Concord, N. C.

CONCORD, AUGUST 30, 1895.

THE SUNFLOWER.

It is predicted that before many years the sunflower will come into general cultivation in this country. As a plant it has no superior for vigor, rapid growth and prolific yield of seed, leaves and stalk, all of which can be utilized. The seeds are especially good as feed for fowls, and when mixed with grains they are relished by all farm animals. Fifty bushels of seed to the acre is a fair yield, and this will produce gallons of oil worth \$1 a gallon. In China a valuable fiber, used in silk weaving, is obtained from the stalks, and they are of service as a fuel and a source of potash. The orientals mix their tobacco with cured sunflower leaves, which are also rich in honey and wax. The sunflower grows riotously in the United States, and stands all extremes of weather well. Plainly, it is one of nature's great gifts, but as yet unappreciated.

Up to date Charlie Lord, the murderer of young Welsh, has not "gone to Glory."

Wiping the horse out as an active power of civilization was bad enough, but cutting him and canning him for beef! This is tough.

Russell sage is very fond of apples and eats five or six each day of his life. He is very fond of jumping behind his confidential clerk when a bomb is dropped.

Just what Mrs. M H Fairbrother is making out of the Durham Recorder, at Hillsboro, we haven't been given an opportunity to see. What have we done that the Recorder does not come here?

One year ago the Southern News paper Union at Charlotte printed the outsides or insides of fifty-four papers. Today it prints one hundred. The increase is principally Populist sheets.

The Durham Daily Sun has increased itself to six columns. Bro. Robinson has the very best wishes of this newspaper shop for his continued success. The Sun always shines in this office and entertains us. Here's our .

Daniel Boone's gun is still carefully preserved. Its stock and barrel are five feet long and it carries an ounce ball. It is now owned by Nathan Boone Van Bibber, a descendant of the famous Kentucky pioneer, and is in Charleston, W. Va. The original powder horn and bullet mould are with the weapon.

We rode on the hind seat of the hind car of a train from Charlotte,

Thursday evening. We looked back. In the distance of twenty-two miles, thirty-seven tramps were sidetracked—just how many were riding on the rods under the cars, we had no means of telling. We couldn't keep from thinking of what our Senator Butler said: "The legislation for years has been throwing men out of employment." Were these thirty-seven some of the Senator's knocked-out-men?

The Boston Herald says: "It is foolish to oppose the bloomer girls by 'boycotting' such shapely damsels as have adopted this cycling costume, as it will only fix the dear creatures in their determination to wear 'em. Those young men who have formed an anti-bloomer brigade, the rule of which is to ride with no girl thus accounted, shows they are very green in their knowledge of human nature, especially women nature, and they are advised to recant as rapidly as possible, or they will be left without a girl to their names. As reformers they are failures."

Editor Marshall, of the Gastonia Gazette, has been down around Louisburg, his home of fifteen years ago. Instead of finding the usual crops, he found tobacco the leading crop. Then he goes into a recipe for raising tobacco and then describes the weed that is the result of the executed recipe. A visitor in this office, reading it, was so moved that he asked us for a "chaw." The article was so well written that we tried it on six others—the seven used up and otherwise appropriated a whole plug of Cannon Ball tobacco. Mr. Marshall's tobacco thesis shall never again be read in our presence—the performance is too depleting.

In conversation with a prominent Democrat of Charlotte, and one who wields an influence in Democratic councils, the fact was brought out that every living chairman the State Democratic Executive Committee has had for years is for free coinage. Ex-Judge Spier Whitaker, E. C. Smith, Simmons and the present chairman, Mr. Pou, are free silver men.

Col. Ike Fraley, the race horse lover of Salisbury, is getting some unenviable notoriety. Besides accused of being "President Montclair," of New York, he is sued as one of the results of the mythic racing association of Salisbury. Col. Fraley don't do much on a newspaper explanation.

If Grover Cleveland was as mean and tyranical as some people accuse—closing the mouth of the press—he would have Bob Deal, of the Wilkesboro Chronicle, decapitated. Robert is postmaster and he's for free silver and he talks it through his paper. What lies they do tell on our president! He wouldn't hurt a hair on Brother Deal's head, Cleveland, wouldn't.

Some scattered Republicans may talk free silver, but when the time comes they will be found voting against Democratic candidates with all the delight of gratified hostility. Democrats will win or lose by what they do for themselves. If they cannot organize a straight Democratic party behind a platform they cannot play winning politics.

The Young man Morris, who was to eat 125 pounds of watermelon last night for a wager of five dollars, did not take place.

LOSS OF VOICE After Acute Bronchitis CURED BY USING AYER'S Cherry Pectoral

A PREACHER'S EXPERIENCE.

"Three months ago, I took a violent cold which resulted in an attack of acute bronchitis. I put myself under medical treatment, and at the end of two months was no better. I found it very difficult to preach, and concluded to try Ayer's Cherry

Pectoral. The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BRAWLEY, D. D., Dist. Secretary, Am. Bapt. Publication Society, Petersburg, Va.

Ayer's Cherry Pectoral GOLD MEDAL AT THE WORLD'S FAIR.

AYER'S LEADS ALL OTHER SARSAPARILLAS.

TRUSTEE'S SALE OF A VALUABLE GOLD MINE AND A LARGE LOT OF MA-CHINERY.

By virtue of authority vested in us by a mortgage or deed in trust, executed on the 15th day of June, 1892, which Mortgage or deed in trust, is duly recorded in Register's office for Cabarrus county, book 36, page 68, we will sell at the court house in Concord to the highest bidder for cash on Monday, the 2nd day of September, 1895, all that tract of land, adjoining A W Bost, Morton Petrea and others, beginning at a stake, A W Bost's corner, runs thence south eighty two degrees west ninety-one perches to a stake in the hollow, M M Petrea's line; thence south three and one-half degrees west twenty perches to a pine stump; then north seventy degrees west twenty perches to a white oak on the bank of Hamby branch; then south thirty degrees east one hundred perches to a stake on the bank of Hamby, formerly sweet gum; then south eleven degrees east twenty-six perches to a walnut; thence north seventy-five degrees east forty-five perches to a stake, Bost's corner; thence north three degrees east one hundred and twenty-seven perches to the beginning, containing fifty-eight and one-half acres of land, more or less. Together with all the buildings now on said tract of land and the steam engine and boiler, mills and machinery and appliances to the same belonging therein and thereon and generally everything now placed on said tract of land necessary for the development of the mineral resources of the same or for mining gold ore thereon, or for the reduction and treatment of the same and generally all the corporate rights and franchise of the said party or their successors or assigns. The said tract of land being the same which William H Orchard, trustee etc by indenture bearing date the twenty-third day of July A. D. 1881, duly registered at Concord, North Carolina in book No. 34 page 364 etc granted and conveyed unto the said party of the first part in fee. The above property will be shown any one, prior to sale day, by application to parties on the premises. There is a large quantity of ore upon this property, which has already been mined, and the machinery is suitable for grinding the ore. This 18th day of June, 1895.
