

BASKETBALL

Well, it is not too early to start thinking about Basketball down here at C. C. The Owls who are interested in basketball are usually called out for practice sessions late in October.

This year C. C. hopes to put a basketball team on the floor that will carry the Maroon and Gray colors highly.

There is one thing that must be overcome, however, if C. C. is to put out a winning basketball team. The spirit on the squal is usually very good, but the student body has been letting the team down in the past. We all hope that everyone at C. C. will take basketball to their hearts and really support the team this year.

Last year C. C. had a better than average ball club, but they always seemed to lack that one thing that brought back victories instead of tough defeats.

We have a lot of boys returning to help make this year's team a strong one. There are some new boys coming to C. C. this year that will definitely strengthen our club.

If the boys that play the sport have time to get out there every night and practice, I believe that the students can find time to get out at least one night a week and watch the team in action. Let's all bind together this year and back our basketball team every inch of the way.

—Kilgo.

Regarding Kisses—Lord! I wonder what fool it was that first invented kissing.—Johnathan Swift.

OUR FACULTY

We of Charlotte College should be very proud of our teachers. For such a small College we have a very good, if not the best selection of teachers. These teachers even though they are very busy and have very little time to spare will help in any way they can to save a person from failing, provided the person helps himself, too.

Besides helping others and teaching, some of these teachers are advisors and some are businessmen.

Take for instance Dr. Pierre Macy, one of our most celebrated teachers, is a graduate of the University of Paris. He teaches French, is part owner of a dry cleaners, and is Assembly Advisor, and Mrs. Edyth Winningham, is student Council advisor. She has been very helpful and has kept the Student Council on their toes so far and we hope she will do the same in the future.

Miss Mary Denny, our Charlotte Collegian advisor, is always in the background pushing the paper staff to get the paper out. Miss Denny, by the way, is our English instructor.

Miss Bonnie Cone, Director of Charlotte College is Finance advisor. She also keeps all the students on the straight and narrow path.

Dr. Heck teaches all of the sciences at Charlotte College and loves to go on field trips. He is also Social Advisor. Dr. Earl McColley, Chemistry teacher, is also head Chemist at Celanese.

THANKS

The "Collegian" would like to take this time to thank all the establishments that were so kind to give us advertising space.

First we would like to extend wholehearted appreciation to Coca-Cola Bottling Company for their very generous ad. I'm sure all of our students will return the thanks by patronizing Coca-Cola.

Also sincerest thanks to Stanley Drug Store for such a fine spot. I have been employed in Stanley's in the past and I can truly say the Stanley Brothers will do all in their power to satisfy their customers.

Coon and Coffey also deserves and will receive, I'm sure, the business from all our students and friends.

Last, but not least, is the Penguin Grill. Located on the corner of Thomas and Commonwealth, Jim Ballentine and his associates will be more than happy to serve you and your friends in every way.

SIGMA LAMBDA CHI

Charlotte College's only social fraternity, Sigma Lambda Chi, invites all young men who are interested to join our group during the first quarter.

Sigma Lambda Chi was organized quite a few years ago at C. C. and has been a very active group of men since. The fraternity tries to give a \$100 scholarship to a freshman each year for tuition for the next year. During the school year 1953-1954, the fraternity awarded Louella Robinson \$75 for an outstanding theme she wrote as part of the requirements for receiving the reward.

This year many plans have been made and we hope we will have the largest number of pledges ever, and the best year ever. Join and be a part of some history-making achievements.

Announcements will be made later regarding the membership drive.

—Jim Brady.

CAN YOU IMAGINE

Dr. Heck without his beautiful red, plaid tie?

Rea Hensen not in an argument?

The Student Council having a smooth meeting?

"Wong" not being colorful?

Joyce Dunn without her pleasing personality?

Slade Joyner not crawl . . . ops, excuse me Monk.

Don Whitfield with a crew cut?

Dun Payne without a brand new smile?

Kanela Maydanis without a idea?

C. C. winning the basketball championship this year?

Gus Dallas without a brand new joke?

"Darkhorse" not teasing Joyner?
