**THE NEGRO EXHIBIT.**

**A Bust of Charles Sumner By Edmonia Lewis, of Rome—Chief of the Various Departments for the State.**

The work of installing exhibits at the exposition is going forward rapidly. A contribution to the success of the negro exhibit, will be a bust of Charles Sumner—a fine piece of sculpture by Edmonia Lewis, of Rome, Italy. The sculptor is in Rome looking to other exhibits. Active preparations are being made by directors of the exposition, looking to the entertainment of the large number of colored people who will attend the exposition from every section of the country. Persons have been engaged to thoroughly canvass the city under the direction of the chief of the negro department and arrange systematic manner for the comfort of colored visitors. A colored hotel of 200 or more rooms, to be conducted on the European plan, is a surety, located at a convenient spot near to the exposition grounds.

Captain Valentine Howe, Wilmington, has been appointed chief of the firemen's department for the State; Sylvester Dibble, Washington, N. C., assistant fireman; W M Schenck, Wilmington, chief director of baseball clubs; L J Houser, chief director of bicycle clubs for the State, Captain C S L A Taylor, Charlotte, chief director of military department; J L Montgomery, Concord, chief director of barbers; Jethro Sumner, Charlotte, assistant; Prof. Murphy, Statesville, musical director; H H Hayden, photographer for State of North Carolina.

Very truly, W. C. COLEMAN, in  
Charlotte Observer.  
Concord, N. C., Sept. 5, 1895.

**Lock Your Chicken Hoosts.**

The following from the Charlotte Observer sounds a warning:

"A colored man, calling himself Alexander McCallum, from Red Springs, struck the town yesterday. He claims to have been working in the turpentine field one day when the Lord appeared and took him to Heaven, where he saw many angels and the Lord. He did not see Paul, Peter and John, for they were still in paradise, but, being inspired, he came back, and is now interpreting the Bible for his brethren. He had something wrong with his mouth and cannot be well understood at first, but one will soon catch on to his story."

**Notice.**

**Marvelous Results.**

From a letter written by Rev. J Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discover, it was quick in its work and highly satisfactory in results." Trial bottles free at Fetzer's drug store. Regular size 50c. and \$1.00.

**THE SILVER CALL.**

Names Sept. 25th for the Meeting of the Friends of Silver of All Parties.

Tonight the following was issued, signed by Ed Chambers Smith, N B Broughton, B R Lacy, S A Ashe, J C Scarborough, W C Stronach, B C Beckwith, O H Cooke and others:

"Whereas, A great many prominent Democrats from different portions of North Carolina have signed and sent to us a recommendation for the holding of a State convention at some early date of all persons opposed to the single gold standard, now, therefore, in obedience to this request, we hereby invite all persons who believe that the unit of value which existed prior to 1873 should be promptly restored, and who believe in the immediate free and unlimited coinage of silver and gold at the ratio of 16 to 1, irrespective of the policy or action of other nations, to meet in convention at Raleigh September 25th inst., for the purpose of consultation. This invitation is intended to embrace members of all political parties regardless of their convictions on other subjects."

**Once the Earliest.**

Mr. Martin A Ludwig spent Saturday in town, but he did not bring the first bale of new cotton. Years ago the race was between him and the late John H Morrison. First one and then the other beat. Mr. Ludwig has many a time ginned cotton to 3 o'clock in the morning and then loaded up the bale and made for town.

**One of the Street Force Makes a Find.**

While the street force was clearing the grass and trash from the ditch on East Depot street this morning Henry Plunket, one of the faithful hands, found in the crevis of a rock in rear of the bank a small, double-barrel, brass handle pistol, known as the "pepper-box" kind. The barrels are about eaten up with rust, but the machinery part is in good working order.

**Badly Scalded.**

About the worst done up man we have seen on the streets in some time was Mr. H E Bates, an employee of the Cornelius cotton mills at Davidson College. On Thursday while working around the big basin in the slasher room, himself with Mr. Richard Stough, secretary of the company, and a Mr. Hunter, who attends to the slasher machine, were victims to a terrible scalding. The lid to the kettle flew off and the slasher threw boiling composition all about the room. Mr. Stough was was seriously and probably fatally steamed, while the other two men escaped through a window without any great damage, other than their faces terribly burned. Mr. Bates face is not a pretty one to gaze upon in its present disfigured condition

Respectfully,  
J. F. DAYVAULT.

**Sprained His Arm While Playing Ball.**

Baseball has been the cause of considerable suffering among the players during the season, and at this late hour we yet chronicle accidents. At the High School grounds Friday afternoon a game was in progress when Master Richard Gibson was a runner. He stumbled, fell and sprained his arm. The little fellow suffered intensely Friday night, and not until his arm was examined this (Saturday) morning was he satisfied that it was not broken. But then there is no danger in playing baseball if you can avoid accidents.

"I've bought a bulldog," said Parsniff to his friend Lessup, "and I want a motto to put over his kennel. Can you think of something?"

"Why not use a dentist's sign. 'Teeth inserted here?'" suggested Lessup.
