REV. H. N. MILLER, Pres.,
d&w Mt. Pleasant, N. C.

ADMINISTRATOR'S NOTICE.

Having qualified as the Administrator of the estate of Thos. L. Martin, deceased, all persons owing said estate are hereby notified that they must make prompt payment, or suit will be brought. And all persons having claims against said estate must present them to the undersigned, duly authenticated, on or before the 12th day of July, 1902, or this notice will be pleaded in bar of their recovery.

C. L. ERWIN,
Administrator.
July 10, 1901.

J. M. Caldwell, Attorney.

THE TOURNAMENT THURSDAY.

Our Boys Excel in Running but Miss was against them.

Our fire ladders did not come in for any thing Thursday at Charlotte. They made an enviable run however. The running was said to be the finest displayed, but mishaps and misfortunes which they will be able to overcome in the future, we hope, pulled victory from them.

The grab reel race which came off after we went to press Thursday evening was won by the Spencer team with second prize to the Tarboro team.

The Observer says: "This is the first year that Concord has entered the contests, but her men have run with pluck and determination to win."

South Carolina's Great Wheat Crop.

Those in a position to know say the wheat crop of this year is by far the largest ever made in this State, possibly by 30 per cent. The larger part of the crop was saved, though the continuous rains in June damaged it in many instances and in places ruined the crop in the shock. Threshing is now pretty well over. The proper preparation of land and the use of fertilizers have been demonstrated to be the hope of this part of the country. Many yields of 30 bushels per acre are reported and some go over that figure.—Anderson Intelligence.

Ausult Again in Court.

The Salisbury correspondent to the Charlotte Observer says a capias was received from the Sheriff of Randolph and it was issued on a true bill for perjury found by the Randolph grand jury Thursday. It is a result of the prosecution for libel instituted in Randolph by Austin against the Mill News of Charlotte. It is upon Austin's testimony as prosecuting witness that the charge of perjury is based.

Stood Up for North Carolina.

Mr. Walter W. Council and Preston Irwin, who represented the University in part at the Inter-Collegiate Track Athletic Meet recently held in New Orleans, won one-fourth of the events. North Carolina's Track Team won the victory. Messrs. Council and Irwin were students at the Bingham School, near Mebane, before going to college.

Jumped from Brooklyn Bridge.

A man jumped off Brooklyn bridge shortly after 6 o'clock on the 24th striking the water head foremost. He was riding quietly along in an electric car and suddenly he stepped from the car and began to walk to a suitable place to make the leap. Raising both arms he shouted, "Good bye, everybody," and leaped to his death.

For No Expansion Along This Line.

The bubonic plague, which is worse than cholera or yellow fever seems to have obtained a lingering foothold in San Francisco, brought hither from the Orient, and now a vessel makes New York from Calcutta, where the disease always exists, with a well defined case on board. We hope we will not expand in everything.—Morning Post.

Mr. W. S. Whedon, cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle and informed me that one dose cured him, and he is again at his work."

Strikes at Burlington.

There was a strike this morning in Lakeside Mills, here. The spinners were dissatisfied with the warp they were using and in a fret they left the mill in a body. The whole mill had to suspend operations. There will be no compromise, but their places will be supplied by others. They have already been notified to vacate the company's houses. The number of men involved is about 15.—Burlington correspondent to Charlotte Observer.

A Good Cough Remedy.

It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and for the cough following la grippe, and find it very efficacious." For sale by M. L. Marsh, druggist.

His Clover Hay and Wide Tires.

There's a business air about the way Mr. H. H. Blackwelder is bringing in loads of clover hay these days. It is pleasing to observe their size and the expertness with which they are loaded. He brings in from 1600 to 1700 pounds at a load and thinks he could just as easily haul a ton if the roads had the benefits of wide tired wagons like his that make the roads better instead of worse. The wide tire, too, enables him to drive almost any where in his meadows and fields with ease.

Will Receive a Warm Welcome.

"Our people are delighted to know that Rev. C. B. Miller, of Concord, has accepted the call to the pastorate of the Lutheran church here. He will find a warm welcome, not only from his church, but the entire town and the Pythian lodge, of which he is a zealous member."—Albany correspondence to the Charlotte Observer.

Monument to Hero of 1812.

On the 24th inst., there was a monument unveiled at Beaufort N. C. in honor of Capt. Oway Burns who commanded the privateer vessel, the "Snap Dragon," in the war of 1812. On the top of the monument is placed a cannon that was a part of the equipment of the vessel.

The monument was erected by three grandsons, W. F. E. O. and Owen Burns, and the veil was drawn by a grand-daughter, Miss Wilkins, of New York. Judge Walter Clark made the speech of the occasion.

Insane Man's Bloody Death.

A Leavenworth, Kansas, dispatch of the 24th gives the story of Michael Kelly, an insane man who deliberately shot and killed Robert Garret and probably mortally wounded Dr. Chas. McGee and wounded four others. He had been in the asylum and had been discharged with the hope that he was cured, or at least was harmless.

The Roosevelt Room Launched.

