DON'T WANT A NEW STREET

But Would Like to Have the Old One Remedied—Mr. Cook Makes a Fair Offer.

Citizens in the extreme north-western part of the city are and have been complaining about the bad condition of the red hill just beyond the branch this side of Mr. Wallace Cook's.

In the winter time when the roads are cut up and the bad spell is on, not only the vehicles and horses, but pedestrians as well, have a struggle to get along that part of town, and it would be well if the authorities would work on it before the bad season arrives.

Mr. Cook, who lives in that part of town, says that they don't want a new street, but would be greatly pleased if something was done to improve the one they have. He says he will furnish a wagon and haul rock enough to put it in good shape if the town will do the rest. He says the citizens in that part of town pay their share of taxes and should get their portion of attention.

Death of Mrs. Leazer.

Wife of Supt. Leazer of the State Penitentiary died of typhoid fever at her home in Mooresville Wednesday at 3:45. She leaves one child six years old.

There's Where Sore-Headed Politicians Go.

Walter R Henry will in the next issue of the Caucasian, Senator Marion Butler's paper, announce that he has left the Democratic party and become a Populist. He will aid in a canvass of the State. He made an attack on Senator Ransom not long ago which Populist papers printed.

Concord High School.

In another column THE STANDARD publishes the announcement of the Concord High School, which opens September 2. Mr. Holland Thompson, of Statesville, is the principal and his qualifications and talents for teaching are highly spoken by Prof. Alderman and Dr. Hume of the University. THE STANDARD predicts that Mr. Thompson will receive a very liberal patronage, as there is much need in Concord for a High school, one that takes up the work where our Graded School leaves off.

Mr. Thompson is welcomed to Concord. See announcement elsewhere.

Draped in Black.

Many of the bicycle riders of this city have placed a band of mourning around their wheels and are to parade the sidewalks late this evening for the last time. As it is, the boys who own wheels are several weeks behind the rage.

All Free.

Those who have used Dr. King's New Discovery know its value, and those who have not, have now the opportunity to try it free. Call on the advertised Druggist and get a Trial Bottle, Free. Send your name and address to H. E. Bucklen & Co., Chicago, and get a sample box of Dr. King's New Life, Pills Free, as well as a copy of Guide to Health and Household Instructor, Free. All of which is guaranteed to do you good and cost you nothing at Fetzers Drug store.

Piano Tuner Coming.

Mr. Wilmouth, the most excellent tuner of Ludden & Bates, of Charlotte, will be in Concord in a few days and those desiring pianos tuned will please leave their names with Dr. Young or at the St. Cloud Hotel.

THE FAIR GROUND SWITCH.

The Matter to Be Looked Into at Once and Reports Made to the Officers of the Southern—If all Works Well Two Mills Will Go Up Soon.

STANDARD readers will remember that efforts have been made and much said through these columns to secure the building of a switch to the Fair Grounds, where it was proposed to erect a large cotton mill. Afterwards another party said that if the switch was built he too would see that a second mill was built.

Attorney W M Smith sent the papers and letters from several interested citizens to Mr. W H Baldwin, third vice president of the Southern.

Mr. Baldwin answers that he has heard from Col. Andrews on the subject and after considering the matter has directed the Superintendent of the road, together with the Division Freight Agent, to call upon our people at once and to look over the ground and make a full report.

Mr. Baldwin assures all concerned that the question will have their most careful consideration.

This and other matters in the letter make the outlook very promising for the building of the switch.

When these representatives appear on the grounds let the people be ready to show what will be done when the conditions are made right.

THE STANDARD feels it in its bones that in a very short while Concord will have on its Southern borders two new cotton mills.

Let the good work go on.

Charlotte the City of Refuge.

It appears that when the colored people get into trouble they make straight for Charlotte. In the past six months Chief of Police Boger has run down three criminals, two escaped convicts from the chain gang and the one brought over Tuesday night, who was an ex convict, Charles Barnhardt the first one caught, had been living in Charlotte for three years and had four more years to serve on the chain gang. The next one had yet four months to serve. Charlotte can be termed as a "city of refuge." Chief Boger has a good nose for and does some good work in bringing to justice the lawbreakers.

Could Sell as Cheap as Anybody Else.

A man was on the streets with watermelons for sale. He asked a merchant a high price for his product, but the merchant told the farmer that he could buy cheaper from another man, because he (the other man) bought his seed on credit and had never and would never pay for them. The farmer dropped his head for a moment, and looking up said: "Well, if that is so, I can sell as cheap as anybody else, for I got my melons last night."

Buck Kitchen on Straddle Bags.

This gentleman writing in this week's issue of the Progressive Farmer says: We write and talk about gold bugs, silver bugs, potato bugs, bed bugs, but I believe a straddle bag is of recent origin, and no one as yet has undertaken to give his genealogy. The straddle bug must be, from his name and character, a cross between a gold bug, a silver bug and a bed bug.

[And this old broken down politician, out of a job, is a picturesque back-date bug.]

AT ST. JOHN'S.

The Marriage of Dr. Barnhardt to Miss Ella Ridenhour—Gone to Wrightsville.

Promptly at 7 o'clock Wednesday evening the doors of St. John's Evangelical Lutheran church were thrown open to receive the guests who witnessed the happy marriage of Doctor Charles H Barnhardt to Miss Ella Ridenhour, daughter of Mr. and Mrs. D H Ridenhour, of No. 8 township, and sister to Mr. R E Ridenhour, of this city. The ceremony was a pretty one, Rev. J Q Wertz conducting it, and the church was magnificently decorated.

The ushers for the occasion were Messrs. T H Ridenhour, W A Foil, Wilburn Tucker and Dennis Giles.

The attendants who grouped around the altar were Mr. John M Cook with Miss Mollie Suther; Mr. D D Barrier with Miss Hattie Misenheimer; Mr. W A Ridenhour with Miss Clara Oehler. Misses Pink Ridenhour and Nell Fisher preceded the bride, while Messrs. V O Ridenhour and Homer Barnhardt escorted the groom to the marriage altar. The affair was a pleasant one.

Miss Effie Misenheimer presided at the organ.

The bridal party was given a reception at the home of the bride on Tuesday evening. The supper was an elegant one.

Dr. and Mrs. Barnhardt left last night for Wrightsville, where they will spend several weeks.

Don't Like to See It.

"The Herald don't like to see such things about its home boys as this, which is taken from yesterday's Concord STANDARD: "The "Stars" have written to the Salisbury boys, begging them to come down and play ball, but they are as slow to answer this time as they were several weeks ago and the small boys have about concluded that Salisbury can't and don't want to play with them again." We suppose the "Pugs" are the boys alluded to. Now, boys, get yourself together, accept the challenge and go down to Concord and lick the "Stars" so bad that they'll be satisfied for a good twelve months to come."—Salisbury Herald

Satisfaction is all that our little fellows want, and on their own ground they "in generally get it," so to speak, although one can't always some times tell, for Salisbury has a clever set of players.

At a New Place.

Since the bicycle ordinance has been passed and there are no more privileges on the sidewalks for those who desire to ride, a very charming Miss has donned the bloomers and is daily practicing horse-back riding. She is as expert now as many older ones are, who have ridden horses all their lives.

Voluntary Advance in Wages.

Houghton, Mich., Aug. 21.—The Quincy, Wolverine and Keonaw copper mines have announced a 10 per cent. raise in wages, effective from August 1st. The other six active mines have previously announced a similar advance from the same date. The increase in wages in Houghton county will amount to nearly \$50,000 per month and this advance was voluntary on the part of the mine-owners.

Three cases of typhoid fever are reported.

North Carolina College,
