

# Wayfarers Return to Charlotte Campus

by Wayne Eason  
(Journal Staff Writer)

The Wayfarers, a unique folk-singing trio that really strums out the songs of our time, return to UNC-C on September 25 at 11:30 a.m. in the Parquet Room for a free concert.

In early 1963 The Wayfarers made their premiere at San Francisco's renowned Hungry i Since their emergence into the field of folk they have to this date released three albums on the RCA Victor label, and have made appearances at major colleges and universities, as well as many night clubs, across the United States.

Combining the talents of Ray Blouin on the 5-string banjo, Corky Hart on guitar, and comic David Hull on bass, The Wayfarers are vanguarding the resurgence of folk music that has been long awaited.

Says CASHBOX, "...the lads...use humor to point up values... the crew does not

attempt to carbon-copy other folk singers but makes a series of distinctive, powerpacked individual statements." Jack Carney of radio station KSFO in San Francisco in a letter to RCA Victor records says of The Wayfarers, "...I...feel that these boys have more talent than any young group that I have ever seen...there can be no doubt...after seeing or hearing them that they are destined to be one of the greatest..."

The Wayfarers, singing humor and satire, or softly strumming ballads of love and the memory of lost love, are a group of talented young men, once heard cannot be forgotten.

## University Council Formed

The new University Council met for the first time on Monday, September 9, 1968 to formulate an operating structure for the coming year. The Council began to take shape in the minds of Drs. Colvard, Cone, and McEniry and SGA President Bill Billups during the summer months and has become a reality for the purpose of facilitating better communication among the different segments of the University. The Council is composed of Chancellor Colvard,

Vice-Chancellors Cone and McEniry, Mr. Kenneth Batchelor (UNC-C Business Manager), Dr. Reike, Bill Billups, SGA Vice-president Stewart Auten, Union Chairman Bobbe Berry, and, as yet, unnamed representative from the Student Publications Board, and two other faculty members who will be designated before the next meeting. The Council will meet on the first Monday of each month for a luncheon and discussion.

The University Council will be conducted on an informal basis for the purpose of discussing topics which may not be official in content at the time of the discussion. The Chancellor hopes that the Council will not only arrive at solutions for problematical situations, but also serve to prevent many of the problems which arise from any unnecessary lack of communication. All phases are represented on the Council and provisions have been made to bring non-members into meetings to provide information of a highly localized or technical nature.

## Chavis Resigns

As most returning students already know, there has been a turnover in the Union officers. Ben Chavis, who was elected to the chairmanship of the student union in March resigned in August because it was discovered that he did not maintain the quality point average necessary for the position. Bobbe Berry, vice-chairman of the union, will take over the office.

After the resignation of Mr. Chavis, the questions arising of course, are: "will there be any changes in contracts or plans in the union?" and "who will fill the now-vacant vice-chairmanship?"

First of all there will not be any notable changes because of two reasons. Most of the entertainment contracts have been made by the Social Committee which is headed by Linda Craven and Homer Gadlis. Also, little change has been made because Ben and Bobby worked closely together and in accord with the programming board on most decisions.

In answer to the question of who will fill the vacancy of vice-chairman, Dean McKay informed us that the question has been brought to the attention of the Student Legislature. The decision was to have the governing board fill the vacancy, rather than hold an election just for one office.

These are the facts. There will be few changes and the governing board will fill the vacancy.

## Pollak Assumes Physics Chair

A chairman for the Physics Department and three other new faculty members were appointed Friday by the University of North Carolina at Charlotte.

The actions were approved by the Executive Committee of the University of North Carolina Board of Trustees.

Dr. Victor Louis Pollak was appointed associate professor and chairman of the Department of Physics.

A native of Vienna, Austria, Dr. Pollak holds the BS degree from Case Institute of Technology and the Ph.D. degree from Washington University.

During the past year he has

been visiting assistant professor at Case Western Reserve University. He has also been assistant professor at Oklahoma State University and has taught at the University of Houston. From 1960-1962 he was senior physicist at the Schlumberger Corp. of Houston.

Dolan Ray Hinson was appointed assistant professor in the Department of Economics and Business Administration. His rank is contingent upon the completion of the Ph.D. degree for which he is a candidate at the University of South Carolina. He holds the BS from Pfeiffer College and the MBA from New York University. He has been assistant professor at Pfeiffer during 1967-68.

James Baxter Linder has been appointed assistant professor of mathematics. He holds the BS and MA degrees from the University of North Carolina at Chapel Hill and has been assistant professor at Guilford College.

Walter John Roth was appointed assistant professor of mathematics with rank contingent upon the completion of the Ph.D. degree at the University of New

Mexico. He holds the BS from the University of Michigan and the MS from the University of New Mexico. He has been associated with the systems divisions of the Sandia Corporation and the Bendix Corporation.

## This Election Year

THE LULL BEFORE THE STORM an editorial by William G. Allen

Now that the Chicago catastrophe has passed, and its news-worthiness has withered, a cold lull seems to hover over the political arena. That Democratic calamity created a maze which has silenced even the most astute political prophets, at least temporarily. McCarthy and Wallace have brought about riddles which will not likely be solved until after the votes have been counted in November. McCarthy has broken with the Democratic Party and has bitterly vowed to support no one in the

coming election- a decision which thereby increases the value of the stock held by Nixon and Wallace.

Hubert Humphrey has tried to appease McCarthy's dissident supporters by picking up a Northern

Hubert Humphrey has tried to appease McCarthy's dissident supporters by picking up a Northern liberal (Muskie) as a running mate, and by promising them a "New Day" and perhaps a new Vietnam policy. By condemning violence, "whatever the course", he also sought to woo the multitudes of Democrats disturbed by the breakdown of law and order across the nation. At this point it would be a

## National Teacher Exam Offered

PRINCETON, NEW JERSEY,

September 16. College seniors preparing to teach school may take the National Teacher Examinations on any of the four different test dates announced by Educational Testing Service, a nonprofit, educational organization which prepares and administers this testing program. New dates for the testing of prospective teachers are: November 9, 1968, and February 1, April 12, and July 19, 1969. The tests will be given at nearly 500 locations throughout the United States, ETS said. Results of the National Teacher Examinations are used by many

large school districts as one of several factors in the selection of new teachers and by several states for certification or licensing of teachers. Some colleges also require all seniors preparing to teach to take the examinations. The school systems and state departments of education which use the examination results are designated in the Bulletin of Information for Candidates.

On each full day of testing, prospective teachers may take the Common Examinations, which measure their professional preparation and general cultural background, and a Teaching Area Examination which measures mastery of the subject they expect to teach.

Prospective teachers should contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations to take and on which dates they should be taken.

The Bulletin of Information for Candidates contains a list of test centers, and information about the examinations, as well as a Registration Form. Copies may be obtained from college placement

officers, school personnel departments, or directly from National Teacher Examinations, Box 911, Educational Testing Service, Princeton, New Jersey 08540.
