IT IS A "SOLID NORTH" NOW.

We have scanned Republican papers in vain for any warnings against the danger of perpetuating a "solid" north. These journals have for so many years denounced a "solid south" as a sectional unity prejudicial to the harmony and prosperity of the country, that we reasonably expected they would make haste also to condemn what the late elections revealed—A SOLID NORTH. But in this we have been disappointed.

If there is a good reason to apprehend bad effects from sectional unity the danger must evidently be much greater when the "solid" section is the preponderant and aggressive one than when it is the minority section, always outvoted by the larger and stronger one. The "solid south" could not control national legislation without considerable help from the north, whereas a united partisan north can pass any measure which its sectional interests or prejudices may require.

Is the "wrong ox" gored this time? Must the clamor against sectional unity be stilled simply because the section making the clamor has become the solid one? It really appears so.

During the whole period in which the south was "solid," or nearly so, its representatives supported not a single measure designed to injure any other section; they demanded nothing for the exclusive benefit of the South; they proposed nothing irritating to any other part of the country; their policies were all conservative and national. Will they be treated in a like manner by a now solid north.

Married in Atlanta.

Salisbury Herald: On Tuesday morning Miss Mary Julian, daughter of Mr. D R Julian, was one of the party of Salisburyans who left for the Atlanta Exposition. The following day Mr. W H Miller also went to Atlanta. The two had been sweethearts for several years, and it was generally believed that they would marry, but no one had any idea that they would take advantage of the trip to be made one. There was a little ripple of excitement among their friends when it was reported Friday morning that they were married, but the matter was disposed of as a mere rumor. Later intelligence confirmed the report and the marriage is now a fact. Mr. Miller and Miss Julian were united Thursday night. The ceremony was performed in Atlanta but by whom we have not learned.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

NOT LIKE OTHERS

There is a difference between medicines and medicines. Those of to-day, as a rule, differ from those of the past in many respects. Fully as great is the difference between Dr. King's

ROYAL GERMETUER

and the ordinary medicines of to-day. It is unlike them in

THESE FIVE THINGS:

1. It does not taste like a medicine. It is as pleasant to take as lemonade and makes a most refreshing drink.
2. It never nauseates the most delicate stomach.
3. It does not swap off one disease for another. It does not set up one form of disease in order to relieve another as is so often the case.
4. It contains no alcohol or opium in any form and is always harmless even when given to a babe one day old.
5. It does not patch simply, it cures. It reaches as nothing else does to the hidden sources of disease in the blood and removes the cause. It does this with an ease and power that have never been equaled.

For all troubles of the Blood, Stomach, Bowels, Kidneys and Nerves, and for all forms of MALARIAL POISON it stands pre-eminent without a rival or a peer.
