

TOWN AND COUNTY.

Get in the procession! Miss Lottie Boyd, we are sorry to learn, is very sick again. Soon the Western North Carolina Conference will meet at Stateville. Mr. W D Anthony has contracted for the painting of the tenant houses at the Patterson mill. The office recently erected for Drs. Lilly and Montgomery is now complete and occupied by them. Your attention is called to the administrator's notice by Mr. W B Earnhardt. Candidate T J Jerome, of Albemarle, who spoke at Mt. Pleasant Saturday night to the Democratic Club of that place was in the city. Rev. Ferret of High Point, preached at the all Saints' Episcopal church Sunday morning and evening. The latest addition to the Standard's many curies is the left hind foot of a graveyard rabbit and a go d sized buckeye. Sometimes the belle who seems to be stuck on her shape really has most of the shape stuck on her. —Dalla News. Mr. T J Jerome, the man whom we Democrats shall elect to the North Carolina State Senate, is in the county with our candidates making a canvass of the county. Rev. Pool made an interesting talk last night on the foundation of the Epworth League and its purposes, and after the services there was a good number joined the League. Mr. John Watson was "in the city" Sunday, the guest of "John Barleycorn." This morning he was the unwilling guest of our efficient mayor, who doctored him to the tune of \$6.35. In Towns county Georgia, a negro makes a specialty of catching rattlesnakes. He says he has a heavy mission to kill all the snakes in the country. It is said that he was once bitten by a rattlesnake. Mr. J M Brown, of near Mooresville, 65 years of age, and Mr. J M Rumble, of Cleveland, 57 years of age, were two men in our town last week that have been life long chums and have yet to learn the tastes of whiskey or any intoxicating drinks. Two loose mules on North Main street and spring street came near running into several school children at noon. These romping animals are occasionally seen running around and they may yet cause a hurt to some one. Owing to the fact that the Populists' elephant is not a baby elephant serious damage might be done should it become boisterous during the county canvass. The Merry Milkmaids are hard at work on their operetta and will have it ready for the public in about ten days. The music is charming and it will be put on the stage in a manner that will make us all proud of our "home talent." This is true: "The most successful advertisers are those who keep their business constantly before the public, without regard to the state of trade. They will not allow themselves and their business to be forgotten." Monday was circus day in Atlanta and a riot came near being one of the usual results of an occasion of this kind. The management was bad, and the police had to quell the surging mob that was about to raid the circus. The admission was advertised at 50 cents and when the ones that had purchased these tickets applied for entrance they were refused, having advanced the price to \$1. This caused the mob to become indignant and swear vengeance on such imposters. Mr. J L Hartsell returned Saturday from Davidson College, having taken an elegant line of samples of clothing, shoes, gets furnishing, etc. He reports a good trade. Heretofore, merchants from other adjoining towns have been getting his trade and we are glad that our Concord merchants are endeavoring to get their share of the students, patronage from that well-known institution. Mr. J F Honeycutt has resigned the position of bookkeeper at the Fenix Flour Mills to work elsewhere. He is succeeded by Mr. Geo. Richmond. Mr. Honeycutt will go into business at Chester, S. C., and leaving Concord he carries with him the very best wishes of many friends whom he has made by his uniform courteous and businesslike manners. The Standard joins these friends in wishing him abundant success and no worse luck than being in the future what he has been in the past—an old bachelor.

