

YRC Elects New Officers

By SHERRY ADAMS

Officers of the Young Republican Club were elected at the meeting on Wednesday, October 11. Rick Dancy was elected President, Allon Thompson was elected Vice-president and the positions of secretary and treasurer were filled by Martha Jones and Danny Shaver.

The club then held a discussion on a resolution condemning the administration's policy in Viet-

nam. If anyone is interested in voicing an opinion on this resolution, he is urged to attend the next announced meeting of the YRC. Membership in the club will be open throughout the semester.

YRC plans for the year include guest speakers and debates on current topics in an attempt to increase political consciousness on campus. Allon Thompson, YRC vice-president, emphasizes the fact that the club welcomes students of all political sentiments.

BSU Endeavors New Activities

The Baptist Student Union is renewing its efforts to provide students with cultural, religious, and social activities. Special meetings of any kind can be presented by any student or students at any time so long as it meets the approval of the B.S.U. Council.

The permanent posters which have been placed in each building are to communicate the many activities occurring now and those which are planned for the future. Also, one section is of a literary

nature providing new ideas and concepts within the context of modern theology.

THE UNC-C B.S.U. has met with Queens College B.S.U. and many activities have been planned together. They will be serving in social action projects in Charlotte and will be attending conventions, conferences, and seminars together during the year.

All students or faculty members are welcome to join at any time of the year. If any person or persons cannot attend any of the activities and is in need of any of the B.S.U.'s wide range of services, please leave a notice in the B.S.U. mailbox at the Union information desk.

Last Wednesday the B.S.U. held a meeting to discuss "Your Role In Tomorrow's World" with Mrs. Crosswath, a graduate student at Duke University and wife of UNC-C's professor of chemistry.

Suggestion Box Offers Medium For New Ideas

A suggestion box has recently been placed near the circulation desk of the Atkins Library. This box is intended to be a depository for requests for books, periodicals, and other library materials as well as for comments relating to improvements in service to library users.

The suggestion box is one of several means through which the library seeks to keep in touch with the interests and needs of students and faculty members. All suggestions dropped into the box will be carefully considered.

One comment recently dropped into the suggestion box concerned excessive noise on the first floor of the library. Because of the necessity for conversation in the area of the circulation and reference desks, the maintenance of absolute quiet on the first floor is impossible. However, library staff members will exert a greater effort to keep conversation among themselves and students low in these areas and urge students and faculty to assist them in this effort.

Students who need a quiet place to read are encouraged to use the Quiet Study Room on the west wing of the second floor. Individual study carrels interspersed

among book stacks in this room are specifically designed for individual study. Library staff members request that students who wish to study in groups use the lounge area in the center wing

of the second floor. As in any library, consideration for others who are pursuing knowledge on the part of all users will make the library a place which is conducive for effective study.

Graduate Record Exams Given Here

The Graduate Record Examinations will be administered here on January 29-30, 1968. All seniors will take the tests, which are required for graduation. There is no charge and seniors will be excused from classes during the testing program. The University Counseling Service will send students of senior standing descriptive information pertaining to these tests later during the semester.

Students who intend to begin graduate study in September, 1968, should take the GRE before the January 29-30, 1968 administration. This is advantageous because graduate schools often request GRE scores before February 1 or the spring term preceding a student's enrollment.

The Graduate Record Examinations for the 1967-1968 National Program for Graduate School Selection will be administered on campuses other than here on the following dates: October 28, December 9, January 20, April 27, all at Davidson College. A fee of \$12 is charged for the National Program.
