WHEN THE PARTY SPEAKS.

If we believed the "gold bug" idea would be a blessing to mankind, in the majority, we would say God speed it; if we believed that the free coinage of silver idea would be a blessing to mankind, in the majority, we would say God speed it.

Inasmuch as we do not know the lessons as many favored ones do, we content ourselves in asking questions, reading and publishing both sides.

Some say free coinage is democracy; some say it isn't. No man is wiser than his party; and whenever the party, in convention assembled, raises the flag, we expect to be right under it to the end of the fight with all our might.

This is much more pleasant than eating crow, unless crow is more palatable than it was 3 or 4 years ago.

ORIGINAL OBSERVATIONS.

Music seems to be organic with the Italians.

Capital punishment—a pretty girl hanging on your arm.

The prop-her time to assist a girl is when she is about to faint.

Wouldn't it be a good idea to make the "new woman" pay a head tax?

Some men to right will never prove true while wrong brings in a revenue.

We learned judges writs of error draw, the rascals lose their terror of the law.

Darwin says: there is a living principle in fruit. We suppose he refers to the worms.

It is better to be right than to be left—unless you are left alone with your best girl.

Corn is now having its ears pulled though it is stalking around and objecting in a husky voice.—Orange (Va.) Observer.

In putting the overhead wires underground in Boston 75,000,000,000 feet of wire will have to be removed.

Oliver H. Dockery is for Allison for president; Pritchard for McKinley and Settle for Reed.

If you can bear all your small trials you will never break down under your great ones.

The copper supply of this country in 1894 was 195,000,000 tons.

Ottawa has 40,000 inhabitants and use 5,000 electric lights.

The cannibal and the dead beat live on their fellow men.

In the quaint old Cape Cod town of Barnstable reside twin sisters who recently celebrated the nineteenth anniversary of their birthday. They

"Politics," said the self-made man, "always reminds me of something I noticed when I set out in life as a sailor." "What was that?" "There's no good knowin' the ropes unless you've got a pull."

The consumption of meat is on the increase in England. In 1882 the consumption was 103 pounds per head. From 1891 to 1893 it had risen to 119 per head.

A carpet 15 yards square, the largest in the world, has been made in Belgium and will be presented to the Pope.

There are more suicides in Switzerland, in proportion to population than in any other country in Europe. The Government believes that the newspaper publicity given to the suicides has something to do with the increase in the number and has requested the newspapers to say little about them.

The Recorder will wager sixteen to one that Thomas M. Holt will be nominee of the democratic party for governor.—Durham Recorder.

A wooden Indian before a cigar store in New York fell on a woman the other day and injured her considerably. The Indian can never be implicitly trusted, even when made of wood.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, Constipation, dizziness yield to Electric Bitters, 50c and \$1.00 per bottle at Fetzer's Drug store.

IN THE NAME OF JESUS.

Six Thousand People Hear Sam Jones Say These Things in a Religious Meeting—The Meeting at Winston.

If all hogs had bristles hair mattresses would go down to 5 cents a pound.

Money makes the filly go. It makes everything go that has hair and makes the bald-headed man go tolerably well.

Congress got so it couldn't pass anything—couldn't even pass a saloon.

When one of these dirty little lawyers wallows in hell fire he'll say he's there as an attorney.

If I was running a soap factory in hell and they brought along your carcass, I'd tell 'em I had nothing to deodorize such a carcass.

A horse thief is a gentleman beside the man that votes for liquor.

I have only one objection to a saloon keeper. The same I have to a loose—he gets his living off the head of the family.

If you see an old sister that don't like Sam Jones, its no sign she's mean, but she's a fool. The trouble is above her eyes.

I promised my wife to take care of her husband and I'm going to do it.

If you can put up with fourteen saloons the year round, you've got to put up with me a week.

You go around and drink whiskey and say it's nobody's business. You are a liar, you scoundrel, you. If they'd put you up in an ash hopper and pour water over you, you'd

dr'p lye, you dirty dog, you.

If you preachers will hold while I skin, we'll make hides go down in this market.

Nobody but an infernal fool will drink whiskey, nobody but a disreputable person will sell it, and none but a damnable town will license it.

What have you preachers been doing? Shoot, Luke, or give up your gun.

I'm going to tell you the truth if you lick me three times a day and send my body home in a coffin to my wife and children.

I need to think preachers had wing but they ain't, I saw one once with his coat off. They wasn't even budding.

I don't abuse any other denomination except the Methodist. Don't have time. When I get through with them it's bed time.—Winston City Daily.

UNTOLD MISERY FROM RHEUMATISM

C. H. King, Water Valley, Miss., cured by Ayer's Sarsaparilla

"For five years, I suffered untold misery from muscular rheumatism. I tried every known remedy, consulted the best physicians, visited Hot Springs, Ark., three times, spending \$1000 there, besides doctors' bills; but could obtain only temporary relief. My flesh was wasted away so that I weighed only ninety-three pounds; my left arm and leg were drawn out of shape, the muscles

being twisted up in knots. I was unable to dress myself, except with assistance, and could only hobble about by using a cane. I had no appetite, and was assured, by the doctors, that I could not live. The pains, at times, were so awful, that I could procure relief only by means of hypodermic injections of morphia. I had my limbs bandaged in clay, in sulphur, in poultices; but these gave only temporary relief. After trying everything, and suffering the most awful tortures, I began to take Ayer's Sarsaparilla. Inside of two months, I was able to walk without a cane. In three months, my limbs began to strengthen, and in the course of a year, I was cured. My weight has increased to 165 pounds, and I am now able to do my full day's work as a railroad blacksmith."

\$1800.00 GIVEN AWAY TO INVENTORS.

\$150.00 every month given away to any one who applies through us for the most meritorious patent during the month preceding.

We secure the best patents for our clients, and the object of this offer is to encourage inventors to keep track of their bright ideas. At the same time we wish to impress upon the public the fact that IT'S THE SIMPLE, TRIVIAL INVENTIONS THAT YIELD FORTUNES.

such as the "car-window" which can be easily slid up and down without breaking the passenger's back, "saucapan," "collar-button," "nut-lock," "bottle-stopper," and a thousand other little things that most any one can find a way of improving; and these simple inventions are the ones that bring largest returns to the author. Try to think of something to invent.

IT IS NOT SO HARD AS IT SEEMS. Patents taken out through us receive special notice in the "National Recorder," published at Washington, D. C., which is the best newspaper published in America in the interests of inventors. We furnish a year's subscription to this journal, free of cost, to all our clients. We also advertise, free of cost, the invention each month which wins our \$150 prize, and hundreds of thousands of copies of the "National Recorder," containing a sketch of the winner, and a description of his invention, will be scattered throughout the United States among capitalists and manufacturers, thus bringing to their attention the merits of the invention. All communications regarded strictly confidential. Address JOHN WEDDERBURN & CO., Solicitors of American and Foreign Patents, 618 F Street, N. W., Washington, D. C. Box 385. Reference—editor of this paper. Write for our 50-page pamphlet, FREE.
