There is nothing to prevent anyone concocting a mixture and calling it "sarsaparilla," and there is nothing to prevent anyone spending good money testing the stuff; but prudent people, who wish to be sure of their remedy, take only Ayer's Sarsaparilla, and so get cured.

Disturbed With Imaginary Devils.

Mr. John Hall and family occupy several rooms in the Foard building on South Main street. Mr. Hall has been sick for a week or more, and on Monday night he became temporarily insane and imagined that his bed was infested with devils. His rest as was that of the devoted wife and child, was broken for the night. Tuesday he walked down street and apparently was as well as ever, but when night came and he had laid down to rest, he again became delirious, alarming the neighbors with his mournful cries and supplications to his Savior to deliver him out of the hands of his tormentors, and was not quieted for several hours.

Hall escaped from his home this (Wednesday) morning about day break. He imagined that several men were after him to slay him. He was persuaded to return home. The man has been resting very well during the day, but it is feared that when night falls he will again become excited.

Dr. Smoot is doing all that man can do for him, and thinks that when his digestive organs are again in the proper shape, Hall will be alright.

Since the above was written, the unfortunate man appeared on the street in a wild state. He was overtaken by officers at the fair grounds and taken to jail, where he will be kept until physicians pronounce him harmless.
