Sleeplessness, pimples, blotches, headaches, sour stomach, dizziness, "heart-burn," palpitation, biliousness, distress after eating—all these are merely symptoms of constipation. Why do people suffer with them when the cure is so simple and so easily obtained? Years ago, Dr. Pierce's Pleasant Pellets were placed on the market. Since then, there has been no excuse for anybody to suffer from constipation, and its attendant ills. The "IV-lets" cure every case infallibly and permanently. They are very small, easy to take, gentle and quick in action. They are not at all violent; they do not disturb the system. They cure you so you stay cured. Thousands of women will find if they take the "Pleasant Pellets" that their ills will vanish with the constipation.