Prepare for the rally. Jarvis is a-coming! Snow in Vermont. Federal court is in session at Stateville. The court house is somewhat deserted today. Scene—a rat, cat, dog, woman and a small boy. A K. of P. Lodge has been organized at Lexington. The Mecklenburg Presbytery is in session at Monroe. The "Merry Milkmaids" will be a treat. Fine music. Hon. F M Simmons will speak in the court house tomorrow night. The county canvass began today (Wednesday) at Rocky river. Charlotte will catch a good many of our citizens circus day. We are glad to know that Mr. J W Fink is improving. A piece of China would be a suitable present to the Emperor of Japan. The mosquito is like the dude because there is little hope for him after he gets mashed. It is said the Odell mills will close down next Tuesday for the "big day" in the history of Concord. As it is close on to election time it is not a puzzle that wood-choppers are scarce. Miss Lillie Willeford has accepted a position with the Lowe company as saleslady. The 14-year-old daughter of Mr. S C Fisher, of No. 7 township, died Monday, after a lingering illness. A meeting of the Board of Trustees for North Carolina College is called for Wednesday, October 24. The Populist of Halifax county have nominated W H Kitchen as their candidate for the State Senate. Enthusiasm runs high in Democratic circles and a great and glorious time is anticipated by every body next Tuesday. The frame work on the addition to the Cabarrus Mills is nearly finished. This will, when complete, be an immense structure. Populists and Republicans in this county stand no more show in the coming election than the martin bird does with the English sparrow. It's a poor excuse with a kicker who scratches a ticket without good cause that he has to scratch for a living. We announce with regret the critical illness of Mr. Chas. Neal, of the Coddle Creek neighborhood, who is sick with typhoid fever. Mr. W H Hayes, of near China Grove, gave up a pleasant call and reports considerable sickness in his neighborhood, mostly chills and fever. Mr. H G Ritz was a prince among the small boys on East Depot street Tuesday night. He made a balloon and to the delight of the little ones started it to sailing. The powder magazine of York & Wadsworth that stood on the hill just this side the depot has been removed beyond the depot, just outside the corporate limits. Mr. L M Moore, of Forest Hill, is sporting a handsome turnout. He is not a candidate, but a good Democrat and is now prepared to join in the canvass. You don't want smoke and ashes, but you will get a large per cent of it unless you burn Craven's Jellico coal. Leays order with him or his wagon. Mr. W M Biggers left for Atlanta, where he goes to consult a physician as to his state of health. Mr. Biggers has been in ill health for some time. A small colored boy on Mr. Mack Biggers' place in No. 10 township found a nugget of gold that weighed six pennyweight Saturday. Evidently they have gold bags in that section. Mr. John M Miller moved from this place a few weeks ago to Salisbury, but he has since determined there is no place like Concord, so he is moving his family back. Work was commenced this (Wednesday) morning on the erection of a bridge over Little Cold Water creek on the Mt Pleasant road. This is a much and long needed work and will be a great benefit to the public generally. Cards are out announcing the marriage, on the Wednesday, October 24th inst., of Miss Marie Stuart Moffett, of Brownsburg, Va., to Dr. D Greene Caldwell, the popular and handsome surgeon and physician of our city. A Florida girl was burned to death in the destruction of a traveling show wagon in New York. No one claims her body. She was a daughter of a rich farmer at St. Augustine, and left her home because her father objected to her going on the stage.

THREE BURLARIES IN ONE NIGHT. The Democracy of the past had their ups and downs just as we are having them now. We are only keeping the old Democratic camp fires chucked up and fighting over again, on Carolina's historic soil, the battle our daddies fought away back in the 40's. It looks as if history was repeating itself, for we are doing battle with the same foe, high protective tariff under the assumed name of Republicanism. In 1841 Cumberland county resolved a whole newspaper column of resolves against "the lavish extravagance and profuse expenditures, of money by the Federal and Whig parties and their attempts to 'fasten a national bank on the country.'" In those days there was a fusion of the Federal Whig and Whig parties, but their platforms were nearly in accord; not so antagonistic as these latter day Republicans and Populists. There was the semblance of affinity, but not enough to prevent confusion, for the "Madisonian," a Whig paper, said, "a vast portion of the Whigs were disgusted at the aristocratic bearing and violent denunciations of their recent allies, the Federals, and determined not to fight shoulder to shoulder with them in an unjust cause." The tariff was a lying issue and the Lincoln Republican asserted that "the moment Congress attempts to raise the tariff the southern people will be roused to their former pitch of fire and fury. The question was looked on then, as now, "as one on which men may differ without compromising party delegations," nevertheless the tariff tax on sugar, salt, molasses, blankets and all necessities was a burning