College, an agricultural to his post of duty on the R. and D. college for colored students, and be- railroad. sides other recommendations, the Governor had this to say about

A REFORMATORY DEPARTMENT: The demand for a reformatory department for young convicts is becoming very great. One of the most distinguished jurists said to me that when he was on the Superior Court bench the hardest duty he had to perform was to sentence young boys and girls to the penitentiary. The thought that those young lawbreakers were to be consigned to fellowship with old and hardened offenders, by which the very last germ of wit in them would be destroyed,

convicts, typical house-breakers, in Father Craft was killed, was nothing weeks ago returned on a visit to his moved from the State to Texas 33 his face is badly disfigured as a with them to the penitentiary.

Gentlemen of the General Assem- Argus. bly, what hope for reformation is there with such associates for these College is moving along the line of

young persons? Humanity, to say nothing of Christianity, demands that arrangements be made whereby these unfortunates shall be kept separate from the old offenders and given a chance at least for the future.

A pump factory for High Point. SWINK'S TARIFF LECTURE.

The sectional discrimination of the McKinley bill, as it now stands, is even more marked than was that of the Mills bill, to which we called attention in 1888. The three most important staples that are peculiarly Southern are cotton, Greensboro Workman: Welearned sugar and rice. On the staples such as wool and Iron, which are Northern as well as Southern, additional "protection is given DRY GOODS. by an increase of rates." We believe there is no decrease in Carolina Railroad. While the train rate on any important staples, other than rice and sugar. was coming down the mountain this Cotton is on the free list, of course, as before, but the rate on cotton ties, made in and used in the South, is increased from 35 to 105 per cent, so that, in fact, each of these great staples jumped off after it, striking his head of the South are discriminated against by the bill. They against a crosstie, killing him almost have agreed that machinery for the manufacture of beet sugar may be imported one year free of duty. When asked to Oxford Day: In 1790 there were admit machinery for the manufacture of cane into sugar and only two States in the Union with a into molasses on same terms, they refused to do it.
