CARDS IN IREDELL.

Captain Crowles' Card Replied to. Statesville, Nov. 1.—The following card was distributed freely here today:

"To the Voters of North Carolina: There is a card from A D Cowles, dated October 23th, 1894, calling on Republicans to support the Republican part of the ticket only. A D Cowles addressed a large number of citizens, Republicans and Populists, in the public school house, district No. 75, Iradell county, on the night of October, 25th, 1894, when he urged the Republicans and Populists to stand shoulder to shoulder and vote the co-operation ticket from Chief Justice down to constable. He especially urged the negroes to let no man deceive them, but vote the co-operation ticket. He said he was a Presbyterian and believed in predestination and said that it was predestinated four thousand years ago that co-operation was to be this year and that Morrow, Republican, and Stikeleather, Populist, would be elected to the next Legislature of North Carolina. He especially urged the colored people if Republicans came to them to buy their votes to take their money and then go vote the co-operation ticket. [Signed]: D A Barkley Populist; R J Mayhew, Republican; M W White, Populist; W C Sherill, Populist; J M Shock, Populist; J B Dellinger, Populist; T A White, Populist; Moses McDowell, colored, Republican, and others.

"We the above heard Mr. Cowles make the speech." Capt. A D Cowles immediately got out the following reply: "To the Voters of Iradell County: A Card—Over their signatures several good citizens of Davidson township certify to a speech which I delivered there on the night of October 25th. Every word is true I make no denial. I am now where I was before the State and county conventions—opposed to fusion. I wanted to follow my party, and nothing but the fact I felt that I was violating conscience made me break with it. When I made the speech referred to, I was acting the part of a man and following the policy of the party against my settled convictions of the wisdom or virtue of the policy. Convinced as I am that departure from my original conviction of opposition to fusion was wrong, I would have been untrue to the Republicans and my honor and a political coward had I not boldly announced my position to the world. I have naught to say against..."

MT. PLEASANT NEWS.

Turkeys, Colts, Corn Shuckings and Democrats.

The revival here has closed, Rev. Rush preached the last sermon Friday night.

Rev. Dr. Pool has returned to Concord.

Miss Bell Moser is teaching in Monroe.

The speaking will be on Wednesday instead of Tuesday, as announced at the court house on last Tuesday by Col Means. We want everybody to come and hear the speeches.

The procession on last Tuesday night made the Populists sick. They say that there was not one out of ten in the procession that can vote. Any thing to console themselves, for they see defeat for them as plainly as we see success for ourselves.

Shuckings are in order now. Mr J R Barnhardt had one last Thursday night at which sixty-four hands shucked about one half of his corn, shucking about 300 or 350 bushels.

There is a fine drove of wild turkeys in the eastern part of No. 8.

Mr. Bill Hahn, of No. 8, has as fine one-year old colt as you will find in a week. T A Moser has a good one too, it weighed 600 pounds the day it was a year old and it weighed a little over 800 at one year and nearly three months.

There are about 60 boys at the College and 100 girls at the Seminary. Both schools are on a boom.

ON TO BE MARRIED.

Mr. S S Caldwell, of Harrisburg, left this morning for Edinboro, Penn., on a happy mission. He is to be married at that place Thursday night to Miss Winifred Pratt, who for several years has been teaching at White Hall and who once taught in the public schools of our city. Miss Pratt and Mr. Caldwell have many friends in the city and community, and the Standard joins them in extending them best wishes.

It's Too Bad!

It is getting to be a mighty hard matter for the Populists of our city to muster up courage enough to come before the public and preach...

PROCLAMATION.

ISSUED BY PRESIDENT CLEVELAND.

Thursday, the Twenty-Ninth of November. Appointed and Set Apart As a Day of National Thanksgiving and Remembrance of the Poor.

Washington, Oct. 31.—The President today issued the following: BY THE PRESIDENT OF THE UNITED STATES OF AMERICA—A PROCLAMATION:

The American people should gratefully render thanksgiving and praise to the Supreme Ruler of the universe who has watched over them with kindness and fostering care during the year that has passed. They should also with humility and faith supplicate the Father of all mercies for continued blessings according to their needs, and they should by deeds of charity seek the favor of the Grantor of every good and perfect gift.

