The Progressive Farmer speaks of gold bug Sewall. So Mr. Sewall is to be stigmatized as a gold bug. Anything will do to charge against him to give vent to a contrary falsifying disposition.

Ayer's Hair Vigor is cleanly, agreeable, beneficial, and safe. It is the most elegant and the most economical of toilet preparations. By its use ladies can produce an abundant growth of hair, causing it to become natural in color, lustre and texture.

The many friends of Mr. M H Lefler are sorry to learn that he is again confined to his bed, suffering a relapse. He was in the city during court week, but is now lying very low, and it is thought that he cannot recover.

VETERANS MEET.

Survivors of Company F, First N. C. Cavalry in Annual Session--Election of Officers.
 A meeting of the members of Company F, First North Carolina Cavalry Confederate Survivors Association was held in the court house Tuesday afternoon.

The annual election of officers was held. H M Goodman was elected president and O F Smith vice president.

J Dove, M L Bost and O F Smith were elected trustees to take charge of and invest the bequest of General Rufus Barringer to this company. A committee of three was appointed to investigate all applications for aid from any member and with the trustees of the fund decide on the merits of each one and the amount deemed advisable to be appropriated.

John S Turner, John Freeze and W D Anthony were appointed a committee to draft resolutions in reference to the deaths of comrades George Pitta and J O Stirewalt, which have occurred since the last annual meeting.

H M Goodman was appointed a committee of one to look after and preserve the company's old flag, which is in his possession.

The meeting adjourned to meet again at the call of the president.

It speaks well for an article when the longer it is used the better it is liked. Such is the case with Ayer's Hair Vigor. People who have been using it for years, could not be induced to try any other dressing for their hair, because it gives such perfect satisfaction.

Mr. W M Widenhouse relates a singular little freak of the lightning and his own narrow escape. He was here in Concord Monday evening and as he got home a cloud came up and as he was putting away his horse the lightning struck his buggy whip, nipping off the upper end then shredding it about the centre, barely leaving it connected. No further indications of damage could be found. Mr. Widenhouse had just gotten away from the buggy and can be said to have narrowly escaped.

When people are obliged to take medicine they want that it shall give quick relief and not add discomfort to their sufferings. Three reasons why people who suffer with Constipation and Biliousness should take Simmon's Liver Regulator: "It is better than pills, it does not gripe; it gives quick relief, and does not weaken but strengthens and refreshes the whole system."-- J R Hiland, Monroe, Ia.

The Torid Wave.

This seems to be a wave of hot weather rarely experienced and its fatalities are almost as great as a moderate war. Twenty-one expired in Chicago last Sunday, 13 in St. Louis, 15 in Baltimore, 7 in New York. On last Saturday 10 died in New York and 11 in Philadelphia. Many are prostrated and some insane with suicidal results, all from the excessive heat. Hospitals and morgues are being filled with victims. Great sighing and anxious waiting for a cooler wave fill the longings in the rooms of the sick and dying.

Chicago's mortuary statistics were broken Monday. Neyer in the history of the city were so many deaths recorded in one day. The total number of deaths reported was 164, and the deaths from heat prostration, 37.

Horses are falling dead on the streets with such rapidity that they cannot be hauled away before they become a menace to the public health, and beginning last night the police were under orders to use large quantities of disinfectants on such animals as fall dead in the streets, and thus keep down the stench and prevent rapid decomposition. It is estimated that 1,000 dead animals are lying in the streets of the city.
