

THE DAILY STANDARD.

VOL. V.—No. 124.

CONCORD, N. C., MONDAY, SEPTEMBER 19, 1892.

WHOLE No. 86

SHE'S 15 AND A HALF.

REPORTED HER FATHER AND MOTHER BOTH DEAD.

An Enraged Father looking up the Records Concerning the Marriage of His Daughter—Nothing seems to stop Love—May be an Ugly Case.

Mr. L. J. Overcash, of Mill Bridge, Rowan county, was in town making an investigation of some marriage records in the court house. Mr. Overcash is troubled and angry.

On Aug. 26th, while he and his wife were in Salisbury, Mr. Milas (Sam) Overcash, of No. 1, township, Cabarrus county, took Miss Minnie Overcash, the daughter of Mr. and Mrs. L. J. Overcash, and struck out for license. Mr. Wooten, the Register of Rowan county, refused to issue license because he knew the lady to be under 18 years of age. On being asked if he could get license in Cabarrus Mr. Wooten told him that he would have to swear falsely if he succeeded.

Mr. Milas (or Sam as they all call him) Overcash applied to Mr. Jno. K. Patterson, our Register, for license. Mr. Patterson not knowing him, required him to get a witness.

Mr. Overcash got Mr. R. V. Smith to go with him to Register Patterson. He secured the license, which shows as follows: "Mr. Overcash's name is put down Milas and everybody calls him 'Sam'; Miss Minnie is put down as 20 years of age and as a resident of No. 5, Cabarrus county. And the license states further that Minnie's father and mother are both dead, but they are living and the Standard thinks Mr. Overcash is the liveliest corpse it ever saw.

Mr. R. V. Smith and Mr. Overcash, the groom, swore in regard to the bride as follows: "That the parties applying for license are of lawful age, and so far as they are informed and believe, there is no lawful cause or impediment forbidding said marriage.

(Signed) R. V. SMITH,
M. OVERCASH."

Mr. Overcash says his daughter will not be sixteen until next February and that his bible, the church, record and the census shows it.

Mr. Overcash proposes to take legal action, for he "doesn't propose to have anyone run over his rights."

The ceremony was performed on the 28th of August, by Capt. J. M. W. Alexander, of No. 1.

Cleveland and Harrison Compared.
Baltimore Sun.

Mr. Cleveland represents the old-time Jeffersonian Republican, the Jacksonian Democratic policy of simplicity, frugality and moderation in public expenditures and taxation. Mr. Harrison is the ready advocate of lavish expenditure, of high taxation and of a liberal, if not a strained, interpretation of the powers of the general government.

Judicious Advertising.

Creates many a new business.
Enlarges many an old business.
Revives many a dull business.
Rescues many a lost business.
Saves many a failing business.
Preserves many a large business.
Secures success in any business.

A servant girl and two children were burned to death in Philadelphia Friday night.

An Interview With Mr. Hardy—Why He Left The Third Party.

In a conversation with Mr. D. M. Hardy, who put Dr. Exum in nomination in the Third Party Convention, and has since repudiated all connection with that party, he stated that he went into the Third party movement, because he knew that the people were suffering, and hoped that something could be done for their relief through the new party.

He said that he had no particular acquaintance with Dr. Exum, but knowing that his family stood well, thought that he would make a good candidate.

Before nominating him he asked Dr. Exum what he thought about this proposed change of county government, and the Doctor replied that he was opposed to any change and wanted things to stand as they were. He particularly stated "that he didn't want any nigger government."

A week after the nomination Dr. Exum stated in the presence of several persons at Goldsboro, and in Mr. Hardy's hearing, that he would rather have negro rule than the present State government.

Mr. Hardy, thinking that Dr. Exum had made that remark through anger and irritation, and being pained to hear it, later sought Dr. Exum and asked him about it, and Dr. Exum said yes, he did say it; and he meant it, and he had nothing to take back, and that he did prefer negro rule to continuing the present State administration. The Sunday after he was nominated, Mr. Hardy says that he and Mr. Wooten went to see Dr. Exum and Dr. Exum remarked to him that S. Otho Wilson had told him that the Republicans would give fifty thousand dollars to secure the electoral vote of this State for Harrison, and would elect the Third party State ticket if they could get the vote for Harrison. And Dr. Exum said that he would rather give it to the Republicans than to the Democrats.