theme. There was a cry about "scarcity of money" and the laborer was demanding higher wages. A sub-treasury bill was discussed and crowds of office seekers rushed to the capitol, as Mr. Pickens, of South Carolina, said, "like half famished wolves on the great prairies of the west," and "there were those distinguished in the land smelling their way into the jail places of the palace, begging for the bones that might be thrown there." The Democratic voters were then kicking about an appropriation of \$15,000 for stationery and \$20,000 to Mrs. Harrison. The Democratic party, with its principles so unchanged still lives, bequeathed to its former defenders. They, untrifled vanquished Whigery and its ally, Federalism. It is for us to protect against Republicanism and its side show, Populism. Campaigns in olden times were not conducted like they are now. There were big barbecues, and general musters where the sturdy yeomen gathered together and, over cakes and cider, had a good time. The people were honest in their political convictions and supported their Standard bearer with a vim on an honest zeal! the candidates in almost every instance were men of sterling worth and unimpeachable. The principles and politics of party were openly and honestly discussed. There was little chicanery, and these old timers would have scorned secret conclave and political jugglery. They would have spit upon the political tricksters and henchmen who are so seeming and officiously busy before each election. There is no doubt that venality has crept in and corrupted the purity of the ballot box and it is passing strange that men professing to be men, fit men for any office in the gift of the people would so beattle themselves as to barter or plan with such cattle. These political pimps must have some encouragement save party zeal, or they could not live. There is of necessity something substantial behind all this every day bluster and gad of the would-be political heeler I'm afraid your town is not free of these political procurators. Saturday last, even a non resident could see by the little straws "which way the wind blows," and I'm not drawing the color line when I say it. The men who attempt to secure position or office by any save an honest open canvass will come to grief, and the fellow who sells his services to aid any official aspirant should be committed to the order of the members of the good roads Congress or Chairman Dove's chain gang. About the Rhink. There is considerable talk among the young people in regard to a skating rink for Concord. We are heartily in favor of such a move, as we know it would be a benefit to our physicians. But it is an improbability as there is not a room vacant suitable for a rink. Dr. Whitehead and Dorsett, of Salisbury, Dr. Young, of Concord, and Dr. Sumner, of Mill Bridge, removed a summer weighing about 20 pounds from the side of Miss Mary Bradshaw, of Rowan county, several days ago. The operation was successful and Mrs Bradshaw it is said will recover. Money to loan on real estate. W. J. Meads attorney.

AND MILLER. They Can't Agree Regarding Federal Control of Spirits in Bonded Warehouses. Washington, Oct. 15.—Governor Tillman, of South Carolina, was at the Treasury Department today and had an interview with Commissioner Miller, of the Internal Revenue Bureau, in regard to a question on which there seemed to be a conflict between Federal and State authorities. Under the dispensary laws of the State of South Carolina distilled spirits in the custody of the United States in bonded warehouses, belonging to parties who have violated the provisions of dispensary law by selling them within the State, are declared to be a nuisance, and on conviction the State officers are authorized to seize and confiscate the liquors. In all such cases the Governor proposed to tender the tax to the government and seize the spirits, contending that the Federal authorities have no right to interfere in the matter. Commissioner Miller took issue with the Governor and cited several decisions of the courts, among them one by the Supreme Court of the United States wherein it was held that goods in bonded warehouses were not subject to any process or proceeding issued from a State court and that so long as the government retained control of the goods its jurisdiction and authority was supreme. No final decision, however, was reached, and it is possible that in deference to the wishes of Gov. Tillman the question will be referred to the Attorney General for an opinion. BIG DAY TUESDAY, Many Prominent Speakers Will Be Here—Everybody Anxious. Thomas Jarvis is a-coming. Get right in the procession. Tuesday is "the day" in the history of Concord and Cabarrus. Don't forget the day—Tuesday, October 23, 1894. Let old Cabarrus turn on her light and show her Democratic spirit. Everybody is coming and they will not be disappointed, either, for Senator Thos. J Jarvis will be here and will address us. Besides him other men of national honors will be with us. Let every Democrat turn out on that day and we will have a demonstration, the like of which has never been witnessed in this community. Letters of invitation have been written to Senator John B Gordon, of Georgia, and Senator Daniels, of Virginia, but up to date nothing definite has been heard from them. But the Standard will keep you posted and inform you in time of all the speakers that will be