

Cheerleader Selection

By Nancy Miller

Want to be a cheerleader? Now is your chance. The Student Council has acted upon a proposal placed before them at their last regular meeting in August. The proposal was that a system of selecting and supporting cheerleading at CC be established. Howard Payne, president of the Student Council, appointed a committee to draw up the system and place it before the Student Council for their approval at the following call meeting. The committee, consisting of Kay Combs, Bill Hicks, Gary Idle, Ann Settlemyre, Lorra Harris, and Nancy Miller (chairman), met immediately and labored for almost two hours to draw up the proposal, which was quickly and unanimously accepted. It was understood, however, that the system was drawn up to suit the present needs of CC and is subject to change in the future.

Two points strongly stressed by the committee were (1) that students trying out are to be both male and female, and (2) that freshmen are to be urged to try out for cheerleading.

So, if you plan to be a student at CC for the full '60 - '61 basketball season and have a desire to be a cheerleader, practice up and try out. If any student would like to have help with cheering or choosing a cheer, Nancy Miller, last year's head-cheerleader, has offered her help. She may be contacted through Miss English, CC's Director of Student Personnel.

METHOD OF CHOOSING CHEERLEADERS

By a committee consisting of the Captain and co-captain of the basketball team,
Coach of the basketball team,
President and vice-president of the sophomore class,
Director of Charlotte College,
Director of Student Personnel,
President and vice-president of the Student Council.

Students trying out cannot be on the committee. If a member of the committee wishes to try out, substitutes are to be appointed by the president of the Student Council.

Applicants must be able to cheer for the complete basketball season in order to try out.

A questionnaire, for the use of the committee, is to be filled out by each applicant.

TRY-OUTS

Not more than three students to try out at a time. Returning cheerleaders are required to try out each year.

HEAD-CHEERLEADER

A Head-cheerleader and a Co-head cheerleader are to be chosen by the selected cheerleaders at the first meeting.

The co-head will be the runner-up in the election of head cheerleader.

PUBLICITY

The cheerleaders are to work with the Publicity Committee on publicizing the games.

UNIFORMS

The sweaters, letters, and owls are to be furnished by the school and are to be the property of the athletic department of CC.

CC is to supply the cheerleaders with megaphones.

EXPENSES

The cheerleaders are to receive enough money each year to cover their traveling expenses (board and gas mileage), publicity needs, and other miscellaneous necessities.

The amount is to be submitted at the earliest possible date to the Student Council by the head cheerleader.

NUMBER OF CHEERLEADERS

Seven

The cheerleading system is to be placed in the Students' Handbook "What's What"

Committee News

By Jimmy Latane

Charlotte College's Committees are on the lookout. They are looking for all students interested in helping the college plan for the activities and functions of the year. With the rush of orientation and the registration of new and old students, the four committees are very busy.

The committees (social, assembly, election, publicity) organized themselves through the summer and are ready to receive new freshman and sophomore members.

Jimmy Latane, chairman of the social committee, and committee members Walter Linker, Kay Combs, Nancy Miller, Gary Idle, Bill Hicks, Ann Settlemyre and Tommy Womble are planning a function for the school in the next two weeks. News of the date and happening will be publicized later.

The elections committee has already made plans for a quick election in September to elect a Sophomore Representative. They are also going to have the Freshman Class Officers Election the same month. The college urges any capable person to do the college a favor and run for one of the offices. Wayne Therrell is Chairman of the committee and his committee members are Katy Hollingsworth, Doug Galvin and Kay Combs.

Future Teachers Meet

By Vivian White

Effie Bishop, Charlotte College Chapter President, announces that the first regular meeting of the Student National Education Association was held Monday, September 26.

To the prospective teacher, the Student N. E. A. can provide insight into the actual teaching situation, information concerning certification and salaries, and assistance in planning preferred programs of study. Through national and state affiliation, local membership includes subscriptions to national and North Carolina educational magazines and newspapers. Participation in the activities and projects of the Association contributes to the betterment of Charlotte College while students explore the possibilities of a career in education.

