Concord, N. C.

CONCORD, OCT. 18, 1895.

The Caucasian declares itself in favor of a continuation of a fusion of the Republicans and Populists, and says that it "firmly believes that the people will continue to combine to keep that organization [the Democratic party] under the ban of public condemnation as long as such combination may be necessary." Necessary? Necessary for what? To keep Butler and Pritchard in the Senate? To elect a Douglass Legislature to pass assignment laws and appoint negro magistrates? Necessary to double appropriations and increase the burden of taxation? Or, perhaps, it is to elect another non-paria judiciary, or appoint another Arrington Investigation committee? At any rate, such "reforms" as these are the result of fusion as already tried in this State, and we do not believe the honest, hard-working, tax-paying farmers of the State can be again similarly fooled. To them principle, even though sneered at by the Caucasian, is dearer than keeping in power such petty partisans as were brought to the front at the last election.—Raleigh Observer.

The New York Sun says: "The black philosopher of Tuskegee, Principal Washington, has made an interesting remark about the Alabama Normal Institute. 'At Tuskegee,' he says, 'we teach our students that it is better for them to spend their time and strength in learning to be carpenters, dairymen, truck-gardeners, or contractors, than to spend it in making stump speeches.' As an orator, Principal Washington may not rank with the Demosthenes or Cicero; but there is more solid sense in him than in lots of white men

No sensible man should get angry because a newspaper man duns him for money. A dun is not an impeachment of a subscriber's integrity, but is simply the outcropping of the publisher's necessities. For instance, a thousand men owe a man from one to four dollars each. He has to dun them all in order to pay his expenses. Instead of getting angry and stopping his paper for what is honestly due, the subscriber should thank the editor for waiting so long on him so patiently and pay up like a man.—Ex.

An Irish newspaper once said, in announcing an accident: "Our fellow-townsmen, Mr. Hooligan, fell out of the second story window yesterday and broke his neck and suffered internal injuries. His friends will be glad to know that the latter are not serious."

Massachusetts is taking the lead

of all the States in the matter of building good roads. At the last session of the Massachusetts Legislature the sum of \$400,000 was appropriated for roads, and it is said that at the next session an appropriation of \$1,000,000 will be made. The good roads movement, by the way, is by no means confined to Massachusetts, or to New England. The whole country is interested in it, and the interest will be held in Atlanta shortly.

While excavating at Belleville, N. J., workmen recently came across a cannon ball 5 inches in diameter, which is regarded as a relic of Revolutionary days. Two English coins were found, one dated 1731 and the other 1737. The relics were found near the old Dutch Church, which was used as a fort by the British during the Revolution.

The present population of China is estimated at 413,000,000, divided among eighteen provinces, some of which contain populations ranging from 5,000,000 to 68,000,000. It is no easy matter to govern these crowds when they get the mob spirit aroused.

Don't be too stingy to pay your fellow men a few compliments occasionally, if you can't pay anything else.

He that does good for good's sake seeks neither praise nor reward, but he is sure of both in the end.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadfull cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Fetzer's Drug store. Regular size 50c and \$1.

Afraid to Pass the Girls.

MT. PLEASANT, October 17.—Mr. Hrrris Crowell, who has had charge of Mr. W R Kindley's mill for many years, will abandon this business in a short while and devote his attention to farming. When he moves we do not know what the "Fraternity" will do for it will certainly miss the oyster and chicken suppers which were given there yearly and greatly enjoyed.

Mr. John Suther appeared among us Monday. He has been in Texas nearly two years and says he prefers that country to this.

It was said by some a few days ago that the water was rising along streams that have dried up during the dry spell. They say this is a sure indication of rain; but the rain has not yet visited us.

A gentleman ought to tip his hat to ladies, but when he passes that long line of seminary ladies on the street, he is sure to forget it, or rather he is frightened so he could not if he would.

NOTICE TOWN TAXES.

The town taxes for the year 1895 are now due and placed in my hands for collection. All persons owing the same are requested to call and settle at once, and save costs. The law in regard to advertising property has been changed, so pay promptly and save being advertised. Office opposite court house in Town Hall.

J. L. BOGER,
Town Tax Collector.

A SPECIFIC
—FOR—
La Grippe, for Colds, Coughs,
AND LUNG TROUBLES,
AYER'S CHERRY
PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping

me, but, in spite of his attendance, I got no better. Finally, my husband,—reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral,—procured, for me, a bottle of this medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family, whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles."—EMILY WOOD, North St., Elkton, Md.