here. Let everybody prepare for a glorious time and a general rally. What is the pleasure of the club in regard to a torch light procession. Democrats! to the front. A PLUCKY GIRL. She Goes Down in a Well and Rescues Her Nephew. There are some plucky girls in Durham county—brave, fearless girls, when life is at stake. Here is one. One day last week Miss Minnie Blalock, daughter of Wm Blalock, a well-to-do farmer of this county, was visiting her sister, Mrs. Charles Anderson, who lives about four miles from town. Miss Minnie with several others, among whom was the little four-year-old son of Mr. Anderson, were attracted by a wasp's nest at one end of the house. There was also an open well near the corner of the house, and in their excitement and watching the wasps, the little boy kept backing back unmindful of the well, until he went over backwards. The well was 28 feet deep, with four feet of water. This turned attention from the wasps to the child. For a moment or two there was consternation. But Miss Blalock, with undaunted courage, took in the situation and she at once proceeded to go down in the well, and when she reached the water it was just in time to save her little nephew, who was about to sink for the third time. She succeeded in pulling him out of the water, and strengthening herself she brought him to the top and safely landed him on terra firma. It was a courageous act, and the young lady is justly entitled to all praises for her nerve and boldness in saving the life of her little nephew.—Durham Sun. AT FOREST HILL. A series of revival services began at Forest Hill Methodist church Sunday, conducted by Rev. M A Smith, the pastor, and will continue for ten days. The afternoon services will be held at 3:30 o'clock, and the evening services will begin promptly at 7:45 o'clock. A choir of about seventy-five voices fairly make the church ring with music. The music being directed by Mr Barrow. Everybody is cordially invited to attend these meetings.

GOOD DEMOCRATIC DAYS. The Squire expatiates on the Past and Present. Hon. F. M. Simmons will speak at the Court house—At Cook's Store Thursday at 1 o'clock. Hon. F. M. Simmons, according to appointment, will speak at Cook's Store, in No. 4 township, at 1 o'clock tomorrow, Thursday, and at the court house in Concord at 7:30 o'clock tomorrow (Thursday) night. Let everybody go. Everybody is invited, regardless of their politics. Those who do not come will miss hearing one of the best speakers in the State. Populist Statesmanship. Some idea of what the populists would do, or try to do if they had control of the government may be gathered from the measures which have been introduced and urged by their representatives in congress. We give below a list of some (by no means all) of the bills which have been introduced in Congress by Populist leaders and a reasonable estimate of the amount of money which would be required to carry out the provisions each: Representative Davis's bill (No. 3-436) providing for the loan to certain mortgage debtors is estimated to require not less than the sum of..... \$10,000,000,000 Representative Clevor's bill (No. 6254, Fifty-second congress) to loan money to cities and municipalities, is variously estimated to require the sum of from \$5,000,000,000 to \$15,000,000,000, say..... 10,000,000,000 Senator Peffer's bill (No. 967) to loan not exceeding \$2,500 to any individual applying having real estate security, provides for an immediate issue of not less than \$700,000,000, and an ultimate issue of much more, but is not estimated in the total, being similar in principle to house bill 3436 above quoted. Representative Kems bill (No. 5447), to establish a government bank in each county—where not included in previous estimates, would require an issue of not less than..... 1,000,000,000 Mr. Watson's various bills are not estimated, being included in their principles in previous estimates. Representative Hudson's pension bill (H. R. 2188), would require the immediate issue of..... 1,500,000,000 Representative Borden's bill (R. H. 7908), for internal improvements, appropriates..... 500,000,000 With an annual appropriation in addition. Representatives Borden's bill (H. R. 5745), to exterminate the Russian thistle appropriates..... 1,000,000 Senator Peffer's rain water bill (No 7596) makes an appropriation of..... 20,000,000 Total..... \$35,507,300,000 The estimates do not include any duplication nor any items of expenditure proposed in the bills named nor do they include salaries of the thousands upon thousands of officials to be appointed under their provisions. As the total estimated money of the world, including paper, gold, silver, copper brass and iron tokens does not exceed \$10,100,000,000 it appears that the amount of money called for by the bills named is five times the volume of the currency of the world. What our paper money would be worth under such circumstances anyone of ordinary intelligence knows. "Jack" is no more. In the stillness of the night Tuesday death crept into the body of Jackson Bell, an old colored man of our city. "Jack" had been a resident of Concord for nearly, if not altogether, a century. He was a good, law-abiding and worthy colored man and will be missed by not only the colored people, but by the numerous white friends he had made. He was a man that was always busy and up to last Saturday he had been blessed with sound health.