Kansas City, Mo., July 25.—Fifty prominent Kansas City Republicans today organized a 1904 Theodore Roosevelt Club. Its purposes are these: "To secure the nomination of Vice President Roosevelt for President in the Republican national convention in 1904; to have his convention held in Convention Hall, Kansas City, and to have Missouri present a solid Roosevelt delegation in the convention."

A public meeting under the auspices of the club is planned to be held in Kansas City soon, at which United States Senator Burton, of Kansas, and others will be asked to deliver speeches.

War Over With Him Now.

A Wheeling, West Va., dispatch some time since told the following little war story: "On a steamboat coming from Sistersville today Richard Paul and James Reed met for the first time since they faced each other in battle, 37 years ago. Reed was a Confederate and Paul was a Federal soldier. Paul had at ways declared Reed tried to kill him in that last battle and that he would not deem the war over till he licked him. He tried it today, but Reed gave him a terrific drubbing, breaking his nose and blackening both eyes. Paul now says the war is over and has made friends with his old adversary."

Counterfeiting Discovered.

Chief Wilkie, of the Secret Service, has discovered a counterfeiting game that amounts to something. And it did not occur through the ingenuity of some clever scoundrel, but through the carelessness or worse of some employe of a national bank or the government. In 1893 the State bank of New Brunswick, New Jersey, went out of business. The plates from which the national bank notes were printed were supposed to have been destroyed. But they were not, and counterfeiters have printed from them thousands of bills of small denominations, and these are in use all over the country. The notes are handsome and well printed, and it is estimated that two million dollars worth of them, face value, are in circulation. Most of the counterfeiters are two dollar bills, though some ones and fives have been printed.

The Actor That Failed.

In the Midsummer Fiction Number of McClure's Magazine, Clara Morris, whose "Recollections of the Stage and Its People" has proved such delightful reading, tells the story of an actor that failed—failed miserably. He was an understudy in a leading role in "Mazappa," and when called upon to assume the part, owing to the tragic death of the principal, he did not take advantage of his opportunities. As the "bery untamed steed," "Old Bob" turned "Mazappa" into a roaring farce. Walter M. Glackens's pictures are almost as amusing as the text.

Mr. F. M. Brown Dead.

Mr. Pleasant M. Brown died Friday morning at his home at Cleveland, Rowan county, of typhoid fever. Mr. Brown was about 55 years old and a man of Christian character, of much church zeal and of spotless character.

He was a member of the council of St. Luke's church, where the funeral was conducted today (Saturday).

To human appearance this death is peculiarly sad, as the loss of his first wife and all his property placed a burden on him for years. He had married a second time and had surrounded himself with home and business comforts.

He leaves a wife and five children, including two quite small by his second marriage.

Our sympathies are extended to the bereaved, while we share with them heartfelt grief over the loss of a true friend and a most exemplary man.

A Child is Drowned.

Dewey, the 2-year-old son of Mr. and Mrs. Isaac Burnett, of Arlington, Clear Creek township, this county, was accidentally drowned yesterday afternoon, at 6 o'clock. He had wandered away from the house, and while playing at the side of a pool, he fell in the water and the dead body was not found and recovered until some time after death. Dewey is the second child lost by death in Mr. Burnett's family this summer.—Charlotte Observer.

Glanders in York County.

Mecklenburg county has been quarantined against horses and mules, of York County, S. C., which joins it, on account of glanders which is raging there. The order from commissioner Patterson to commissioner Ross reads: "You are hereby authorized, in my name, as Commissioner of Agriculture, to quarantine any horses or mules which may come or be shipped into Mecklenburg county from the section in South Carolina in which said animals are infected with glanders or have been exposed to infection from that disease. If practicable, any animals from such section which have come or may come into your county should be returned to their owners at once, so as to avoid loss and inconvenience to them."

WHAT A DREADFUL THING IT IS TO WAKE UP IN THE NIGHT SUFFERING FROM CHOLERA MORBUS, AND YET CASES OF THIS KIND ARE VERY COMMON. THE TROUBLE, HOWEVER, WILL NEVER BECOME SERIOUS IF YOU KEEP A BOTTLE OF PAIN-KILLER AT HAND, FOR IT IS A REMEDY THAT NEVER FAILS TO CURE CHOLERA, CRAMPS, DIARRHOEA OR DYSENTERY. AVOID SUBSTITUTES. THERE IS BUT ONE PAIN-KILLER, PERRY DAVIS'.

Price 25c. and 50c.

Sheriffs to be Sued.

The Raleigh correspondent to the Charlotte Observer says that it is very probable that several sheriffs in the State will be sued for their failure to pay last year's taxes. Such an enforcement of the law would have a highly beneficial effect.

A Life and Death Fight.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c. and \$1.00. Trial bottles free at Fetter's Drug Store.

Mrs. Davis Better.

Mrs. Jefferson Davis is said to be so much improved that her condition is not regarded now as serious.

Next Little Find.

Capt. J. W. Leonard discovered another large nugget of gold on the Ingram mine. It weighs 106 dwts. This mine is attracting considerable attention.—Stately Enterprise.

