A short time after starting the machinery in motion at the Cabarrus cotton mills this morning about three inches of shafting twisted off, causing the mill to suspend work today.

A calculator makes the estimate that during the Bryan tour the pickpockets got away with \$5,000. Though warning was given of the pickpockets two days in advance, no one heeded it.

Mr. George Walter, for about a year past living on Bell avenue, has moved his family into the new home he has just completed on West Corbin street, just opposite the Reformed Chapel.

Mr. M L Sherrill, who has been conducting a writing school in the city is on the sick list and has gone to his home in Rowan county, where he will take a much needed rest.

THE STANDARD unintentionally erred Monday when it said Mr. W G Boshamer is improving, after three weeks confinement with fever. It was meant for Mrs. Boshamer, who has been and is yet quite sick, although she is thought to be somewhat better.

If you have sick or nervous headache, take Ayer's Cathartic Pills. They will cleanse the stomach, restore healthy action to the digestive organs, remove effete matter (the presence of which depresses the nerves and brain), and thus give speedy relief.

Jim Young, a negro from Raleigh, made a very bitter and inflammatory speech at Salisbury Thursday night, that stirred up a good deal of indignation. A crowd of young fellows followed him from the speaking place and for some distance threw rocks at him.

Mr. Alexander Saunderson, Choudrant, La., says: "Having used Ayer's Pills at least twenty-five years, I would say that for all diseases of the bowels, stomach, and liver, which can be remedied by pills, these are always effective. They keep the system in perfect order."

Crumpler, the sanctification preacher, has been getting in his work in Cumberland during the past week or two. The Fayetteville Observer says a gentleman who was at the meeting last Sunday night says there was a most remarkable demonstration, 600 people, wildly excited, numbers crawling about on hand and knees; going into trances, etc.

The skeleton in many a household is the peculiar weakness of the wife and mother, or of the wife who is not a mother and is not happy because of the presence of the secret sickness that may lurk like a grinning death among the most luxurious homes. The most terrible thing about this condition of affairs is that it is entirely needless. There is no reason in the world why every woman in the world should not be strong and healthy and capable of fulfilling her whole duty as a wife and mother.

Every woman will be healthier and happier for following the friendly, practical counsel contained in Dr. Pierce's great universal doctor book: 'The People's Common Sense Medical Adviser.' It is the most comprehensive medical work in one volume in the English language. It contains 1008 pages, fully illustrated. 680,000 copies have been sold at \$1.50 each bound in cloth. The profits are now used in printing half-a-million free copies bound in strong manilla paper covers. To get one you have only to send 21 one-cent stamps (to pay cost of mailing only) to World's Dispensary Medical Association, No. 666 Main Street, Buffalo, N. Y. Send promptly before all are given away if in want of one. They are going off rapidly.

The doctor may be a good old man, but even so, medical examinations and the "local-application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had actual years of practice and experience in this particular line. This is true of Dr. E V Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

A Dog's Funeral. Undertaker John M Harry was this morning called upon to perform a service rather out of his line—the funeral of a dog. His subject was "Buford," a water spaniel owned by Mr. Russell Robbins. Buford became ill a few days ago with pneumonia, and though his master employed the best veterinary services available, it was no good, and he died yesterday. Mr. Robbins turned the case over to Undertaker Harry and purchased a fine satin lined casket for the body of the dog. The burial was at Dilworth. Mr. Bush furnished the flowers.—Charlotte News.

CASTORIA For Infants and Children. The signature of Dr. J. C. Hutchins is on every wrapper.

Colored People Thank Dr. and Mrs. Young. The remains of Malinda Moss, a notice of whose death appeared in Monday's STANDARD, were interred at the Rock Hill church burying ground under the auspices of the society of Brothers and Sisters of Mercy of which she was a consistent member. The remains were followed to their last resting place by the family she has so faithfully served through many years, and the members of the society and friends request THE STANDARD to thank Dr. and Mrs. Young for their attention and kindness during Malinda's illness and death. TO CURE A COLIC IN ONE DAY Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. Notice. BACKACHE and RHEUMATISM relieved by Dr. Miles' Nerve Plaster.
