A business transaction is about to take place in which one of our leading firms is involved. We are not at liberty to say much concerning it, but will state that the deal will be a great improvement and addition to the business of the city.

There is nothing to prevent anyone concocting a mixture and calling it "sarsaparilla," and there is nothing to prevent anyone spending good money testing the stuff; but prudent people, who wish to be sure of their remedy, take only Ayer's Sarsaparilla, and so get cured.

Mr. D A Misenheimer has returned to Savannah, Ga., to resume his position as freight conductor on the Central Railroad of Georgia. He is a son of Mr. George Misenheimer, of No. 5 township, and several months ago was hurt in a wreck on his road near Savannah.

The Populist free silver rally at Salisbury today caught a number of Cabarrus people, although enthusiasm over the occasion has been at a low ebb in these parts. Henry, Butler, Pitchard and Guthrie were all there, and don't you know they had a time! The Cabarrus moguls were there also.

WAS NOT DELIRIOUS,

But Saw a Specie of Snake in His Brandy Still.

In conversation with a STANDARD reporter a good farmer of the county told a singular experience he had while distilling brandy last week. A dam had been built on the branch and a piece of piping put down to conduct the water in the still house, where it emptied into a barrel. From the barrel the water ran into a cooling tub, in which the hot brandy had been placed. The farmer, who doubtless had been tasting of his delicious make, saw to his intense horror a snake floating around in the water. He was not positive that his eyes did not fool him, and called in a friend to assist in examining his discovery and, upon investigation, found it to be an eel that had run down from the pond which measured about 18 inches.

Engine Glazed the Hind Wheel.

There came near being a terrible accident at the depot today, when the local freight was coming in from Charlotte. There is a line of cars on either side the crossing, on the side track, which cuts from view a train on the main line coming or going. Mr. Garah Caldwell was the only one on the express wagon and did not notice the incoming train until "old Dutchman" was on the main line and the freight only a few yards off. Just as the hind wheels of the wagon were going over the track, the engine rolled up against them and stopped. Had it not been that the train was a light one and running very slow, another horrible accident would have been to chronicle. Mr. Caldwell jumped from the wagon, and in doing so, caught his foot in the shafts, throwing him under the wagon, which passed over his legs skinning them up pretty badly.