Last year the Charlotte College Chapter sponsored a project to furnish a student lounge in the Central Building. With furniture donated by friends of the college and with special purchases by the Student N. E. A., with funds appropriated by the Student Council, the lounge was completed in the spring.

Student N. E. A. members concluded their 1959-60 year's activities as hostesses at the annual Alumni-Graduate Picnic preceding the 1960 Graduation Exercises. Among those present for the occasion was Demetrios Nixon, former Charlotte College student now teaching at Georgia Military College in Milledgeville, Georgia. Mr. Nixon transferred from Charlotte College to the University of North Carolina where he received his A. B. in 1954 and Master's in 1958.

Former Student N. E. A. members transferring to senior colleges this fall are Ann Hilton, Appalachian State Teachers College; Trula Booth, Queens College; and Mary Katsaris, Queens College.

Miss Mary Denny serves as faculty advisor for the Student N. E. A.

The publicity committee promises the best publicity Charlotte College has ever produced. Kay Combs, a Representative last year, is working diligently keeping her committee members busy. The unfortunate ones are Nancy Miller, Vivian White, Bill Ferguson, Tommy Womble, Gary Idle, Jimmy Latane, Rose Erwin, Lavelace Blythe, Walter Linker.

The Assembly Committee has shown great progress this year. They are bringing to Charlotte College some learned and experienced talent. Laura Harris, Chairman of the committee, and her committee members Ann Settlemyre, Kay Combs, Jimmy Latane, Bill Hicks will notify us of the program dates.

Percy L. Bernstein

Staff and Faculty News

Mr. Percy L. Bernstein is a new full-time member of the faculty. Professor Bernstein will teach mathematics and surveying in the day-time classes. He comes to Charlotte College from Duke University, where he has spent the last two years in graduate study and teaching. Mr. Bernstein holds a Bachelor's degree from Tulane University and a Master's degree from Duke University. He recently retired from the U. S. Coast and Geodetic Survey Service.

Mr. and Mrs. Bernstein are now making their home at 2713 Sherwood Avenue. We welcome the Bernsteins to CC and hope they will soon feel at home in our midst.

Miss Evelyn Baker will return to the English Department to teach full-time. (This is good news to students and faculty.)

Rev. William B. H. Corkey will also be welcomed back to CC. He has spent the past year at UNC completing his work for his Master's degree. He will teach Philosophy and Religion.

Mrs. Otho B. Ross, Jr. will teach Sociology 51. Since most of the students in this course are nurses, classes will meet in the new City-County Health Center.

Walter R. Schoolfield, psychometrist with the Mecklenburg schools, is another new member of the faculty. He will teach Psychology.

WEDDING BELLS

Miss Ruth Raney will be greatly missed from the faculty this year. Miss Raney and Randy Holden of Charlotte were married on September 24. They were honor guests of the faculty at a picnic at the new campus on September 16.

Douglas Aircraft Company is lending one of its trained engineers to the College to teach the course of E.E.201 (Fields and Circuits) in the day time as well as in the evening.

Mrs. Frances Hoyle spent an interesting summer in travel and study. She studied at the University of Madrid for a month and spent six weeks traveling in Spain, France and Italy but did not go to the Olympics.

Dr. Heck took a group on a 25-day trip to Mexico. They climbed mountains, explored volcanic cones,

STUDENT COUNCIL NEWS

Grants-In-Aid To Be Offered To Editors And Managers Of Student Publications

By Ann Settlemyre

The Student Council held three regular and two special meetings during the summer months. The regular meetings were held on July 23, July 28, and August 17. The special meetings were held on July 12 and August 25.

Important issues discussed at these meetings included the organization of a college band, the selection of a business manager for the annual, the barn-raising project, the method of choosing cheerleaders, and proposed amendments to the constitution.

The possibility of organizing a college band was introduced by Bobby Barbee. The council was very enthusiastic about the idea, and President Howard Payne appointed Bill Hicks and Bob Barbee co-chairmen of a committee to contact people interested in forming the band. In reporting on the progress he had made in securing musicians, Bob Barbee said he had made many phone calls and had found several interesting prospects.

