for dormitory housing at least by the fall of 1969. In the meantime, they will be helped to find University-approved housing in the community until the residence halls are ready, which may be during the 1968-1969 academic year.

3. Questions concerning the reservation of space should be directed to the Dean of Students. The assigning of the new dorm rooms will be on a first come first serve basis.

According to Dr. Bonnie Cone, "We are not quite ready to advertise for bids on the dormitories, but the time is drawing close."

Conference Held

service programs of the University of North Carolina; Dr. Thomas I. Storrs, vice chairman of the board of North Carolina National Bank; Dr. H. Brooks James, dean of the School of Agriculture of N. C. State; Dr. David S. Ball, assistant professor of economics at N. C. State; Dr. Philip P. Green, assistant director of Institute of Government at UNC at Chapel Hill; and George Hyatt, Jr., director of the Agricultural Extension Service at N. C. State.

From South Carolina, Dr. B.R. Skelton, professor of economics at Clemson University; Dr. William H. Wiley, dean of the College of Agriculture and Biological Sciences at Clemson; Dr. A. C. Flora, Jr., director of the Bureau of Business and Economic Research at the University of South Carolina; Sidney Thomas, director of planning of Columbia; and Dr. Gordon Blackwell, president of Furman University.

From Georgia, Dr. J. W. Fanning, vice president of the University of Georgia; Monroe Kimbrel, first vice president of the Federal Reserve Bank of Atlanta; Dr. Winfred L. Godwin, director of the Southern Regional Education Board; Dr. George Horton, associate professor of marketing of the University of Georgia; Robert Worden, acting director of the Georgia Department of Industry and Trade; Dr. James L. Green, professor of economics of the University of Georgia; Herbert L. Wiltsee, director of the Southern Office of the Council of State Governments in Atlanta; Dr. M. W. H. Collins, Jr., di-

rector of the Institute of Government of the University of Georgia; and Glenn E. Bennett, executive director of the Atlanta Region Metropolitan Planning Commission.

Dr. James G. Maddox, professor of economics and director of the agricultural Policy Institute at N. C. State, is chairman of the Conference.

The general purpose of the conference is to mobilize the best knowledge available with respect to the future growth prospects of the Piedmont Crescent.

Among subjects to be discussed will be factors which affect the ability of private firms and public agencies in the Crescent to compete with other regions of the country, prospects for future employment in the Crescent,
