CONCORD, SEPT. 24, 1895.

A good many dead men are drawn on juries, but possibly never until last week was one nominated for a public office. At the county convention of prohibitionists in West Chester, Pa., the delegates succeeded in nominating Elijah F Pennacker, of Schuylkill, for county surveyor. The candidate died last February. A dead man will run on that ticket just as well as a live one. When bond-making comes, the other crowd without a corps will be on the roll-call.

Ten years ago, had a man uttered what Dr. Cy. Thompson did, he would be hounded out of the State. To-day his slander of the Christian church is sustained by lots of people, who inch by inch have been brought to where they will endorse anything said or done by a leader. May the good Lord bring our people to their former selves!

The cotton planters of the South are this year receiving about 3 cents a pound more for their cotton than they got last year. This is an advance of about \$15 a bale. Estimating the crop this year at 8,000,000 bales, which is 2,000,000 under some of the estimates, the 3 cents a pound will bring \$130,000,000 more into the cotton States than last year.

Col. A B Andrews is one of the State's first citizens. He is now the first vice-president of the Southern railway. Col. Andrews look backward and downward a long way—the rising in his life has been steady and sure. He has the elements for such success.

The Wilmington Star, the oldest daily paper in the State, celebrated its 28th anniversary on Sunday. It is a Star, a bright one that twinkles its brightest when compared with others. There is assurance of many more years for it of usefulness, success and honor.

Capt. Bill Day tells the Raleigh Press-Visitor that a great fight will be made at the October term of Wake court to have Buck Kitchen installed as superintendent of the penitentiary. Bill says it's the ambition of his life to turn Mr. Leazer out of his job.

Rev. Dr. and Mrs. E H Harding, after an absence of all the summer in North Carolina, have returned to Farmville, Va. The Doctor's pulpit (Presbyterian) has been filled during his vacation by Mr. Single, a student of Union Theological Seminary.

A number of Raleigh business men take issue with Governor Carr regarding the business outlook of North Carolina. They think he is too "blue" in his views. He does not regard the prospect as bright.

J O L Harris says the silver men are coming around to his idea, namely, to cut adrift from party until silver is restored. He is quite full to the muzzle of this subject.

The Winston Republican gives it out as its opinion that "the Republicans will let the silver convention in Raleigh severely alone."

The Discovery Saved His Life.

Mr. G Caillouette, Druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. CANCER CURED

-AND-

LIFE SAVED

By the Persistent Use of

Ayer's Sarsaparilla

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood-purifier, and, indeed, it seems as though I could not keep house without it."—Mrs. S. A. FIELDS, Bloomfield, Ia.