The fact that no one had filled the position of business manager of the annual by the June 23rd meeting of the Student Council was brought to the Council's attention by Mrs. Wingham. After considerable discussion of a means to create interest in this important position, the following motion was made by Howard Payne and passed, pending Miss Cone's approval: A 5% commission of sales under \$1200.00 shall be offered to both business manager and editor of the annual in addition to the usual 10% salesman's commission. A 10% commission of sales over \$1200.00 shall be offered to the business manager and editor with a 15% salesman's commission on sales over \$1200.00. Laura Harris was appointed temporary business manager of the annual.

At the August 17th meeting of the Student Council, Miss Cone presented her views on the proposed plan for editors and managers of the yearbook. She stated that on the basis of the 1960 Si Si, we could not have given such commissions without going in the hole or cutting pages. She also pointed out that salesmen might hold out for 15 per cent commission, instead of 5 per cent. In Miss Cone's opinion, only the salesmen who go out and sell the ads should receive the commission. The Student Council agreed. In answer to the problem, Miss Cone suggested that Grants-in-Aid be given to deserving managers and editors of all Charlotte College publications.

A special meeting was held for the purpose of establishing a one-year trial policy. At this meeting, Miss Cone's proposal was discussed and the following motion was made and passed: The Student Council approves Grants-in-Aid to Charlotte College publications editors and business managers, leaving the amount to be determined by the scholarship committee and all others concerned. A motion to allot individual salesmen 10% for all sales and 15% of sales over \$150.00 was also passed. At this meeting Helen Rea, an incoming freshman, was suggested to the council to fill the permanent position of business manager for this year's annual and was approved.

Upon Miss English's request, Howard Payne reported at the June 23rd meeting of the Student Council on the progress of the barn-raising project. The project was not turning out to be very successful, and if no more interest was shown, the project would be discontinued. There was no further discussion on the subject.

Jere Thomas reported on the progress of the Constitutional Amendment Committee at the July

28th meeting of the Student Council. Because no qualifications are included in the present constitution for executive council officers, this committee was formed for purpose of proposing qualifications. The committee also discovered that two other articles may need a change.

The Council discussed courses that were of college level. This seemed to be one of the main reasons which make amendments to the constitution necessary. The Student Council decided that any course listed in the Charlotte College Catalog as such was of college level. It was suggested that in order to qualify for the executive office, a student must have earned 20 quarter hours at Charlotte College, must maintain a "C" average, and must be taking two college-level courses at the time of election.

Jere Thomas reported that the committee had recommended that unless the chairmen of committees are elected by the student body, they cannot qualify for a vote in the Student Council. The Committee also suggested that students be recommended for the editors of the various publications by members of the staffs and that those recommended be voted upon by the student body. It was recommended by the committee that more representatives be added to the council.

At the August 17th meeting, the proposed changes to the constitution were presented to the Student Council and approved. Copies of the proposed changes will be given to each student at Charlotte College, and, early in the fall quarter, the changes will be brought before the student body at large for ratification. Upon receiving a 3/4 vote of approval, the changes will be incorporated in the constitution.

Alumni Review

By Richard Buckey

Miss Cone has received information that Dr. Stephen M. Mahaley, Jr. has gone beyond his M. D. degree, and completed work on a Ph. D. in anatomy.

Dr. Mahaley graduated from Charlotte College in 1952 and continued his pre-medical work at Wake Forest College, where he became a member of Phi Beta Kappa.

After graduating from Wake Forest, he earned his M. D. degree and then a Ph. D. in anatomy at Duke University.

Mr. Mahaley is now at the Veterans' Hospital in Durham in neurosurgery residency. He expects to continue four more years of formal study in the residency program.

Lightsey Wallace, winner of the first prize award in the 1959 North Carolina State College Engineering Fair, and one of State College's highest ranking students in electrical engineering, graduated from Charlotte College with an A. A. degree in 1958. While at Charlotte College, Mr. Wallace maintained an excellent scholastic average and was listed among those on the Dean's List for six quarters.

Mr. Wallace graduated from State College in June of this year. His accomplishments in the field of engineering and his high scholastic standing have earned for him a place on the bronze plate which honors outstanding students at State College.