TOMORROW NIGHT. Forest Hill Visited by a Reporter With the Following Result. Mr. C T Troy emphatically denies the rumor that is afloat, but says it may some day come to pass. A joint debate Saturday night between Mr. W T Weddington, Populist, and Mr. W A Wilson, Democrat, was an occasion that caused a ripple of fun for both sides. Both men, as their turn came, mounted a 2 x 4 goods box in front of Furr's store, and made things lively. Their audience was very small, however, and not very enthusiastic. The Pops were strewn along on the rail fence, preparing themselves for a ride after the election returns are in, just to see how it would go. A number of our down town Pops would do well to fall in line and practice up on the tactics of out-riding. Mr. Jas. K Deaton has moved his family to his country home. He will continue his work at the mill. There was a happy event at the home of the bride's father last Thursday in the marriage of Mr. Will Kirk to Miss Mamie Swearingen. Both are of Forest Hill and have the best wishes of their many friends. Mr. Elwood Heyworth, of Salisbury, spent Sunday with Mr. W A Wood. About Mrs. Earnhardt. Elizabeth Walter was born June 16th, 1823. She was baptized in infancy, was catechized and confirmed a member of Thania's Evangelical Lutheran church and together with her husband moved her membership to the Gleason Reformed church about the year '55, of which church she continued a consistent member, until her decease. She was married to James A Earnhardt on the 31 of July, 1842, which union was blessed with nine children three sons and six daughters, and thirty-two grandchildren. Her husband departed this life September 8th, 1877, leaving her to pursue her life-journey without his companionship for a little more than 17 years. She was in good health until within a few days of her death, and departed this life on Tuesday, October 9th, 1884, aged 71 years, 3 months and 23 days. She leaves behind to mourn her departure three sons, four daughters and twenty-four grandchildren, and many friends by whom she was much beloved. On earth we shall behold her nevermore, but we hope by the grace of God to be re-united on the Heavenly shore. CLASS IN THE PRESERVES. Officer Rigler has a young daughter, who is about 11 years old. Saturday her mother opened a jar of preserves, and in doing so broke the jar. She set it in the window, expecting to throw it out, as she found there was glass in it. She thought to tell Edna about it. When the latter came in and saw an open jar of preserves in the window, she picked up a spoon and began eating the preserves. No sooner had she swallowed the first spoonful than she went to her mother, and the latter knew at once that the child had gotten a piece of broken glass. Everything was done to get the glass out but none of the efforts succeeded. The glass remained in the child's throat until yesterday, when it passed into her stomach. Yesterday she was kept under the influence of morphia all day.—Charlotte Observer. Dr. W H Woodfield, of Salisbury, will be in Concord, at the St. Cloud Hotel, on Saturday, October 20th, the practice limited to eye, ear, nose and throat. BUCKLE'S AFFECTION SALVE. The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chinblains, Corns and all skin Eruptions, and positively cures Piles or no pay required. It is guaranteed to give satisfaction or money refunded. Price 25 cents per box. For sale at P. B Fetzler's Drug store. "Ain't it the God's Truth?" The Shelby, Nebraska, Sun, a Populist organ, disposes of the fusion question as follows: No fusion. Fusion is suicide. Fusion is cowardice. Fusion is dampnating. Important Notice. Immediately after the address of the Hon. F M Simmons at the court house tomorrow night there will be a meeting of all the Democratic voters, white and black, of the township for the transaction of important business. D. P. DAYVAULT, Chairman. A Sudden Death. The 4-month old child of Mr. and Mrs. Alfred Bost of No. 4 township, died very suddenly Tuesday night. The child had not been sick, and on awaking this (Wednesday) the parents found the child cold in death.

