WHERE WILL IT STOP?

Many of the members of the press, from the first movements in the direction of fusion, raised a protest against it and many even have threatened insubordination to the "arrangements." It is too late to stem the tide but it seems to us very much out of place and very unproductive of good for papers that have been swift to follow the popular breezes to continue going a little out of the way to reach with the fusion lash those who don't quite keep up in the fusion race.

We hope that the State is now sure for Bryan and we know if elected it is extremely desirable that a majority of both houses of Congress should be in harmony with him. If any Congressional district finds it necessary to fuse let it do so. As for the 7th, our Sam is plumed for the race and we are willing to risk him to beat all opposition. As for our county ticket it is in the race to swim or sink with no fusion in it. No proposition has been made to Chairman Young and none will be entertained. Whatever of fusion floatings have been in the air have come from some bad source and needs no serious attention. Let all line up in earnest to elect every nominee.

A man may dress as well as his own good judgment and the assistance of an artistic tailor may elect. He may take his "tube" but if his digestive organs are out of order, he will have an unwholesome appearance. His complexion and the white of his eyes will have a yellowish cast. His tongue will be coated, appetite poor, his teeth rusty, his breath abominable. He is one big, unmistakable sign of constipation. The quickest, surest, easiest way to cure this trouble is to take Dr. Pierce's Pleasant Pellets. They are made of refined, concentrated vegetable extracts. Nothing in the least harmful enters into their composition. They hunt down all impurities, and "make them move on." They are the product of many years' study and practice. Dr. Pierce cannot afford to put forth a worthless article.

Fifty-Four New Lawyers.

Fifty-four new lawyers were granted license to practice law by the Supreme Court of North Carolina on the 28th. The class is by all odds the largest that the Supreme Court has yet graduated. Sixty-one followers of Blackstone competed for license, but of the number seven failed to pass satisfactory examinations. — Charlotte News.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Fetzer's Drug store. Regular size 50c. and \$1.00.

How a Debt of \$2.50 Was Paid and No Money Passed.

As an illustration of how one piece of money can pay several debts we print the following: A B Galloway owed E D Harris fifty cents. Mr. Harris owed George Dalton the same amount. Dalton owed Will Harris fifty cents, Will Harris owed Fred Day fifty cents. Each man cancelled his debt, which amounted in all to \$2.50, without passing any money whatever. — E kin Times.

Squirrels Kill a Cow.

VANCEBURG, Ky., Sept. 27.—John S. Parks, of Triplet Creek, heard a piteous lowing of his fine Jersey cow in the field near his house this morning. He went out and found her literally covered with squirrels, which were biting and gashing her. She died an hour later from loss of blood. — New York World.

A LYNCHING PROBABLE.

Governor Carr Orders Out Militia to Protect Two Negro Fugitives.

RALEIGH, N. C., Sept. 28.—At the request of the sheriff of Vance county, Governor Carr to-day ordered out Company C, of the Third Regiment, to protect two negroes confined in the jail at Henderson, N. C.

Last Monday evening the two negroes brutally murdered a young white girl, the mother of a four-months old illegitimate child, because she spurned their advances. The woman's head was beaten to pieces with an axe and when found the little child, covered with its mother's blood, was tugging at the lifeless form. Lynching was openly talked of to-day, and it was reported that a lynching party was being organized in the county to take the two prisoners from jail.

Fifty Years Ago.

This is the cradle in which there grew That thought of a philanthropic brain; A remedy that would make life new For the multitudes that were racked with pain. 'Twas sarsaparilla, as made, you know By Ayer, some 50 years ago.

Ayer's Sarsaparilla

was in its infancy half a century ago. To-day it doth "bestride the narrow world like a colossus." What is the secret of its power? Its cures! The number of them! The wonder of them! Imitators have followed it from the beginning of its success. They are still behind it. Wearing the only medal granted to sarsaparilla in the World's Fair of 1893, it points proudly to its record. Others imitate the remedy; they can't imitate the record!