Mr. Hardy said that having studied the financial matters, he ascertained that no law of which the people complained has been passed when the Democrats had control of either house of Congress, and he became thoroughly satisfied that they were not to blame for the condition of things; and becoming thoroughly satisfied that Dr. Exum was not a fit man to be Governor of the State, and further becoming satisfied that there was a movement to give the electoral vote of the State to the Republicans in pursuance of a corrupt bargain, he determined to leave the Third party and return to the Democratic party, and did so.

A Darling Woman.

From The New York Tribune.]

The beautiful and daring wife of Lieutenant Peary, who braved the rigors and perils of a winter in the Arctic regions, and the only civilized woman who has been nearer the North Pole than has any other of her sex and culture, is said to be only about 23 years of age.

A Variety.

Newfoundland has declared a 20 days' quarantine.

Joe Goddard has challenged Corbett to fight for \$10,000 a side.

There are no new cases of cholera in New York City.

An infernal machine has been intercepted on its way to Gov. Flower, of New York.

What Can Be Done With Wheat.

Cabarrus county does not claim to be the best wheat growing county in the State. But we claim that even 8 years ago flour (surplus) was shipped away from here; that if only ordinary attention is given to wheat growing in this county a large amount can be grown above what is needed for home use. After this there will be no just excuse for using western flour, as the county will be supplied with roller mills—Mr. Crowell's a certainty in Concord and there is a probability of that substantial and enterprising citizen, Mr. W. R. Kindly, of Mt. Pleasant, converting his milling property to a roller system.

In this connection the Standard desires to call attention to what can be done in the county. Mr. J. P. Allison for several years has been increasing his grain acreage. Last year his crop, on good and bad land, averaged over 12 bushels to the acre. On his best land he had a yield of over 25 bushels to the acre. Of course this has been accomplished by judicious and interested methods. No crop will succeed without care. His crop amounted to 1,700 bushels of wheat and 1,100 bushels of oats. In a conversation with Mr. Allison, the Standard learns that the Fulcaster is the better wheat for strong land, and that the White wheat suits lighter soil. Mr. Allison's success has been in his extreme care as to the selection of his seed. He really selects it before the wheat is reaped. By this method he gets the healthiest growth and the best matured. Out of his crop of wheat he selected wheat for seeding purposes that threshed out nearly 1,000 bushels. Frequently we hear of complaints about the "bad stands," which must be due, in great part, to bad seed.

Mr. Allison took up 3 bushels of wheat and 2 of oats out of the 1,000 he had specially picked for seeding, and exhibited at the fair. This exhibit was highly complimented. Commissioner of Agriculture John Robinson, said it was the finest exhibit of wheat he ever saw in the State; he liked it so well that he wants some of it to exhibit, on the part of North Carolina, at the World's Fair.

The Standard feels that there will be great improvement in the culture of wheat. Mr. Allison's success must have a wholesome influence in that direction and the roller mills will make it to the interest of the people.

Branching Out.

The Stanly News has this to say: Swink Bros., of Concord, N. C., opened a store at New London last January. They seem to like the Stanly trade so well they have rented a room of the King brick building at Albemarle, and will put in a first class stock of general merchandise at once. They seem to be following the Stanly trade, and the more we give them the better they will like it. The firm is well known to Stanly people who used to go to Concord with their cotton, eggs, chickens, etc., to buy supplies. We are glad to have these men with us and trust that they will receive the patronage that they deserve.

There is a business man in Albemarle, who is so economical that he cuts his own hair.

Gen. Stevenson received a rousing reception at Charlotte.

RACKET.

WASTE EMBROIDERY SILK.

A fine assortment of bright colors only 38c per ounce, post paid to any address on receipt of price. This is cheaper than you can get it at from the factory.
