NO EXCURSION TRAIN.

The Great Southern Will Not Run a Special from This Point to Charlotte Thursday Morning.

One of the greatest disappointments the people of Cabarrus have experienced in many years will be conveyed to them in the news that the Southern has refused to run a special train from this point to Charlotte on Thursday morning, when Bryan is to speak in that city. Reduced rates will be sold, however, at 70 cents for round trip, and many of our citizens will take advantage of the cheap rate and go down the night before. Mr. Dusenbury did everything in his power to secure a train for the accommodation of those desiring to go to Charlotte upon this occasion, but without effect.

About the only consolation that those who would go to Charlotte and return on Thursday, but who couldn't afford to pay hotel and other necessary expenses to stay over night, can get out of the matter, is that Bryan will stop at our own station for several minutes, possibly fifteen. An attempt will be made to get the train that bears the great orator over the land to stop at this place for fifteen minutes.

Let Charlotte alone and stay in your own town if you can't get the accommodations that should be accorded our patronizing public.

CITIZENS BURNING TAR.

Had to Use It in Order to Kill Foul and Sickening Odors.

Citizens on North Spring street, who have made considerable and repeated complaints to the town about obnoxious and sickening odors that arise on close, warm nights, have resorted to burning tar to kill the smell. On Monday night the odor was loud and pervaded that entire portion of the city, making it so unpleasant for the inhabitants that it became necessary to burn something.

There is a lack of duty somewhere, either on the part of the citizens or the authorities and the matter should be thoroughly investigated.

A town commissioner, living in that part of the city, was called upon and to his (?) astonishment he found that there was "something rotten"—but nearer than Denmark.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Diamonddale, Mich., we are permitted to make this extract: I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results. Trial bottles free at Fetzler's Drug Store. Regular size 50c and \$1.00.

DANGEROUS WORK.

Besides the Dogs, a Cow Falls Victim to Poison—A Diligent Investigation Should Be Made.

Some may not think seriously of the number of fatalities caused by scattering poison about in different parts of the city, but if a diligent investigation was made the authorities might make some mean, sneaking person pay a very severe penalty.

Six or eight fine bird dogs have recently died from poisoning, and others have been dosed, but saved. The fine pup of Mr. Charles Waggoner got a dose Sunday night and it was hard work to save him from an untimely death.

Belle McMoore, an industrious negro woman who runs a restaurant next to Coleman's store, lost her cow Sunday night, and she is of the opinion and belief that the animal was poisoned. The poison that has been put out for the dogs is on beef cracklings and in scattering these cracklings around the lot in rear of her eating house, where her cow had grazed and where Mr. Smith's dogs were found dead, the grass became saturated with the poison, and in this way it is believed that the cow was poisoned.

The meanest man on earth is he who would distribute poison in such a way. This matter should be sifted to the bottom.

A correspondent of the Charleston News and Courier tells of having met Gen. Wade Hampton at Spartanburg last week and reports him looking younger and better than he did a year or two ago. The correspondent continues: "Curiously, no one in the depot knew who he was, but there were few who did not turn to look at him and the porters and small boys, and old ones, too, instinctively touched their hats." Manifestly South Carolinians are not a people who bow to one whose race is run. They have forgotten Hampton pretty quickly. A North Carolinian tells the Observer of having seen him on a train at Laurens last week, and though he sat at the car window, in full view of every passer-by while the train stopped, nobody paid the slightest attention to him, though it was ascertained by inquiry that a number of those who saw him knew who he was. The North Carolinian raised his hat, and this was the only recognition the ex-General, ex-Governor and ex-Senator received at Laurens.

The SYMPTOMS of Liver Complaint are a bitter or bad taste in the mouth; Pain in the Back, Sides or Joints, often mistaken for Rheumatism; Sour Stomach; Loss of Appetite; Bowels alternately constive and lax; Headache; Loss of Memory, with a painful sensation of having failed to do something which ought to have been done; Debility; Low Spirits; a thick, yellow appearance of the Skin and Eyes; a dry Cough, often mistaken for Consumption.

Sometimes many of these symptoms attend the disease, at others very few; but the LIVER, the largest organ in the body, is generally the seat of the disease, and if not regulated in time, great suffering, wretchedness and DEATH will ensue.
