PREVENTED A FIRE.

A Man Fights Fire in Stiffing Smoke—Another Atlanta Party.

MT. PLEASANT, N. C., Oct. 30.—The cotton gin, owned by the Mt. Pleasant Manufacturing Company, but operated by Mr. William H. Fisher, caught fire Saturday about noon and was saved only by hard work. Cotton is unloaded here by means of a fan which sucks it up through a wooden spout. It was while some cotton was being unloaded that a blaze shot out the spout into the stall where the cotton was being emptied. The fire was not long in running over the gin-room. Every pile of cotton was scorched on top, except one which lay away from the rest. The roof just above the fan caught in several places, but being of oak it did not burn fast and was soon put out. Before help arrived Mr. Fisher struggled heroically against the fire in the dense smoke which was strong enough to have suffocated one with weak lungs. He had a half barrel of water in the house, which he used effectively till the crowd came with buckets of water. It is surprising, everything being so dry, how such a fire could be extinguished without having done more damage. The fire was caused by a match in the cotton that was being unloaded, striking against the fan.

The report has gone abroad that men, in poor circumstances who had cotton there, have lost it by the fire; but it is a mistake. The damage is small and no one will lose anything. Mr. Fisher will make good the loss out of his own cotton, and that, too, when he was not in the fault—the fire resulting from no carelessness on his part.

Several more persons will within a few weeks visit Atlanta. Just how many will go between now and Christmas we do not know.

Corn-shuckings are now occurring very frequently. The crop is about an average one. Some farmers make more, some less than last year.

Arrest of a Crank.

WASHINGTON, D. C., Oct. 28.—C. B. Mangum, a middle aged crank, who claims to come from the State of Washington, called at the Treasury Department and the interstate commerce commission today and presented a claim for large sums against the government.

At the former he demanded that Treasurer Morgan pay him \$317,000,000 for loss of gold he said he sustained by the sinking of the steamer Victoria. At the interstate commerce commission office he reduced his claim to \$100,000,000.

He also called at the British embassy but failed to see any one and threatened to see the President. He was taken into custody by the police.

MOTHERS, Do You Know

- Do You Know** that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?
- Do You Know** that opium and morphine are stupefying narcotic poisons?
- Do You Know** that in most countries druggists are not permitted to sell narcotics without labeling them poisons?
- Do You Know** that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?
- Do You Know** that Castoria is a purely vegetable preparation, and that a large list of its ingredients is published with every bottle?
- Do You Know** that Castoria is the prescription of the famous Dr. Samuel P. Fitch. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?
- Do You Know** that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Fitch and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?
- Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?
- Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?
- Do You Know** that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.
The fac-simile signature of *Chas. H. Fletcher* is on every wrapper.

The Year Round

Some Medicines belong to one season and some to another.
DR. KING'S ROYAL GERMETUER
IS IN SEASON ALL THE YEAR ROUND.

IN THE SPRING

It purifies the blood, removes languor and depression, invigorates and exhilarates the whole system.

IN THE SUMMER

It overcomes the relaxation and debility caused by hot weather and corrects bowel troubles that are so prevalent then. Besides, it makes the most delightful and refreshing drink.

IN THE FALL

When malaria "rides on every leaf breeze," it is the great preventive and the unfailing cure of malarial fevers.

IN THE WINTER

It does these things, not in a feeble and uncertain way, but with assured and triumphant power.
