

Henderson, Sabatini New Basketball Captains

By TOMMY ESTRIDGE

Gene Henderson and Joe Sabatini have been elected to serve as Co-captains of the 49ers basketball team for the 1965-66 season. Their election was announced at the annual basketball awards dinner held in the College Union on March 24.

Following a speech by Mr. Chuck Clement, a local athletic official and long time friend of Coach Irving Edelman, the players and cheerleaders were presented with various awards.

Senior Charlie Jacobs, who was unable to attend the banquet was named Most Valuable Player.

Senior Jimmy James was awarded the Sportsmanship trophy and Tommy Gilliam was given the first Rookie of the Year award.

Bobby Lemmond was named the most improved player and Coach Edelman remarked that the team had had to depend heavily on him during the latter part of the season.

Co-Captain Butch Guilbert was given a special award for being of special assistance to the Coach. Guilbert hurt his ankle early in the season and was only able to

CONGRATULATIONS — Basketballer Jimmy James accepts the Sportsmanship trophy from Coach Edelman at the basketball awards dinner March 24.

play in a few games. He acted as a kind of assistant coach and general confidant to Coach Edelman.

The happiest moment of the event came when Coach Edelman announced that the 49ers had been invited back to the annual Suncoast Classic Basketball Tournament in St. Petersburg, Fla.

The 49ers won the tourney their first year there, and came in second this year, losing to Florida Presbyterian College, the host team.

SL Approves Honor Code

By SAM SCOTT

The proposed Honor Code was approved by the Student Legislature at its March 22 meeting. The Honor Code passed as it was written by the Honor Code Coordinating Committee with no amendments tacked on. It met only minimal opposition in the Student Legislature. However, final passage of the Honor Code will be determined by the Student Body in a special referendum to be held on April 20 and 21. If a majority of the students vote to accept the Honor Code, it will go into effect next fall.

THE JUDICIARY ACT of March, 1965, was passed into law by the Student Legislature. John Scott (SP), proposer of the act, stated that its purpose is: "to supplement Article VII of Constitution of the Student Government Association of Charlotte College with respect to the jurisdiction of the Student Court, to set forth the types of punishments renderable by the Student Court, to define the rights of an accused student, and to establish the procedure for reporting student violations." This act will be posted on several bulletin boards by Tuesday, March 30.

A RESOLUTION of appreciation to Charlotte College President, Bonnie E. Cone, was unanimously adopted by the Student Legislature. In the Resolution, President Cone is heartily thanked and commended by the Student Legislature in accordance with the sentiment of the Student Body of Charlotte College for her numerous and outstanding contributions to Charlotte College, the community, and the State of North Carolina. Also President Cone is heartily thanked and commended for her unyielding dedication to the development of Charlotte College as a center of quality education. In recognition of her meritorious service, President Cone was made an honorary member of the Student Legislature of Charlotte College. Due to the absence of S-

G.A. President John Scott, the resolution was presented to President Cone by Vice-President Gus Psomadakis (SP). Also, Dr. Cone was presented with a plaque by Judy Hardison in behalf of the Student Body of Charlotte College.

"THE STUDENT AFFAIRS COMMITTEE was requested to investigate the nature of formal contracting of Andrew Dawes by a written mandate from the Student Legislature, dated March 8, 1965. There was considerable question as to the procedure involved in the legal role and responsibility of the Director of the College Union in the area of contracting entertainment to be sponsored by the College." Henry Parker, Chairman of the Student Affairs Committee, goes on to report that: "A rather lengthy conversation with Dean MacKay revealed that due to the special circumstances (lack of student officers and committee chairmen due to resignation and failure to maintain a proper grade point ratio of 2.0) the Board gave Dean MacKay considerable leeway concerning the contracting and programming of entertainment and lectures."

SIX NEW MEMBERS were sworn into the Student Legislature on March 22, by Speaker Gus Psomadakis. These new members are class officers and representatives who were elected at their respective class meetings to replace the

officials who resigned in order to pursue their studies in a more vigorous manner. These six new Student Legislature members are: Robert England, Junior Representative; Jan Gallaway, Sophomore Vice-President; Eddie Sides, Sophomore Representative; Sam Scott, Freshman Vice-President; and Georgia Morton and Donna Corbett; Freshman Representatives.

Large Audience Hears UNC Prof. On "Courtship And Male Selection"

By BETTYE TRAPPS

Dr. Hallowell Pope, Professor of Sociology at the University of North Carolina at Chapel Hill, gave a lecture on "Courtship and Mate Selection" Wednesday morning in the Library Auditorium.

Speaking to a large audience of faculty, students, visitors, Dr. Pope began his talk with an account of the history and development of the family. He then explained and cited advantages and disadvantages of the "traditional family" as compared to the modern "conjugal family."

"The large closely-knit traditional family demanded respect, obedience, and co-operation from its members. Each family was self-sufficient and boasted at least one 'jack-of-all-trades. In direct contrast to the traditional," continued Dr. Pope, "is our present conjugal family, less solid and less demanding. In our society, people must be able to move geographically and socially; because of this factor, industry depends on the conjugal family. The agrarian economy of the traditional family made no such demands on its society."

The problems of intermarriages

came into the lecture as Dr. Pope asked and attempted to answer the question. "Who marries whom?" The pros of homogamy and cons of intermarriages were discussed in relation to religion, race and ethnic groups.

"Statistics show," said Dr. Pope, "that marriage between different ethnic groups is the most common of the intermarriages, followed by mixed religious marriages. Marriages between persons of different races are the least common of the three."
