SHORT LOCALS.

Mr. N M Barnhardt has been sick for a week, but was in town this morning.

A B Correll has something new to tell you in his advertisement today.

Mr. D J Bostian is in the fight—he is selling almost anything you want. See his advertisement.

Mountain wagons, bringing apples and cabbage, struck town with full force this morning.

Some of the merchants are complaining about their signs being beaten and defaced. Such conduct should be subdued and the guilty parties receive a reprimand.

Miss Nannie Alexander invites you to a select display of millinery novelties, and copies of the French pattern hats and bonnets, Tuesday, Sept. 29th.

Mr. M C Walter is building another large, two-story dwelling house on his property in rear of the house he occupies, facing the cross street.

Mr. Burrage has taken his teams, an engine and a large force of hands to Stanly county, where he has made arrangements to saw a large amount of lumber.

Exactly thirteen wagons in one string, loaded with wood, passed the square this morning. It made a line from the corner of Church and Depot streets to the First Presbyterian church.

The pretty pattern hats at Miss Nannie Alexander's millinery store are certainly handsome. Every lover of woman's headgear should take a peep. All the novelties, etc., will be on exhibition by Tuesday.

We call attention to the ad. of W D Anthony & Co., who are prepared to do the town up in a ready supply for all jobs of handiwork in painting, papering, upholstering, etc. Success to the enterprise.

Mr. C W Chilcott, once night operator at the depot at this place, but now of Greenville, S. C., was on Wednesday last, married to a Miss Jamison, also of Greenville. It was a runaway affair. Mr. Chilcott and bride are both very young.

Miss Mary Brachen's opening of fall and winter millinery will be on Monday and Tuesday, September 28th and 29th. Handsome display of pattern hats and all the newest styles in millinery novelties. All the public is cordially invited.

If you have sick or nervous headache, take Ayer's Cathartic Pills. They will cleanse the stomach, restore healthy action to the digestive organs, remove effete matter (the presence of which depresses the nerves and brain), and thus give speedy relief.

Mrs. Alice Foy Thursday purchased the house and lot on Spring street, between the Dorcas Kimmons and Hurley residences, from Dry & Wadsworth. The house will be remodelled and Mrs. Foy will move her family here as early as possible.

Mr. Alexander Sanderson, Choudrant, La., says: "Having used Ayer's Pills at least twenty-five years, I would say that for all diseases of the bowels, stomach, and liver, which can be remedied by pills, these are always effective. They keep the system in perfect order."

The lawn party in the Odell factory yard Thursday night, under the auspices of the Juvenile Missionary Society of Forest Hill Methodist church was a decided success. Not much ice cream was sold, however, but other refreshments were sold in great abundance. The receipts amounted to a about \$27.

Mr. George W Fisher called and showed us a specimen of the coffee berry which he raised from a few seeds which were sent him from Buckner, Mo. and planted in the garden of Mrs. R A Brown. Mr. Fisher is very much pleased with the prospect of the coffee berry as a very desirable substitute for the costly article now imported and making a constant drain on the resources of our people. The coffee berry has a stalk and pod like a bean but the berry resembles a pea. The flavor is almost the same as the Rio. It can be raised almost without cost to the farmer and bids fair to make its way into our cuisine realm.

TO CURE A COLD IN ONE DAY
 Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Next Tuesday Night
 Chairman Manly, of the State Democratic Executive Committee, has arranged for Hon. E C Beddingfield and Hon. R B Lacy to speak in this city on Tuesday night, September 29th. The speaking will take place in the court house, when all of the leading issues will be discussed.

BABY'S COMING.
 Nature intended that every woman should look forward to the coming of her baby with joy and hope, unclouded by anxiety. Almost painless parturition is quite the usual thing among uncivilized people. Even in our own country it occasionally happens with women in robust health and good condition. It ought to be the rule instead of the exception; and it is a fact that a very large proportion of the usual pain and suffering may be avoided by looking after the mother's general health, and specially strengthening the particular organs concerned in parturition.

Many mothers have been brought through the trying time almost painlessly by the aid of Dr. Pierce's Favorite Prescription. It prepares the system for delivery by imparting the organic strength and elasticity which the mother specially needs; shortens the time of labor and of confinement; promotes the secretion of abundant nourishment for the child and fortifies the entire constitution against the after period of depression and weakness. Its use should begin in the early months of gestation—the earlier the better.

Mrs. FRED HUNT, of Glenville, Schenectady Co., N. Y., says: "I read about Dr. Pierce's Favorite Prescription being so good for a woman with parting the bowels last September, and child, so I got two bottles last September, and December 13th, I had a twelve-pound boy girl. I did not suffer any pain, and when the child was born I walked into another room and went to bed. I never had an after-pain or any other to bed. This is the eighth child and the largest of them all. I suffered everything that flesh could suffer with the other babies. I always had a doctor, and then he could not help me very much, but this time my mother and my husband were alone with me. My baby was only seven days old when I got up and dressed and left my room and stayed up all day."

PERSONAL POINTERS.

The Ebb and Flow of the Human Tide at This Port, as Seen By Our Reporter.

—Mr. Herbert Barrier came in from Salisbury last night.

—Capt. Fred Nesbit, of Coddle Creek, was in the city today.

—Mr. H L Freeman, of Lexington, was in the city this morning.

—Mrs. R S Harris returned to the city last evening after a visit of several days to Charlotte.

—Misses Mary and May Stafford, of Harrisburg, spent last night and today in the city.

—Mrs. Dr. J S Lafferty and cousin, Miss Pearl Jones, spent today in the city.

—Miss Pearl Morrison has returned from Harrisburg, where she has been visiting for some time.

—Mr. A Jones Yorke arrived in the city this morning direct from Philadelphia. He said that Bryan spoke to 100,000 people in that city several days ago.

—Dr. N D Fetzter returned from Reidsville this morning and reports that the condition of his daughter, Miss Mary White Fetzter, is not alarming. She is doing as well as can be expected.

The doctor may be a good old man, but even so, medical examinations and the "local-application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had actual years of practice and experience in this particular line. This is true of Dr. R V Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

Facts About Frosts.

All the farmers in the city Thursday report a light frost over the county. This is early, but there was one frost still earlier—Sept. 20, 1889. THE NEARER THE BONE THE SWEETER THE MEAT.

It is an old and homely adage and finds an application here. The maker of merchandise has reached the end of his summer. His season is over; yours has just begun. He's anxious to sell what is left of his made-up product at almost any reasonable sacrifice. We're watching your interest in this matter and as a result have made some purchases that will surprise you by their cheapness.

HERE THEY ARE:

Wash goods at 5, 8 1/2, 10 and 12 1/2 cents. Figured Mohair, black, 36 inches, at 25 cents. A bargain. Billows of handkerchiefs, you'd wonder how it could be done if we hadn't told you. There's no loss to us, but a