Therefore, I Grover Cleveland, President of the United States, do hereby appoint and set apart Thursday, the twenty-ninth day of November instant, as a day of Thanksgiving and prayer, to be kept and observed by all the people of the land. On that day let our ordinary work and business be suspended and let us meet in our accustomed places of worship and give thanks to the Almighty God for his preservation as a nation, for our immunity from disease and pestilence, for the harvests that have rewarded our husbandry, for a renewal of national prosperity and for every advance in virtue and intelligence that has marked our growth as a people. And with our thanksgiving, let us pray that these blessings may be multiplied unto us that our national conscience may be quickened to a better recognition of the power and goodness of God, and that in our national life we may clearer see and closer follow the path of righteousness. And in our places of worship and praise, as well as in the happy reunions of kindred and friends on that day let us invoke divine approval by generously remembering the poor and needy. Surely He who...

ALEXANDER AGAIN.

Harrisburg's Beemorel—He's All Right.

MR. EDITOR: I am ask to make an apology for some words I said in your issue Oct. the 17, of which I propos to do if you will allow me though your valuable paper. I want to say first, that I am here to defend any thing I have said or don, but I say this as an apology, and I hope the compound confusionist will accept it.

I said that the meanest element of the democratic party, had gone in to the so-called peoples party. Now we all know that there is good and bad men in all parties, but I have found more of the bad in the populist party than any other, so far as the negroes interest are concern, I will tell you why I say that I am an organizer of an order for the colored known as, our family circle and general Business Endeavor Association. Now the business department of that order Causes me to do a great deal of talking with men that owns the lands over the country and to my sorrow I have found ten democrats that willin to sell a colored man a home, to one populist, sir, if any man doubts that I can prove it to him any time, in fact one among the most prominent men in the populist party told me that he was oppose to the negroes buying land in this part of the country, he said, if you negroes want homes go West, also in the New York meetin tribune, of last June the 6, 1894, has United States Senator Jarvis, of North Carolina credited with making a speech on the 31 of last may in Augusta Ga., in the following words on obstacles to southern development, emphasizing the necessity of enforcement of the laws and better educational facilities with reference to the presence of negroes in the south, he said the negroes were not responsible for being here, but were here to stay. All plans for their colonization elsewhere or their exportation were wild and visionary. the negro could not go away if he would, and he should not if he could, he must be recognized as a fixture in the south and the wisest plan to pursue is to educate him and make the best possible citizen of him. the elevation of the negro race must begin in their homes they must be provided with better accomodation, with ample...

Why Use It If Not Believed. EDITOR STANDARD:—In Saturday's issue in reporting a discussion at Forest Hill Friday night between Sheriff Morrison and myself, you make the following statement which is wilfully and deliberately false, (inasmuch as it was reported by one on the ground): "At the wind up of his (Stun) talk he said he had heard that Mr W R Odell had said he (Mr. Odell) would discharge every man that didn't vote the way he said."

I again repeat that the above is untrue. What I did say was this:

"That it had been reported that some of the laboring men would vote for me, but were fearful of losing their positions. I said I did not believe the time had come, when any honest efficient, industrious laboring man would lose his position by voting his convictions, but that if for any reason such was the cause, I begged such an one for his own sake, for my sake and for Gods sake not to vote for me. I did not want the responsibility resting upon me of any laboring man being thrown out of employment, as my living was not depending upon my election to the office. Now I call every man to witness (except your reporter who I know to have been standing within a few feet of me when I said that) that I never said that I would discharge every man that didn't vote the way he said."

Two Colored Men Seem to be Men, But Were Obje...

The Populist brethren telling the colored people would stand by the their nominees, they would occasionally get on a jury. This would not go when put to test in No. 1 township Tuesday. Mr. M T Stollings, who had a jury trial in his court of Shep Harris, colored, and Frank Teeter, white, on which two colored men were drawn. Mr. Teeter objected to them sitting, thus breaking one of their many pledges to the colored people. The colored people are in a state of sore displeasure at this turn in the Populist pledges, and, they say, if it will not hold good before the election, you may not expect it even if the Populists should, by some way or other, get in power.

We were informed that Mr. Teeter had a full jury of Populists, including the two colored men.
