GEN. BARRINGER DEAD.

Death of the Man, Who Was a Soldier, Officer, and Prominent.

Gen. Rufus Barringer, of Charlotte, died Sunday morning at 9:20, after a long illness, at the age of 81. He was born in 1813 and was therefore 81 years and 1 day old at the time of his death. For a year he had been in declining health and for the past several years he has been hopelessly weaker daily.

Gen. Barringer was born in Cambridge, N. C., was a graduate of the West Point, who was a German. He was a brother of Gen. James H. Lane, the mother of Gen. W. C. C. and W. W. Means and Gen. John M. Jones of our place. He was a member of the University of North Carolina. After receiving a law degree, he acted in the army and was killed in the battle of Gettysburg.

He was a member of the 1st Cavalry, and was killed in the battle of Gettysburg. He was a member of the 1st Cavalry, and was killed in the battle of Gettysburg. He was a member of the 1st Cavalry, and was killed in the battle of Gettysburg.

Gen. Barringer was a Republican until 1864, when he voted for Cleveland, and since then he voted the Democratic ticket. There were eleven in Gen. Barringer's family, only two of whom were living: Mrs. Grier, mother of Dr. S. A. Grier, of our county, and John Victor Barringer, who for years has held a Government position in Egypt.

Gen. Barringer has contributed much to the honor and good name of his State. He is revered to be perfectly accurate in all things. Whilst he wanted every cent due him, he paid every cent he owed, was always liberal to church, and every cause deserving of benevolence.

He leaves a good estate; he leaves \$500 to the Meigsburg Camp and \$500 to his old Cavalry company.

Gen. Barringer was thrice married. His first wife was Miss Eugenia Morrison, sister of Mrs. Stonewall Jackson; his second wife was Miss Rhoda Chunn, of Asheville. His third wife was Miss Margaret Long. She and one son survive him.

The funeral was held in the Presbyterian church at 11 o'clock on Monday, February 4.

Wanted Right Out.

Tilly Long, a disreputable colored woman who was tried before the recent term of court for being a naughty girl and bad conduct and who was sentenced to six months on the chain gang, made her escape from the officers without them knowing it until some time after she had gone. After the sentence was passed, she walked right out of the court house unnoticed.

Tuesday afternoon Deputy John Cruse caught the woman in the lower edge of the county, near the Union line. She was wending her way Southward. Mr. Cruse had some trouble in bringing her to town as she was very contrary and repulsive. She will have a new frock now.

SOUTHERN STOCK MUTUAL.

A Home Insurance Company by Home People and Home Money.

It has long been a problem among business men how to do our own insurance safely and profitably and thereby keeping within this State a part at least of the enormous amount of money which is paid annually by our people into the outside Fire Insurance Companies.

There is likewise a growing demand from the insuring public for cheaper insurance and first fire then the stock companies seem able to furnish.

We believe that the plan of the Southern Stock Mutual Insurance Company which is now being inaugurated in Greensboro will solve the problem on the one hand and supply the demand on the other.

This company begins business with a subscribed capital of \$100,000, which for the class of business proposed, will make policyholders as secure and give the company as good credit as if it had the capital and surplus of some of its older and stronger competitors.

The capital is subscribed by 20 men whose names appear below, and represent over five millions of dollars.

The policy of this company will be different from that of most newly instituted companies whose usual bid for premiums is cutting of rates. The Southern Stock Mutual will charge the same rates as other companies and will reduce the cost of insurance to its policy holders by making the sharers in the profits of the company. At the end of each year, after paying losses and expenses and setting aside ten per cent of the gross premiums to accumulate as a reserve fund (the income from which will go to the capital), the profits will be returned to the policy holders.

This feature of the policy holders participating in the profits will enable this company to do a thing which present competition precludes the stock companies from doing. It will enable the Mutual Company to exercise a degree of selection which under present conditions would not be possible otherwise, and to reduce the cost of insurance is the only way that seems practical now, by excluding that which is bad and unprofitable.

The plan has the endorsement of many of the most influential and successful business men of the State. Below is a list of incorporators and subscribers, and it is doubtful if there is a stronger association of business men in this State:

- J S Spencer, Charlotte.
- E D Latta, Charlotte.
- W E Holt, Charlotte.
- D G Worth, Wilmington.
- Lawrence S Holt, Burlington.
- Sam'l McD. Tate, Morganton.
- James P Sawyer, Asheville.
- J S Carr, Durham.
- Edwin Shaver, Salisbury.
- F J Murdock, Salisbury.
- L Banks Holt, Raleigh.
- Bennahan Cameron, Raleigh.
- A F Page, Raleigh.
- J M Worth, Asheville.
- J W Scott, Greensboro.
- J Van Lindley, Greensboro.
- L M Scott, Greensboro.
- E P Wharton, Greensboro.

