Will Not Interfere.
WASHINGTON, D. C., Dec. 5.—Although there is talk before Congress that Southern Republicans might endeavor to influence Congressional action of the new State constitutions of Mississippi and South Carolina, claiming that they are designed to disfranchise the negroes, it seems that there is little likelihood that any effective steps will be taken. The Congressmen are convinced that the only practical measure is to lay the matter before the Supreme Court.

A Child Eaten by a Hog.
A special to the Columbia State from Conway, says: Near Pine Bluff, N. C., a short distance from the South Carolina line, quite a remarkable instance of swinish ferocity occurred Wednesday. While Marshall Williamson, a negro school teacher, was absent from home, one of his children was attacked in his yard by a hog. One arm and one side of the child's face was eaten off by the vicious creature before the child was rescued. There were no grown people around at the time, and as the child was small, the brute made a meal of it without much trouble. The child died last night. As only children were present at the time, it is not known whether the child did anything to the hog to cause the attack, or whether the animal attacked without provocation.

Death in the Sausage.
DETROIT, Mich., Dec. 5.—As a result of eating sausage eleven children in Sandwich, Ont., across the river from here, was poisoned. One of them, a thirteen-months old baby, Louis Coubilleon is dead, and the others are seriously ill.

The family of Albert Coubilleon gave a children's party, at which bologna sausage was freely partaken of.
It is feared two more children will die, but the others are on the way to recovery.

The Year Round

Some Medicines belong to one season and some to another.
DR. KING'S ROYAL GERMETUER
IS IN SEASON ALL THE YEAR ROUND.

IN THE SPRING
It purifies the blood, removes languor and depression, invigorates and exhilarates the whole system.

IN THE SUMMER
It overcomes the relaxation and debility caused by hot weather, and corrects bowel troubles that are so prevalent then. Besides, it makes the most delightful and refreshing drink.

IN THE FALL
When malaria "rides on every passing breeze," it is the great preventive and the unailing cure of troubles resulting from that cause.

IN THE WINTER
It is still needed for curing Colds, Grip, Catarrh, Rheumatism, and the ills that belong to cold seasons.

It does these things, not in a feeble and uncertain way, but with assured and triumphant power.