SUSPECTED ROBBER. Two Men Arrested in Washington—Cases for Suspecting Them. Washington, Oct. 16.—The police have arrested two men suspected of being implicated in the robbery of a train between Aquia Creek train robbery. One of them, Smith, was locked up suspiciously, but so suspiciously of the robbery from him, and it is doubtful if he is one of the robbers. The other arrested man calls himself George Livingstone and claims to have lived in Washington 24 years. He does not, however, appear to be well acquainted with the city. Livingstone has been spending money quite freely for two or three days past and had bought new clothing, with the exception of a shirt, which is begrimed with coal dust, which fact gives the officers hope that a good clue has been found. When locked up Livingstone had \$5, which he said his son had left him. He had not worked for five years, but had been a telegraph operator and train dispatcher, but intended never to work again. He will be held pending an investigation. Two mysterious men, with heavy satchels and plenty of gold, were at Front Royal, Va., yesterday. One is said to resemble the cut of Corvict Carter, in yesterday's Richmond Dispatch. They are thought to be train robbers. WHAT'S THE USE TALKING! Cannons & Fetzler have the goods and they beat the State on prices. LOOK AT THIS! One hundred dozen sample Caps, finest grade for Boys and Girls, Men and Women. They are worth from 50c to \$1.00, but we give you four dollars for 25c. Not a cent in the lot but what the making alone is worth more than 25c. 25 DOZEN STETSON HATS. Orange Vally sample hats. Not a hat among them worth less than \$2.00 a dozen by the case from the factory. Come and take your choice for \$1.50. Most of them are worth \$3.00 and \$3.50 but let them go at \$1.50. All Stetson's blocks. CLOTHING. Two hundred boys suits just hundreds of merchants are selling at 2.00. We cut the price exact to the cent and sell them at \$1.00. Boys' suits just same as shown over a hundred counters today at \$2.75 and 3.00. We cut deep and make the best \$1.50 suit in the State. You won't believe you can get such a suit for that price till you see them. Twenty dozen boys knee pants made of the finest all wool, cassimere and worsted. They are sold at other places for \$1.50 to \$2.00. We make our price on them and that is less than half. We give you your choice for 75c. 20 dozen boys knee pants at 20, 25, 35 and 50 cents, 2000 Men's suits, and every one a grand bargain to the buyer. A heavy suit and winter suit for \$2.00. Not a SNIDE or a SLOUCH but a well made winter suit, 100 men black square cut cheviot suits \$3.00 you never saw as good a one for less than \$3.00. Fact, come and see. The best Ray Melton suits only \$4.00. You never bought them for less than 6.00. A magnificent line of Melton suits for 3.00. You never saw these for less than 5.00. 500 odd coats from 75c to 2.00. Every one of them PLUMS. 350 odd vests from 25c to 1.00. The price we name would not pay for the trimming and making of them—men's shirts 15 cents. Men's heavy drill drawers 20c. A carload of trunks at prices 25 per cent less than you can get anywhere. MEN'S FINE CLOTHING. We are strictly in it. We give you the correct thing in fabric, pattern, style and workmanship. We have the latest styles. The Ladies' dress goods, the latest, all the best. It is an open secret that we show lots of ready made suits that are superior in every way to goods made to order, and we save to the buyer from 5.00 to 15.00 a suit. We can fit any shape, slim, regular and stout. We can please any taste. From grave to gay, from quick to severe. When we give you a good all wool suit of nice smooth Kersey, you won't believe it till you come and see it. Then when we tell you about our heavy, all wool cassimere suits, you will be surprised, and when you see it you will be astonished. The only trouble about that suit is that it will wear too long. And so we go right along through the line at 7.50 you get what you have been accustomed to pay 10.00 and 12.50 for. And our line of 10.00 suits is made up almost entirely of suits you have been used to paying at 15.00. Now the REASON for all this is that we buy the goods under value. We go to the market after the run is over. We find manufacturers trying to clean out all of this seasons' goods and working on spring goods. So buyers who will close big lots, the price don't stand in the way. Of course if we wanted to pick up a dozen or a half dozen of a kind, we would have to pay something like regular price, but when we sweep the floor of big lots running up into the hundreds, we make the price 75%.

SHOES! SHOE! SHOES! We are in just as good shape on shoes for men, women and children. We give you the best value for your money. Don't throw your hard earned money away, make it buy what it is worth. One dollar must do for you what one and a half would a few years ago. Come to us and we will make it do it. CANNONS & FETZLER'S
