Lowe & Dick have interesting news in their advertisement today. Read it.

We are sorry to learn that Mr. W J Freeze, of Mooreville, is down with typhoid fever.

There was a load of watermelons on the streets this morning. This means sixteen chills to one square inch of melon.

Miss Mary White Fetzer, who is sick at Reidsville, has typhoid fever, though her condition is not alarming.

Mr. R P Freeze, of Mill Hill, has returned to Davidson College, where he will complete his course in pharmacy.

Her many friends in this city will regret to learn that Miss May Belle Wright is critically ill at her home in Salisbury.

Dr. W H Wakefield, of Charlotte, will be in Concord at the St. Cloud on Thursday, September 24. His practice is limited to eye, ear, nose and throat.

Prof. Miller, principal of Enochville High School, is quite sick, being threatened with typhoid fever. School has suspended temporarily.

Cotton has jumped up a few points within the past few days. Today (Wednesday) the ruling price was 7.85, with an upward tendency.

Miss Mary Brachen is now in New York at Jas. G Johnson's, making a handsome line of pattern hats and bonnets. She will be in Concord soon ready to exhibit same.

Several parties have reported having seen frost this (Wednesday) morning. It is rather early in the season, but old Jack certainly showed up.

Miss Nannie Alexander writes that she will be home from New York in a few days with a handsome line of pattern hats and a splendid selection of novelties.

Rev. J W Rumble, Ph. D., of Brooklyn, N. Y., will preach at Trinity Lutheran church Sunday morning at 11 o'clock, and at S. Enoch at 8 o'clock in the afternoon.

His many friends will learn with regret that Rev. W M Shaw, pastor of Bethpage Presbyterian church, is no better. His condition is considered quite critical.

The Burlington Evening News has suspended and in the future the News will be run as a weekly. Editor Hunt gives as his reason for discontinuing the publication of the daily, an insufficiency of patronage.

On Saturday last the fine mare of Mr. A. J. Shinn, of No. 5 township, took sick while in this city, and shortly after arriving home the animal died. The beast was a fine one and Mr. Shinn feels keenly his loss.

If you have sick or nervous headache, take Ayer's Cathartic Pills. They will cleanse the stomach, restore healthy action to the digestive organs, remove effete matter (the presence of which depresses the nerves and brain), and thus give speedy relief.

Contractor R A Brown sent a large force of brick masons to China Grove this morning, where they will begin at once on the walls of the new factory Mr. Brown is to build for the Patterson Manufacturing company.

Mr. Walter Kirk has been engaged to conduct a ten days session of singing school at New Gilead and Mt. Carmel churches in No. 5 township. Mr. Kirk will begin the school Saturday morning at 9 o'clock.

Mr. Alexander Saunderson, Choudrant, La., says: "Having used Ayer's Pills at least twenty-five years, I would say that for all diseases of the bowels, stomach, and liver, which can be remedied by pills, these are always effective. They keep the system in perfect order."

Charlotte News: Mr. Jas. C. Gibson, cashier of Concord's new Loan and Savings Bank, is in the city today. He is accompanied by Mr. Irvin Woodhouse, who is to be the bank's bookkeeper. The bank will open its doors under the most favorable auspices.

Messrs. J A C Blackwelder and H W Tucker are building an annex to their store room on West Depot street in which they will conduct a beef and meat market. The citizens in that part of the city are fortunate in getting a market near them.

The Indian medicine man cures by charms and incantations. He frightens away the "evil spirit" who causes the sickness. He does all sorts of things that civilized people would call idiotic and barbaric, but the civilized folks are not so very much ahead after all. They do just as foolish things as does the medicine man. They go along carelessly, and allow the little sickness to grow into the big sickness. They allow constipation to grow into indigestion, heartburn, dizziness, headache, insomnia, and a hundred other distressing conditions. They do this frequently because they do not know the cause of their trouble. It is a pretty safe rule to look for the source of 9-tenths of human sickness in this one simple and appallingly prevalent trouble. Another foolish thing that smart people do is to take some alleged remedy for constipation and keep on taking it, day after day, month after month and year after year. Perhaps it is better to take the medicine than not to take it at all, but of course if they stop taking it, their trouble will come back. This last statement is true of every other medicine prepared for this purpose except Dr. Pierce's Pleasant Pellets. One "Pellet" is a gentle laxative, and two a mild cathartic. They are gentle and efficient in their action, permanent in their results. You don't become a slave to their use, as with other pills.

The doctor may be a good old man, but even so, medical examinations and the "local-application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had actual years of practice and experience in this particular line. This is true of Dr. R V Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

A Card of Thanks.

Mr. and Mrs. McLaurin desire to thank the good people of Concord and community most heartily for their kindness to us during the recent severe illness of our little girl. Our hearts go out to them in gratitude both for their unremitting attention and their prayers; which God has mercifully answered to our very great delight. We can never fully repay the kindness of all the people or be grateful enough to God. We can only pray God to do for them, that which we can not do and ever hold them in grateful remembrance. A kinder hearted or more considerate people ever lived than the people of Concord and vicinity. It is a delight to live amongst them. God bless the good people of this community.

Mr. and Mrs. W H L McLaurin.

Howard Will Doubtless Hang.

There are no new developments in the case of Frank Howard, who is sentenced to hang on Saturday next in the jail yard in this city, and unless Governor Carr changes the negro's death sentence, the gallows that stands yawning to receive him will spring his soul into eternity. Tomorrow (Thursday) is the day set for the hearing before the Governor and His Excellency will doubtless then seal the negro's doom.

READ!

THE NEARER THE BONE THE SWEETER THE MEAT.

It is an old and homely adage and finds an application here. The maker of merchandise has reached the end of his summer. His season is over; yours has just begun. He's anxious to sell what is left of his made-up product at almost any reasonable sacrifice. We're watching your interest in this matter and as a result have made some purchases that will surprise you by their cheapness.

HERE THEY ARE:

Wash goods at 5, 8 1/2, 10 and 12 1/2 cents. Figured Mohair, black, 36 inches, at 25 cents. A bargain, Billows of handkerchiefs, you'd wonder how it could be done if we hadn't told you. There's no loss to us, but a
