**A MINISTER GUARANTEES**  
**A Full Fruit Crop if Distilling is Stopped—Miss Fisher Accepts a Position at Von Bora Seminary—8,000 to 10,000 Bushels of Wheat Threshed—Dr. Barnhardt to Locate There.**

MT. PLEASANT, August 27.—A cry for more money may betoken an impoverished condition of the masses, but had the cry, which has been heard for many months, been for food, our condition would be serious indeed. We ought to be thankful that a money famine and food famine have not come upon us at once. A fair crop of fruit will be added to the food supply for another year. With us it is being dried and preserved, for the German and their descendants are fond of "snits and dumplings." Much of the fruit is being distilled in different parts of the county, but that is always done when it is plentiful. This may be the cause of the frequent destruction of the fruit. In fact some men believe so; for we heard a minister once declare from the pulpit that he would guarantee that fruit would be plentiful every year if the people would desist from making brandy.

Miss Sallie Fisher, of this place, will leave in a few days for Virginia, having accepted a position in Van Bora Female seminary.  
 Mr. E Grant Buchanan came down Saturday evening to spend a few days with his brother.  
 Threshing was completed last week in this section. Several companies threshed from 8,000 to 10,000 bushels of grain.  
 We learn that Dr. C H Barnhardt will, on his return from the seashore, establish himself here for the practice of his profession. We welcome him for he is a all-round good fellow.

**The Salisbury Racing Association.**  
 It is a myth. There is no such an organization. The president John O Montclair, claimed to be a New York man, is none other than Ike Fraley. He's the man that did it all. It was said that there were purses of \$2000. This brought many fine horses. It was found out that there was no money and no association—nothing but Mr. Ike Fraley. There is indignation against him.  
 The town people of Salisbury have arranged to have the races after all.

**Two Lives Saved.**  
 Mrs Phoebe Thomas, of Junction City, Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result every thing else then bought one bottle of Dr. King's New Discovery and in two week was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Fetzer's Drug Store. Regular size 50c. and \$1.00.

**"Land Posted" Notice.**  
 I hereby forbid any parties from trespassing such as hunting, cutting timber, walking or driving, removing fruit or anything of any description—on my plantation, known as the Daniel Suther lands, in No. 4 township.  
 Anyone violating this notice will be prosecuted to the fullest extent of the law. Jno. A. KIMMONS.

**Death of Esq. J. O. Witherspoon.**  
 Cabarrus county never had a better citizen than Esq. J O Witherspoon, of Coddle Creek, No. 3. STANDARD-readers have been advised of his serious illness with typhoid-pneumonia. The loving attention of family and many friends and the skill of physicians could not arrest the disease. It went from bad to worse until the vital strength of our friend, popular with and esteemed by all, perished and death came to him Monday between 11 and 12 o'clock.

It is a shock to the neighborhood and to the many who knew him and admired him. His death is a loss to No. 3, to the county. Though not over 35 he was developing into a fine business man, of fine taste and splendid judgement. A bright and promising future was before him, but it was willed otherwise, for death hath an end to this good man's earthly career except the never-dying influences of the good deeds and the excellent example, that characterized his life—these will live on.

Mr. Witherspoon had a store at Coddle Creek, was the postmaster, and taught the school at the academy there for several years with great success.  
 He was married twice, the first a Miss Patterson and the widow was a Miss Kerr. He leaves five children.  
 John Witherspoon's death is a heavy loss to his community and his place will be hard to fill and he will be greatly missed. The community and many friends will deeply sympathize with the bereaved. THE STANDARD has lost a loyal, helping friend.

**A NEGRO MURDERER.**  
**Charlie Lloyd Commits a Cold-Blooded Murder—Captured and Escaped and Captured Again. His Victim a 17 Year Old Boy.**

At the Haile Gold Mine, S. C., Mr. William Welsh, a 17-year-old boy and most estimable one, was murdered by Charlie Lloyd, a mean negro desperado, who was reared in this county near the Phoenix mines, and went to South Carolina with Capt. Thies' force. There was no provocation, the deed was dastard and in cold blood.

The negro Lloyd shot the deceased through the body, killing him almost instantly, and shot him twice through the head after he was apparently dead. He also shot and broke the arm of a young man named Hought at the same time. He made good his escape and started towards Charlotte.

The following officers at once set out to catch him: J J Bowers, Jack Crow and Reed Williams, of Kershaw, S. C., and W T Keith, John Shepherd and Frank Wesley, of Monroe. The former two reached Concord Monday evening; two others came in from Monroe, having left there early Monday morning.

The following from the Monroe correspondent of the Charlotte Observer explains it all:  
 "Two officers started here and arrived Sunday afternoon. By a strange coincidence they met up with the desperado at the high school building and tried to get him, but he ran and, as there were several persons in the way, they could not shoot till he was some distance away when they shot four times at him as he fled. He turned and shot twice at them and made his escape.

A crowd was organized and went in pursuit at once and was close on him several times last night but did not get him. He was arrested this morning fifteen miles north of here by Deputy John Griffin and Mr. Cleyburn. They disarmed him and tied his arms above his elbows and behind him. They started here, and when they reached Stewart's Fork, three miles from here, they all three got out of the buggy. The horse became frightened and started to run. Cleyburn grabbed the horse and was trying to hold him. The prisoner took advantage of this and in some mysterious manner instantly got untied and knocked Griffin down. He arose in a instant, but as he did so the negro took the pistol and knocked him down again. As he got up this time the pistol was pointed to his breast, but he knocked it fifteen feet to one side before the prisoner could shoot. He was knocked down the third time by the desperado. It was all done in a fraction of a minute and the criminal ran. Mr. Griffin had his pistol by this time and shot twice at the negro. The officer was badly bruised and a posse of about fifty went and caught the murderer in the woods about a quarter of a mile from there. He was wounded but many shots were fired before he was taken. He has several shot in him but none of the wounds are serious. He is in jail awaiting word from the authorities in South Carolina.

Chief Boger pulled Mr. D Monroe Widenhouse for too much liberating enthusiasm, resulting from the fruit crop.
