## In the Lands of Snakes.

The Stanly Enterprise can get off some snake news when it wants to. It says:

"One day last week Mr. T S Parker killed two copper heads in his smoke house, and on the same day, Mr. Tise Whitlock found one in his bed, Mr. Marshall killed one on his table, and Mr. Caesar Parker drew five out of his well. This is a considerable snake story but we will vouch for it."

**Chal. Plott, the Rapist, in Charlotte.**  
Sheriff Sims, to be absolutely safe in keeping his prisoner, Chal. Plott, and to quiet the friend's feelings, left with him, Monday evening, for Charlotte. The sheriff went by dirt road to Charlotte.

The jail in Mecklenburg is much more secure than our jail, and, once behind the bars there, he will be ready for the roll call at our next term of court unless Providence removes him.

## To Study Capt. Ashe's Book.

The class in political economy at Wake Forest College, says the News and Observer, have decided to read Capt. S A Ashe's new book on the silver question "Familiar Chats on Finance; The Professor and His Friends." There are thirty in the class.

This is a high compliment to Capt. Ashe, who has acquired a reputation as an authority on the question of finance, which Wake Forest College recognizes.

## Used the Second Time.

Mr. H M Goodman is hauling cotton from the platform to the Cannon and Cabarrus Cotton Mills. He tells us that Mr. Rowe, the weigher at the Cannon Mills, has discovered that bagging has come to the mill twice already this year.

The cotton was bought and used, and the sacking resold and used again and the bales it surrounds have gotten to the factory. Thus early in the season bagging has already been used twice in bailing cotton, and may be used the third time.

## A Very Smart Canine.

One of the smartest dogs we ever saw, says the Salisbury Herald, is Mr. M L Ritch's pointer "Bob." He carries notes from Mr. Ritch's house to his place of business and other errands. This afternoon Mrs. Ritch wanted some medicine and it had not been sent down when the time came for her to take it. "Bob" was sent to Mr. Ritch with a note, which was delivered promptly. The medicine was procured and given to him and he started home in a trot, never once stopping until he reached home. A dog of this kind is valuable and Mr. Ritch would not part with him.

Companies represented that are safe and reliable.

## Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents and \$1 per bottle at Fetzer's Drug store.

## No Lynching, of Course.

Several pistols were fired, Monday night, and many negroes in Coleburg were frightened. They were just sure that a Bee had Plott and was performing with him near the fair grounds. Many of them could not sleep until away after midnight, they said.

How easily such matters are shaped up by imaginations and made to do up the curious thus robbing them of a night's sleep.

## The Indian Murderer.

Detective Hussey, of Baltimore, who was in this State in search of Buffalo Bill's Wild West Indian, Mohawk, who murdered a small boy in Baltimore, has returned home from North Carolina, where he followed the show in the hopes of arresting the murderer. The grand jury in Baltimore have returned an indictment of manslaughter against the aborigine, but there is going to be trouble in arresting him. It is said that the Baltimore authorities are prepared for any emergency that may arise on account of the Indian being a ward of the United States, and expect under all circumstances to bring the prisoner to Baltimore for trial. A detective from Baltimore has gone to Atlanta, where Buffalo Bill now is, to keep Mohawk under surveillance and arrest him at the proper time.

## Col. Propper Hunting Standard Metal.

Jack frost has visited the sunny South and spoke death to many a plant, as well as left his mark on the tall oak and trees of the forest. Ice was seen two mornings.

Our people are generally healthy, except colds, which are numerous, and a few chills along the creeks and streams—or once streams, but now dry.

Colonel Propper, of Colorado, is now working the Culp mine near here. He has met with encouragements so far, and hopes he will succeed in raising plenty of the standard metal soon.

The address of Rev. B S Brown, president of the North Carolina Synod at the corner-stone laying of the new Evangelical Lutheran church at Richfield, last Saturday, was a grand and eloquent one. The church is nearing completion and will be an honor to the good people in the work.

Rev. J D Shirey, D. D., president of North Carolina College, preached on Sunday.

Farmers are busy at their fall work; fine weather for them, but awful dry; stubble land is too hard for plowing, consequently but little oats up to date.

Mrs. Luther Barringer has just returned from Tennessee, where she has been visiting friends. Reb. GLADSTONE, Stanly Co., N. C.

## Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Fetzer's Drug store. Regular size 50c and \$1.

## THE DEMOCRATIC OUTLOOK.

Chairman Harrity Says the Signs Point to Success Next Year.

PHILADELPHIA, Oct. 14.—Democratic National Chairman Harrity is very hopeful of democratic success in Pennsylvania and elsewhere this fall.

"The recent victory in Indianapolis," he says, "appears to be giving a great deal of encouragement to democrats all over the country. There is every reason to believe that McGill will be elected governor of New Jersey and that the democratic ticket in New York will be successful.

"If the democrats should be victorious in these states these victories, in connection with constantly increasing evidences of business prosperity, will encourage democrats in every state to enter into the presidential campaign with the hope and confidence that their party will continue in control of the national government.

## Cotton Today.

About 50 bales of cotton were on the market today. The highest prices paid were 8.85.

The tone of the market is upwards. Let her go, is the song.

## Mr. W. G. Means No Better.

There is no change in the condition of Mr. W G Means, since Monday morning. He has, however, been resting quietly today.

## Judge Clark Opens the Way.

Associated Justice Walter Clark was seen in the office of the railroad commission Monday and spoke of a matter of which even Clerk Brown, of the commission, was uninformed. Justice Clark says that in 1856 Congress enacted a law that all telegraph lines built should be acquired by the government within five years, upon payment or the assessed value of the same, but that when 1871 came the great trust known as the Western Union was formed and got in its work by giving franks to Senators and Representatives in Congress, and by getting a leverage in various other ways, so that the law was not enforced. Justice Clark says it is therefore unlawful for private companies to operate telegraph lines, and he also includes telephone lines; and that such lines built since 1866 were built upon a contract that the government could acquire them as above.—Exchange.

## Mr. Murr Dead.

Mr. Michael A Murr, of Wadesboro, and uncle of David, George and Ed. Murr, of Concord, died Monday morning at his home in Wadesboro.

Last July he was stricken with paralysis and since then he has been quite poorly. He was 67 years old.
