THE FUSIONISTS AFTER SETTLE'S SCALP.

Now it is said that the prominent Populists are declaring that there can be no such thing as co-operation in North Carolina unless Settle is squelched. That has been the talk this week among several of the Populists and silver Republicans, who came to the Fair. Settle is out of line with the Mott-Butler-Harris free silver idea, and he will not be tolerated, but the silver fusion machine will grind him to fragments if it can. The edict has gone forth. —Raleigh Observer.

[Yes, Yes! If, perchance, the Republicans land their man in the White House at the next election, Congressman Settle will be a big bull-dog with the administration, while Mott-Butler-Harris and the others will be a small litter of deformed hound pups, so far as any influence goes.]

In Belding, Ore., the women cyclists wear short skirts over their bloomers while riding through the streets of the town; but when the country is reached the skirts are removed and the wheelwomen proceed unencumbered. By thus straddling the question of proper apparel for this sport no one's sense of propriety is shocked in Belding.

From the statement in bankruptcy of Oscar Wilde's affairs, it appears that since July, 1893, he has received about \$20,000 in royalties for his plays. Very little of this went to his wife and children, who were turned into the street by their landlord a couple of months ago.

A fisherman in Elliott Bay, near Seattle, recently took over nineteen hundred salmon in one haul of the seine. This is the largest haul ever made in that section. Even the rivers and bays are doing their best to help along the era of Democratic good times.

We understand that one of the reasons that the race between Gentry and Patchen could not be secured for the State fair is that these kings of the turf will not race on anything less than a one mile track.

The Railroad Commission has called on all the telephone exchanges in the State requesting their rates for the rental of phones. They take this step with view of equalizing the rates and reducing the same.

A philosopher observes: "Six things are requisite to create a happy home. One of them is a good cook, and the other five are money."

In shaking hands with the President at Atlanta, one farmer yelled out: "Cotton eight cents a pound and

Cleveland's all fight.

The amount of fruit shipped from Southern California this season is roughly estimated at 8,000 car loads.

The turkey is beginning to wonder why they call it Thanksgiving.

Bishop Galloway claims that there is less liquor sold in Mississippi than in any State in the Union. Out of the seventy five counties in the State there are only nine in which licenses are granted.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the needs of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Fetzer's Drug Store.

A Blind Man Out of a Home.

WINSTON-SALEM, Oct. 25.—Mr. J W Mitchell, of West Bend, Yadkin county, was in Winston today, soliciting aid to help rebuild his dwelling house which was destroyed by fire several days ago. Mr. Mitchell is 38 years old and has been blind 35 years. His wife died two months ago, leaving six small children for him to care for. Three of the children are triplets, their names being Abraham, Isaac and Jacob.

Marvelous Results.

From a letter written by Rev. J Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Fetzer's drug store, Regular size 50c and \$1.00.

Thomasville vs. Cary.

The Alliance executive committee yesterday, says Sunday's Raleigh Observer, visited Thomasville to look over the town with a view to its availability as a site for the new Alliance shoe factory. At this point the contest has narrowed down to Cary and Thomasville. The latter offers more money, but Cary is nearer Raleigh, is on two lines of railroad and is an unusually good site for manufacturing purposes.

Sometime this week the committee will meet here again to settle the location.

A Big Fire in Augusta.
AUGUSTA, Ga., Oct. 25.—The immense lumber plant of Jesse Thompson & Co. was to-day entirely destroyed by fire. The fire department is unable to handle the flames. All dwellings in the vicinity are now on fire. It is not by any means under control. Loss between fifty and one hundred thousand dollars already, and the fire is making rapid headway.

UNTOLD MISERY FROM RHEUMATISM

C. H. King, Water Valley, Miss., cured by Ayer's Sarsaparilla

"For five years, I suffered untold misery from muscular rheumatism. I tried every known remedy, consulted the best physicians, visited Hot Springs, Ark., three times, spending \$1000 there, besides doctors' bills; but could obtain only temporary relief. My flesh was wasted away so that I weighed only ninety-three pounds; my left arm and leg were drawn out of shape, the muscles

being wisted up in knots. I was unable to dress myself, except with assistance, and could only hobble about by using a cane. I had no appetite, and was assured, by the doctors, that I could not live. The pains, at times, were so awful, that I could procure relief only by means of hypodermic injections of morphia. I had my limbs bandaged in clay, in sulphur, in poultices; but these gave only temporary relief. After trying everything, and suffering the most awful tortures, I began to take Ayer's Sarsaparilla. Inside of two months, I was able to walk without a cane. In three months, my limbs began to strengthen, and in the course of a year, I was cured. My weight has increased to 165 pounds, and I am now able to do my full day's work as a railroad blacksmith."