Glutton Never Puts off till Tomorrow what he can eat today.

"If love levels all things it's funny that lovers don't go at it with level heads."

Concord High School.

The next session of the Concord High School will begin on Monday, September 2nd, 1901. There will be some changes in the corps of teachers, and a number of changes and additions will be made in the building and equipments, greatly increasing the advantages of the school.

Instruction is offered in the following subjects:

Arithmetic, Algebra, Geometry.

ENGLISH—Composition, Grammar, Rhetoric and Literature.

Latin, Greek, French, German, Civics, History, Geography, Spelling, Geology, Chemistry, Music and Book-keeping.

Competent assistants will be employed and every possible facility will be afforded for thorough training.

Since the school house has no boarding department and, therefore, the pupils are necessarily not under the direct supervision of the teachers, except during school hours, the principal will urge upon parents or guardians the observance of systematic study-periods at home. Thoroughness in every recitation will be insisted upon.

A Chance for Every Boy.

Every good boy, really desirous of obtaining an education, will be given every chance of getting one at Bingham School, near Mebane, North Carolina. The prices are reasonable and in the neighborhood board, fuel, lights and furnished rooms may be had for only \$8.25 per school month. For handsome catalogue, address Preston Lewis Gray, Mebane, N. C.

Record Broken.

The world's trotting record was broken in Cleveland, O., Friday by Crescens, the champion trotting stallion, making a mile in 2:02, thus lowering the record from 2:04, which was established by The Abbott.

The track was heavy on account of the rains the night before, but after two preliminary trials the word was given and George Ketcham moved off like a machine and before he had reached the three-quarter post, the ten thousand people in the grand stand were aware that a record was being established.

Negro Women Shout at Execution.

Little Rock, Ark., July 26.—Charles Anderson, colored, was publicly hanged here today, for a criminal assault on a white woman, one year ago. When the black cap was placed over the man's head scores of negro women became frenzied with excitement and rent the air with their screams as they rolled up on the lawn in the State house yard, adjacent to the place of execution. The recent Legislature enacted a law requiring rapists to be publicly executed.

It is estimated that it costs the people in the cities of this country an average of \$3.50 per capita to catch, prosecute and take care of criminals. Perhaps paying more attention to the young while being made criminals, establishing reformatories and other ways of keeping them from doing mischief might save at least 50 cents per capita.—Morning Star.

ADMINISTRATOR'S NOTICE.

Having qualified as the Administrator of the estate of Walter P. Parish, deceased, all persons having said estate are hereby notified that they must make prompt payment, or suit will be brought. And all persons having claims against said estate must present them to the undersigned, duly authenticated, on or before the 1st day of August, 1902, or this notice will be pleaded in bar of their recovery.

W. L. PARISH,
L. S. BONDS,
Administrators.
July 26, 1901.
By M. H. Caldwell, Attorney.

Silk Growing in the United States.

Whether we shall grow the thirty to forty million dollars' worth of raw silk which we are now importing depends more upon the question of feasibility than that of possibility, says O. P. Austin in Everybody's Magazine. Silk has been produced in many of the States, even as far north as New England, and as far south as Florida; but for various causes, chiefly lack of experience and the competition of the cheap labor of the Orient and Italy, it has not been a financial success. The application of the intelligence and skill which have brought success in other lines of long-neglected industry may change all this. The number of silk manufacturing establishments in the United States is increasing every year, thirty-nine new plants having been established in 1900 alone; and their product now amounts to over one hundred million dollars annually. It is not improbable that American genius supported by American capital may yet find a way of supplying from our industries the forty million dollars' worth of raw materials which these factories require.

Burglars in Durham.

Lloyd & Co.'s hardware store was broken into at Durham early Thursday morning. They lost \$5.00 cash, five pistols and a lot of razors and pocket knives. The store was damaged.

Cent and a Half for a Rat.

As a precaution against bubonic plague in Manila a cent and a half is offered for every rat killed.

Dr. Beckwith Not Married.

Now it seems that Dr. Beckwith, of Rocky River Springs, is not married as announced a few weeks ago.

Week-End Rates to Mountain Resorts.

Set the Verdict Aside.

The case of Charles H. Simpson against the Louise Mill was decided by the jury for the defendant. Yesterday, of his own discretion and without a motion, Judge Hoke set the verdict aside and ordered a new trial of the case. The plaintiff, a colored man, alleges that he was an operative in the mill and that while in the discharge of his duty he was damaged so badly by machinery in the mill that he lost an arm. He brought suit for \$2,000. Representing him are Shannonhouse & Brenizer and Capt. George F. Bason. Jones & Tillet represent the defendant.—Charlotte Observer.

Tent Meeting at Harrisburg.

We are requested to announce that the Rev. Mr. Galloway with his singer will hold a ten days' meeting at Harrisburg in a large tent, beginning the second Sunday, in August. The public is cordially invited.

Burglars in Durham.

Lloyd & Co.'s hardware store was broken into at Durham early Thursday morning. They lost \$5.00 cash, five pistols and a lot of razors and pocket knives. The store was damaged.
