Miss Etta Sikes, for years of the public, that's the way to do it. | cashier at Tuckers' store was unani-Thata day is set for two weddings mously elected matron of the deaf between this and Christmas, and mute girls, vice Miss Una Bailey,

> THE BLOOD IS THE LIFE. No portion of the human organism

submitted to more thorough and intelligent examination, by medical scientists, than the blood. The result of these in vestigations has been to clearly demonstrate that the general health is more dependent upon the condition of the blood than upon any other thing.

In making a diagnosis, some modern metitioners are not satisfied with energy determining the temperature as of the blood; they test it by means of the microscope and other appliances, to troduced themselves among its minute I rea found that in persons affected with your, trie acid may always be dectail in the blood, while the cause of diagrams has been traced to the

discoveries have thrown a flood 12 on the causes of discase; and as now, in the treatment of oplaints, go directly to the root day in contaminating poisons. For es as the jodide of potassium of effects of this drug con with other things, such as podephyllum, or yellow Aver's Compound Extract of being considered the most of these ingredients known ...
