CONCORD, SEPT. 20, 1895.

A dairyman, living in Portsmouth, Ohio, had a somewhat unique experience the other day. He laid down to take a nap. He was waked up by a peculiar touch on the hand that was hanging down and looking downward saw a big copperhead snake rubbing its head up and down the hand as if enjoying the pastime. The man was scared, of course, and wished that he or the snake was in Kentucky or some other sovereignty. He was afraid to move lest the snake prove quicker than he and resent the move by driving its fangs into the hand. About the time he was beginning to get desperate his Scotch Terrier bounded into the room and shook it until no two joints stuck together.

Elections take place this year in eleven States, one-quarter of the whole number, and but few are really important. The States voting are Iowa, Kansas, Kentucky, Maryland, Massachusetts, Mississippi, Nebraska, New York, New Jersey, Ohio and Pennsylvania. A Governor will be returned in Iowa, Kentucky, Maryland, Massachusetts, Mississippi, New Jersey and Ohio, and four of the seven now have Democratic Governors. Besides these Utah will abandon the territorial stage and become a State, choosing a full set of officers. The interesting contests are in Kentucky, Maryland, New Jersey and Ohio.

A church in Lodi, New Jersey, was recently painted and varnished, and by Sunday the seats were, to all appearances, perfectly dry. But when the congregation had been seated a short while the warmth from their bodies softened the varnish. Then each member realized what it was to stick "closer than a brother." The harm done to the various Sunday-go-to-meeting outfits was considerable, and the congregation are now trying to see where the funny part of the whole affair, which the outsiders seem to appreciate, comes in.

The recent Legislature of Texas placed about 2,000,000 acres of land in charge of the State University. The authorities of that institution recently decided to lease the land at three cents an acre.

**To Assassinate Durrant.**

SAN FRANCISCO, Sept. 19.—The police have discovered and frustrated a plot to assassinate Durrant. The plot was concocted by a well-known criminal, while awaiting sentence in the county jail. He expressed his intention to his fellow-prisoners of killing Durrant at the first opportunity, and the matter coming to the ears of the sheriff, an extra precaution was taken not to allow Durrant to exercise with the other prisoners, and to drive him to and from the court either in a buggy or outside the prison van. On search being made of the cell, a broken table knife, whetted to a keen edge, was found therein. The prisoner has since been sentenced to twenty years in the penitentiary.

Before being taken to the penitentiary he admitted to the police that it was not his intention to kill Durrant, but that he had no opportunity to use his knife. The police refuse to divulge the name of the criminal.

**Marvelous Results.**

From a letter written by Rev. J. Gunderman, of Diamondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Fetzer's Drug store Regular size 50c. and \$1.00.

**Shot Himself Instead of Wife.**

DANVILLE, Va., Sept. 19.—Information was received here yesterday of the suicide of William Cardwell, of Caswell, N. C. Mr. Cardwell lived at Locust, about 18 miles from this city. Yesterday he threatened to shoot his wife, and afterwards shot himself with a double-barrelled shot gun. The muzzle of the gun was placed to his head, the trigger pulled, and death was instantaneous. Cardwell had been drinking hard for several days. He was 55 years of age.

**Workmen Buried Alive.**

NASHVILLE, Tenn., Sept. 19.—One wall of the old Colonade building fell in in this city this morning, burying six workmen under the debris. It was thought at the time that they had all been crushed to death, but after an hour's work they were all dug out alive. Some of them were badly injured.

### TURNING GRAY AND THREATENED WITH BALDNESS

The Danger is Averted by Using

### AYER'S HAIR VIGOR

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and began falling out so rapidly that I was threatened with immediate baldness. Hearing Ayer's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good, natural color. I never hesitate to recommend any of Ayer's medicines to my friends."—Mrs. H. M. HAIGHT, Avoca, Neb.
