

# Council Chairmen For Year Named

A new Student Council -- this is the most important recent event in the Student Government Association.

Much interest has been shown in the new student administration, both during and after the elections. Some interested students have already been approved by the new Council as heads of standing committees.

For the 1963-64 school year, the chairman of the Finance Committee will be Sandra Hodges; Elections Committee Chairman, Ronald Rogers; Social Committee Chairman, Martin Richek; Special Activities Committee, George Simpson; In charge of the

Handbooks Committee will be Susan Weber.

The newly-elected Council has now been sworn into office, since the old Council "wound up" its business on Monday night, April 22. One of the most important of its last act was its lengthy discussion and approval (with minor changes) of the proposed Campus Regulations which a special committee had been working on for some time. Since they were approved by the Student Council, the regulations will be placed before the students in a referendum vote early in the fall term of 1963.

# Council Submits Financial Report

On April 30, Robert E. Alexander submitted his report of the income and expenditures of the Student Council for 1962-63. Income for the year exceeded \$16,500, and expenditures of approximately \$8,500 left a balance in excess of \$8,000.

Other expenditures and appropriations during the month of May totaled approximately \$6,500, leaving a final balance of about \$1,500. According to Mr. Alexander, the additional money was disbursed for the Social Committee, the dance of May 11, the newspaper, the Drama Association, and other activities.

The report of April 30 is published below for information to the student body. Appended to it is a supplementary report on the Year Book.

Back to normalcy -- "a port city."