The company was organized here today by the election of the above named gentlemen as directors and the following officers:

- J M Worth, President.
- E P Wharton, Vice-President.
- A W McAlister, Secretary and Treasurer.

This is in one sense a Greensboro enterprise as Greensboro men, Messrs. E P Wharton and A W McAlister are the originators and promoters of this plan but it is more properly a State enterprise since every section of the State is represented by its incorporators and promoters - Exchanged.

Weather Notes.

Much rain and cloudy weather.

Mrs. Clark and Eschardt have just returned from Quarterly Meeting in North Carolina; they report the Yadkin river pretty full.

Mr. J. W. Peeler has not sold his cotton yet; he perhaps is expecting a better price and the legislature has not met.

We had some citizens here from Durham Friday, but that is not uncommon; we see them most every day.

A few farmers have passed this way already.

Mr. John Moore is home on a visit; he has been in Richmond county and Charlotte for a couple of months in the carpenter business.

The schedule is changed the train passes here at 6:30 a. m. It takes pretty soon lodging to get here in time for the train for those by the some little distance from the road. It returns at 2:10 p. m. TAN HUNT.

Life Size Portraits.

Having decided to go to Florida when through with my Art Cranio pupils here, I want to close out my stock of frames. In order to do this I will make life-sized portraits, either from photographs or from life, and frame them complete at the following unheard of prices:

- My \$10 portrait and frame for \$6
- " \$15 " " " " \$8
- " \$20 " " " " \$10
- " \$25 " " " " \$14

I will make any of the above styles, framed complete, for any clergyman, at \$5.

This means virtually a fine, life-size portrait to the clergy absolutely free.

These offers will remain open only one week. 5t OTIS A. MILLER.

Individual Communion Cups.

Rev. Dr. Cressy is nothing if not progressive. At his communion service Sunday he inaugurated the cup system in serving the wine. He had fifty small glasses, in each of which was put a teaspoonful of wine. After fifty persons had been served the glasses were taken in the church parlor, washed, and brought back ready for fifty more. The individual cups for communion have been agitated and urged no little as a safeguard against bacteria. Dr. Cressy is the first Charlotte pastor to adopt this system.—Charlotte Observer.

The Pathway of Knowledge IS THE Road to Success

Victor Hugo

In speaking to young men, Victor Hugo said: "It is the learning acquired at midnight that will make your future bright and dazzling as the day." And in this terse epigram the great Frenchman stated a truth that applies equally to struggling, ambitious young men the world over. Inasmuch as you have set your place to make in the world, and will avail yourself of opportunities to increase your knowledge and improve your mind, so will you make your life successful and happy. A man's brain is a garden given him to cultivate, and whose products will be his support.

Plant That Garden

with seed of knowledge and from the vines will grow the blossoms of financial gain and honorable preferment. Never before in the history of the world have young men had an opportunity to fit themselves for the battle of life as it is now. In this, as in everything, the American push and pull will lead the world.

All that the college graduate has been taught, and more, can be secured by the young man who gets a set of the Encyclopaedia Britannica now offered to The Observer subscribers on the easy payment of 10 cents a day. But remember that our special introductory offer is for a limited time only.

His Son's Blow Proved Fatal.

Milford, Del., February 4.—Trustin McColley, aged 43, a prominent farmer, who resides about five miles east of this place, was killed on Saturday by his son.

About 4 o'clock on Saturday afternoon McColley's youngest son, Harry, started to walk to Milford, but his father ordered him to remain at home. When the boy refused to do so, McColley caught him by the shoulder and threw him to the ground. Amos, the oldest son, aged 19, went to his brother's assistance, and, on the impulse of the moment, picked up a stick of wood and hit his father a blow upon the head, which felled him to the ground and fractured his skull. McColley never regained consciousness. The murderer has not yet been arrested.

The Concord Presbytery

Held a call meeting in the First Presbyterian church on Tuesday. The business was dissolving the pastoral relations of Revs. Pell and Lequeux, who go to other parts of the field.

Shoes Heard From.

The Standard several days ago made a note of shoes having been seized by chief of police Bager, that were found buried in the cotton seed at Young's gin house. They have been heard from. The shoes were manufactured by the Bay State Shoe company of New York, and are supposed to be the ones that were shipped to an order of the Tennessee Coal and Iron company, of Birmingham, Ala. Chief Bager is tracing them all around.

The End in Sight.

Dr. R S Young on his return trip from a trip to Northern cities, met up with Secretary Hoke Smith, of the Interior. Mr. Smith, in speaking of public matters etc, gave out that in his opinion the present panic is nearing an end. That in 30 days it will have disappeared. The reason for this is that the foreign credit of this county is such that our bonds are sought and whenever forces in this country see that they can not dictate and get control of the issue of bonds, that the necessity for such will cease.
