Under Consideration.

At a called meeting of the board of town commissioners Thursday night for the purpose of considering the placing of five new hydrants to the water main of the city water works, the water works committee, consisting of R A Brown, J M Alexander and W C Houston, is instructed to investigate, get estimates on the cost and locate places most needful for these public necessities and report at the regular meeting of the board, which will be held Tuesday night next.

Mr. P B Fetzer, who owns the water works, will soon begin the building of the new tank, on the site of the old one, and it will be but little additional cost, it is thought, to put in five new hydrants. The consideration of this matter is of the most vital importance, and it is hoped that the commissioners will secure the new hydrants. Let everybody hope.
