Oliver Fletcher, an employe in the Vance cotton mills at Salisbury died suddenly Thursday afternoon. The World says: He went to the house of a neighbor and purchased a quart of milk. When he returned home he saw a mouse running round the floor in his room. He picked up a stick and killed the mouse. Stooping over to pick up the mouse in order to pitch it out of the window, he staggered and fell. When parties approached the prostrate form they saw that he was dead.

The Populists insist that Daniel L Russell shall be taken off the Republican ticket as an accessory to fusion, but Daniel refuses to come to time. Marshall Mott even goes so far as to say that if he does come down he will take his place. And in the midst of all Senator Butler with a full term in the Senate in his pocket smiles serenely.—Salisbury World.

A big factory was brought to a standstill the other day for want of a common shingle-nail. The trouble was a mystery at first. Even the boss mechanic couldn't tell what was the matter. They sent for a high-priced expert who charged ten dollars an hour. All he said was: "Gimme a nail." He drove it in the right place and in two minutes the whole factory was going again.

That's the way with the machinery of the human body. When the stomach and bowels are wrong what seems a mere trifle, blocks the whole system. Every part of the body feels the effects of a little constipation. The head aches, the mouth tastes bad; the stomach is distressed, the liver is congested and torpid; you feel sluggish and miserable and down-hearted; the energies are completely paralyzed—all for want of a little help to regulate the stomach and bowels. What you want is Dr. Pierce's Pleasant Pellets. They will make you regular and you keep so; they act in a comfortable natural way, not violently but surely. They give the intestines power to move naturally; and also tone the stomach and liver. You don't become a slave to their use, they cure you so you stay cured. If a druggist makes more money on some violent purging pill he may try to sell it to you. Don't let him.

You will be helped to a thorough understanding of your own body in every stage of health and disease by Dr. Pierce's Common Sense Medical Adviser. This is a great 1000 page book, in plain English and replete with illustrations. The first edition of 650,000 copies was sold for \$1.50 each. The present edition of half-a-million free copies is being sent absolutely gratis to everyone who sends a one-cent stamp to cover cost of mailing only. Address World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.

The burden of labor is constantly being lightened by new inventions, but nothing new has yet been discovered to brighten the hours of labor, and make life worth living like Simmon's Liver Regulator does. It's the King of Liver Medicines. A sluggish liver depresses one's spirits and causes languor, besides upsetting the whole system. But Simmon's Liver Regulator tones up and strengthens the body.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Diamondale, Mich., we are permitted to make this extract: I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results. Trial bottles free at Fetzer's Drug Store. Regular size 50c and \$1.00.
