and depart.

Do you know that the little en naries you keep in cages are fond of mirrors? We have seen little fond of mirrors; but whoever heard

of lirds that used them? I will

tell you about a little canary that lives at the house where I board. Some time ago our landlady got a canary and put it in a cage alone The little bird was taken from a large cage holding a dozen birds He was very homesick and lone some, just as you would be if you

brothers and everybody you knew. Just so our little birdie cried and mouned, and would not cat nor sing. | Single grund u.m. | Under the influence of frequent and | none. It wanted to go home and see its mamma. The lady did all she could to comfort it and make it feel at home. She talked to it and petted it, giving it clean water, good seed, apples, and everything she thought it would like. But it was of no use, birdie kept crying and wouldn't make friends, but wanted to go

One day his mistress brought him a large piece of broken mirror, as big as my two hands, and placed it on one side of his cage where he HOMADE COFFINS, ALL KINDS could see it readily. Do you suppose he cared anything for that? Indeed he did. He hopped down, I do not sell for cost, but for a small and going up close looked in. He profit. Come and examine my line of chirped and hopped about, singing and putting on all the airs he was master of. He was not homesick at all after that. He spends much of his time before the glass, and when he goes to sleep at night he will enddle down just as close to the By virtue of authority vesied in glass as he can get. You see, he thinks he is sleeping close beside same will be pleaded in bar of their the 12th day of February, 1883, that other little bird. His mistress recovery.
