NOT LIKE OTHERS

There is a difference between medi-
 cines and medicines.
 Those of to-day, as a rule, differ from
 those of the past in many respects.
 Fully as great is the difference be-
 tween Dr. King's

ROYAL GERMETUER

and the ordinary medicines of to-day.
 It is unlike them in

- THESE FIVE THINGS:**
1. It does not taste like a medicine. It is as pleasant to take as lemonade and makes a most refreshing drink.
 2. It never nauseates the most delicate stomach.
 3. It does not swap off one disease for another. It does not set up one form of disease in order to relieve another as is so often the case.
 4. It contains no alcohol or opium in any form and is always harmless even when given to a babe one day old.
 5. It does not patch simply, it cures. It reaches as nothing else does to the hidden sources of disease in the blood and removes the cause. It does this with an ease and power that have never been equaled.
- For all troubles of the Blood, Stomach, Bowels, Kidneys and Nerves, and for all forms of MALARIAL POISON it stands pre-eminent—without a rival or a peer.
- Sold by druggists, new package, large bottle, 100 Doses, One Dollar. Manufactured only by

A woman never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends upon the health of the mother, both before and after birth. Most all of woman's weakness, and particularly the weakness that most strongly influences the health of children, comes from some derangement or disease of the distinctly feminine organs. Dr. Pierce's Favorite Prescription will cure troubles of this nature. It should be taken regularly by every woman during the entire period of gestation. It gives strength to all the organs involved, lessens the pains of childbirth and insures the health of both mother and child.
