

Owls In Retrospect

By PAUL A. SHINN

When the facts are known, it is quite amazing that the Charlotte College basketball team, The Owls, was even able to finish the season.

Coach Eugene Todd, in his first year at CC, had to contend with inadequate practice sessions, and not having a full team on the floor at times. When the final bell rang, only two boys, captain Sam Dunlap and Doug Galvin, had gone all the way with the team.

In an encounter with Campbell College, the Owls finished the game with only four men on the court, but even under this handicap, the Owls still lost the game by only eight baskets a pretty good showing, both offensively and defensively.

With a little help in the season, the record could have been improved upon considerably.

In the first game of the campaign against Presbyterian Junior College, the Owls had a fourth quarter lead until two boys fouled out, leaving the team undermanned.

Later in the season, the Owls played a doubleheader with Frederick, which won the tournament championship.

With only four hours sleep the night before, and six boys on the team, CC held on to a seven point lead at halftime in the first game of the twin-bill, but was finally run down and beaten by 13 points.

Beginning with the second half of season's play grants-in-aid were given to boys in order to bolster the team.

One of the players receiving a grant-in-aid, 5'11" Dub Plyer, averaged 26 points a game during the second half of play.

Captain Dunlap, who is only 5'9", is considered to be the playmaker of the team.

Doug Galvin, at 6'3", is the center of the squad. He is a service-man, and is said by Coach Todd to be a good rebounder and rough under the boards.

Another high scorer for CC was Phil Swaringen. The 6'1" forward had a 16 point average during the season.

Tallest man on the team is 6'4" John Arrowood, and the other guard along with Dunlap is Mickey Beheler. These two are freshmen, as are the other starters on the team.

Charlotte College and Edwards Military Institute finished the season with records of 2-14. This necessitated a playoff to decide which team would go to the tournament.

After agreeing to play at EMI, the team left Charlotte without eating and arrived at Salemburg at 9:30 that night.

Playing away from home, without any food or rest, the Owls fell to EMI by an 83-75 count.

Dub Plyer fired in 34 points for the losers in a game which was won on the foul line. EMI hit

26-30 free throws to CC's 13-20.

As for next year, Coach Todd says, "If we know about who we play and who we'll have playing, we can get off to a good beginning."

"After the second quarter began, we played better basketball and finished strong. This indicates that we will do better next year," stated Coach Todd.

As if to warn other teams in the conference, Coach Todd concluded, "We won't win the championship, but maybe we'll keep somebody else from winning it."

Tennis Plans Postoned

By PAUL A. SHINN

Plans for a 1960 tennis team at Charlotte College have been postponed until next fall.

Considerations for the team were begun around Christmas, but complications arose which forced postponement of the project.

The biggest problem in getting a team started was the cost involved. Transportation and equipment would comprise most of the cost. If a visiting team had to spend the night it would be at the expense of the College.

The games would have to be played on city courts, and therefore no admission could be charged.

To get money for the team, a Student Council-appointed committee would make recommendations, after which, the students, by voting would make the final decision.

Another problem was getting organized. It was found that it would take four or five months to get a team together, and matches scheduled.

About seven men voiced interest in the team. More interest will have to be generated before the team will become a reality.

Competition for the Owls would be provided by schools in this area. Such teams as Davidson, Belmont Abbey, and Presbyterian would be matched against the Charlotte College team.

If the team materializes, there is a chance that one of the local businessmen who has played tennis will coach the team.

The main thing now is to get enough men together who will be here next year and who are interested in playing tennis.

Selective Service Exam

Applications for the April 28 1960, administration of the College Qualification Test are now available at Selective Service System local boards throughout the country.

Eligible students who intend to take this test should apply at once to the nearest Selective Service local board for an application and a bulletin of information.

Following instructions in the bulletin, the student should fill out his application and mail it immediately in the envelope provided to SELECTIVE SERVICE EXAMINING SECTION, Educational Testing Service, P. O. Box 586, Princeton, New Jersey. Applications for the April 28 test must be postmarked no later than midnight, April 7, 1960.

According to Educational Testing Service, which prepares and administers the College Qualification Test for the Selective Service System, it will be greatly to the student's advantage to file his application at once. The results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student.

If enough interest is built up, the Student Council could take action on the plan next fall, giving plenty of time for working out details of scheduling and practicing.

Men who are interested in organizing a team next year are asked to see Ed Siber or John Yandle for information concerning the details in getting a team started.
