YESTERDAY'S SALE.

Result of the Action of the Stockholders Approved.

Everybody seems to be satisfied with yesterday's sale of the N. C. Steel and Iron Company's property to Dr. Worth and his associates.

The deed is being prepared to-day and the money, so we hear, will be paid over as soon as the work is completed.

Dr. Worth's associates are well known North Carolinians and men of wealth—five in all.

As to what is to be done it seems to be settled, or rather it is the general opinion, that the furnace will be put in blast after matters have been settled.

The clause allowing any stockholders of the old company to come in equally with Dr. Worth and his associates will necessarily delay action for sixty days from yesterday, as a full and complete organization cannot be had until it is known exactly who constitutes the new company.

When this is settled Messrs. Stephen G Noble, of Alabama, and James F Jordan, of this place, have a proposition to submit, looking to the working of the plant.

Our understanding is that the proposition is now really ready, but cannot be submitted for the reason above given.

It is the evident intention of the parties who bought it to work it; they believe there is money in it and they propose to test the matter.

It is not generally known, but it is a fact that Mr. Noble and his associates made a direct proposition to the re-organized committee several weeks ago. It was by them endorsed and sent on to the board of directors, who in return referred the matter to the stockholders, who met yesterday in accordance with the call; but in the meantime Mr. Noble's associates, having been told that the directors had full power to act on the matter, decided, after it was deferred to the stockholders, thus making a further delay of two weeks, to withdraw their proposition, so that at yesterday's meeting an entirely new deal was made.

As stated above, however, it is understood that it is a move in which Mr. Noble is interested and the belief is fully expressed that after all the furnace will be put in blast.—Greensboro Record.

Cure for Headache.

As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Fifty cents and \$1 00 at Fetzer's Drug Store.

WANTED ANOTHER WIFE.

A Yadkin Farmer Did Not Want His Wife Brought Back to Life.

The Winston Sentinel is advised that Mrs. Bullock, the lady physician, of Chicago, who has been stirring up Yadkinville, on the claim that she can cure all kinds of diseases, is now at Tobaccoville, Forsyth county.

One of her patients in Yadkin, the wife of a farmer, died a few days ago. The Sentinel's informant tells it that the bereaved husband appeared to be greatly grieved over the death of his wife, especially after he had gone to so much expense in trying to restore her to health. Mrs. Bullock, it is said, decided that it would be to her interest to say something to the husband. Sitting down by his side, she gave out this comforting message:

"Your wife was so low when she began taking my treatment that it was impossible to save her; however, if you desire, I will raise her from the dead!"

The "grieved" husband did not speak for a few moments, but when his reply came it was to this effect:

"No, she is dead now; I don't believe I care to have her brought back; I believe I want another wife, anyhow."

Miss Grier to go to Chicago.

Miss Claud Grier leaves some time in January for Chicago to remain indefinitely with Dr. and Mrs. Boyd. As before mentioned in the Observer Miss Grier intends going to the foreign mission field and will prepare herself for the work under Dr. Boyd. She is an active member here, in not only foreign but home mission work, and will be greatly missed in Charlotte circles.—Charlotte Observer.

An Annoyance Still.

Wednesday afternoon when little Clarence Graber was on his way home from his father's market, carrying several glass jars in his arms, Amzi Phifer one of the many colored "sports" of the town, who was riding a bicycle, ran into the little fellow at the corner of Depot and Spring streets. The handle of the bicycle struck Clarence on the temple, knocked him down and bruised him up pretty badly. Riders should be more careful, even though they are compelled to stay off the sidewalk.

Death Near Mill Hill.

Near Mill Hill, this county, Mrs. Jno. D Fisher died Wednesday night of pneumonia. She had been sick for a very short time. She was between 35 and 40 years of age and leaves seven children and husband bereaved.

The remains were interred at Trinity Lutheran church, Rev. Stickly conducting the funeral services.

500 Gallons of Spirits Poured Out.

Passengers coming down the Western tell of an incident which happened in Morganton Sunday night.

Some one entered the bar room at that place and knocked the heads out of barrels containing eight hundred gallons of different drinks. When the owners entered the next morning the cellar was flooded with six inches of whiskey. There is a strong dissension between the prohibitionists and antiprohibitionists in Morganton and this was probably the work of strong prohibitionist.—Salisbury World.

Thankfully Enjoyed by the Preacher and Family.

On Monday morning, December 9th, Rev. B F Davis, accompanied by his wife and little son, Emerson, left the city for the purpose of assisting Rev. Paul Barringer for a few days in Evangelistic services at Bethel Reformed church, Rowan county. Upon their return about dark on Wednesday evening, the 11th, they were agreeably surprised to learn that "necessaries of life" not contained in the parsonage when they left, had found their way thereto during the absence. In the kitchen and dining room and back yard were unmistakable evidence that some persons, having been in temporary possession, had not taken away with them things which they brought when they came. A key to the front door had been left in the possession of their little daughter Lottie who was making her home with Mr. S Shuping during her parents' absence, and by the use of said key entrance was made by the generoushearted brethren and sisters. To those who participated in this occasion and to those who in person or by representative have since called at the parsonage with additional supplies, pas or Davis and family are indeed thankful.
